

Phase out of live exports by sea feedback.

I voted Labour last election to see this ban finally come to fruition.

After witnessing footage of sheep literally cooking alive and drowning in their own faeces en route to the Middle East in August 2017, or the terrified Australian steers in Indonesia during Eid al-Adha in August 2019, being roped and held down, having their throats cut in a sawing motion without stunning.

I am ashamed that Australia believes this is acceptable.

I successfully made my family of staunch liberal voters to vote labour based on the Live Export Ban promise made by Mr Albanese.

Australians want certainty that this trade will end. That the phase-out be legislated and commences in this term of parliament. And that it begins and ends as soon as possible.

Kind regards,

Michael Taylor
