

Dear Sir/Madam,

I am sure you, and most other normal people, would rightly view the terror and suffering involved in the live export and slaughter of millions of innocent beings for meat as inhumane and wrong. That is, if the truth were not sanitised and hidden by the industry.

We all want Australia to be an ethical and compassionate leader that stands on the right side of history. Please use your profile to help generate the inevitable change that needs to happen. Please help lead this triple win for people, animals and our world, by helping end live animal export ASAP.

Appreciate your time and support,
Stuart Perera
