

psssst , please lend me your ear, over here

,  
any humans with sufficient intelligence to do up their own shoelaces – fitted to shoes made of cowskin... – can probably read and see there is no \$ in the word SENTIENT.

Perhaps it looks like there is, for speed-readers – like politicians – as "time is money", ja ?.

Anyone with an IQ in excess of this basic level must realise there is no convincing excuse to continue this horrendous trade in & treatment of living animals.

Put an end to this & i promise i won't make a point of telling ANYone, by shouting from the rooftops, that delay – or worse, refusal – to do this with a high degree of urgency can only be "explained" by the [ lack of ] actions of ALPs – Apprentice Liberal Politicians . . .

How utterly disappointing ! ( that would / will be – 'sup to youz ).

Start this trend for the sentient ! – today, no delay !.

Just like the indigenous people of this amazing place called Strayah deserve a Voice, so do ALL animals, anywhere & ev'rywhere.

No ifs, no buts, no male-bovine-disgestive-tract-endproduct.....

Thanx an overwhelming amount, Gerrit
