Dear Hon Anthony Albanese and the Hon Murray Watt

**LIVE ANIMAL EXPORT – END ALL OF IT IN IT’S UGLY ENTIRETY - PROGLONGED
INTENSE DEEPLY SHAMEFUL SUFFERING AND ULTIMATELY BLOODSHED, BY
“HUMANS” WHO ARE BASICALLY – SADISTS**

All I know is the obvious – Live Animal “unnatural” export of any type of any poor, wretched, innocent animal is HORRENDOUS.

As of course is the “lessor” option of “domestic” killing floors in slaughter houses of animals brought into this world to be tortured and murdered ... babies – lambs, calves, goats. Pigs, chickens etc.

At long long last – be a progressive, civil, caretaker government – make BIG LASTING HUMANE CHANGES NOW.

Governments have a moral duty to do so, as do each and everyone of us as “normal” human beings protecting and nurturing our fellow sentient beings.

Consequently I am a vegetarian and have rescued a greyhound.

Just do it – You know the facts of this abominable \$\$\$“trade”.

Thank you

Yours Most Sincerely
