

Magalie Lemaire

TotalEnergies – Exploration & Production - UAE

Magalie Lemaire has 15 years background in the Oil & Gas sector, with experiences ranging from Operations, Project Management, to Business Development.

She started her career with Total in 2005, when she held successive roles in Engineering and Operations Support based in Paris, Gabon and Congo.

In 2012, she was appointed Production Manager for Total's Operations in Qatar, where she then also held Project Management roles overseeing major field shut down, commissioning, and start-up of new facilities.

In 2016, she joined the Business Development team for Total's project in Uganda, where she was in charge of Corporate planning, and took part in the local negotiations with JV partners and the Government of Uganda to progress the common development of the project.

In 2019, she then joined Total Abu Al Bukhoosh (ABK), based in Abu Dhabi, as Vice President Transition and Concession Closeout. Alongside ADNOC and SPC, she oversaw the transfer of People, Assets, and Operations from Total ABK to ADNOC Offshore, as well as the Closeout of the ABK Concession and Entity.

In June 2021, she is appointed Senior Vice President Business, Gas & Planning for TotalEnergies UAE affiliate, based in Abu Dhabi.

Magalie holds a degree in Chemical Engineering from the Georgia Institute of Technology and a Master of Engineering from ENSTA Paris Tech.
