

## **Laurent CLEMENT**

Managing Director & CEO

EDF-Middle East

Laurent Clément holds a Master's degree in Management Sciences and a DEA in Marketing and Strategy from Paris Dauphine University, he is specialized in environmental activities (Energy & Waste management) and Smart City development.

After 2 years of experience in business development in Morocco, he worked for 5 years on the development of recycling and waste to energy organization within Veolia.

From 2007 to 2014, he developed and managed VERDESIS, a subsidiary of EDF Renewables, in the fields of biogas energetical valorization and methanization plants, and built more than 20 biogas plants according to the integrated model, Finance, Build, Own and Operate.

In 2015, he joined CITELUM as Vice President Europe and member of Executive Committee, where he managed the existing subsidiaries and the development of new countries, he also drove the development of new Smart City offers around smart lighting, mobility, safety, communication and well-being in the city.

Since Sept 2018, he became MD & CEO EDF Middle East, based in Abu Dhabi, on behalf of EDF.
