

Live export is brutal and barbaric.

I am haunted by the images of sheep being cooked alive:

<https://www.independent.co.uk/news/world/australasia/sheep-middle-east-live-exports-australia-ship-conditions-animal-rights-ban-trade-a8296511.html>

Also, animals and crew have capsized and drowned: <https://animalsaustralia.org/latest-news/two-live-export-ships-past-year-capsized-sea-destroying-animal-human-lives/>

Finally, animals are brutally slaughtered in the countries they are sent to!

PLEASE END IT NOW!

THANK YOU!
