

PLEASE end the live animal export.

The horrendous suffering and deaths of sheep aboard ships needs to stop.

Ending the live export of sheep is long overdue. Tens of thousands of sheep have already died aboard ships, and many more will be subjected to suffering, abuse, pain, and potentially horrendous deaths the longer this trade is permitted to continue. The government made a commitment, supported by the majority of Australians, to end the live export of sheep – which it must now fulfill.

New Zealand's landmark ban proves that ending this trade without delay is possible, and past investigations and reviews indicate that a swift shutdown is necessary to prevent the prolonged suffering of animals.

And PLEASE, cattle should also be included in the plans to end live exports.

PLEASE end the live animal export.

Sincerely,
