^1 Name

This instrument is the *Primary Industries Levies and Charges Disbursement Rules 2024*.

^2 Commencement

- (1) Each provision of this instrument specified in column 1 of the table commences, or is taken to have commenced, in accordance with column 2 of the table. Any other statement in column 2 has effect according to its terms.

Commencement information		
Column 1	Column 2	Column 3
Provisions	Commencement	Date/Details
1. The whole of this instrument	1 January 2025.	1 January 2025

Note: This table relates only to the provisions of this instrument as originally made. It will not be amended to deal with any later amendments of this instrument.

- (2) Any information in column 3 of the table is not part of this instrument. Information may be inserted in this column, or information in it may be edited, in any published version of this instrument.

^3 Authority

This instrument is made under the *Primary Industries Levies and Charges Disbursement Act 2024*.

^4 Simplified outline of this instrument

Disbursement

This instrument complements the *Primary Industries Levies and Charges Disbursement Act 2024* by:

(a)

prescribing all the marketing components, research and development components, general components, biosecurity activity components and biosecurity response components of all the rates of levies and charges in respect of which amounts are disbursed under the Act to each recipient body, Animal Health Australia and Plant Health Australia; and

(b)

prescribing all the National Residue Survey components of all the rates of levies and charges in respect of which amounts are credited to the National Residue Survey Special Account.

Section ^22

^22 Disbursement of amounts—white spot disease repayment levy and white spot disease repayment export charge

- (1) For the purposes of subsection 36(2) of the Act, the prescribed provisions are the following:

- (a) subclause ^FP1(2) of Schedule 1 to the Levies Regulations (white spot disease repayment levy);
- (b) subclause ^FP1(2) of Schedule 1 to the Charges Regulations (white spot disease repayment export charge).

Note: Amounts equal to white spot disease repayment levy or white spot disease repayment export charge received by or on behalf of the Commonwealth:

- (a) are initially retained by the Commonwealth to repay the government-underwritten assistance package provided to prawn farmers affected by white spot disease in the Logan River area of Queensland; and
- (b) after the farmed prawn industry's liability to the Commonwealth is repaid, are to be paid to the Fisheries Research and Development Corporation under the Act.

- (2) For the purposes of subsection 36(2) of the Act, the prescribed amounts in relation to the levy covered by that subsection are the following amounts:

- (a) the amount of the final repayment year surplus that is attributable to that levy (as worked out under subsection (4) of this section);
- (b) any amounts of that levy that are due for payment before the end of the final repayment year but are not received by the Commonwealth before the end of that year;
- (c) any amounts of that levy that are due for payment after the end of the final repayment year.

- (3) For the purposes of subsection 36(2) of the Act, the prescribed amounts in relation to the charge covered by that subsection are the following amounts:

- (a) the amount of the final repayment year surplus that is attributable to that charge (as worked out under subsection (4) of this section);
- (b) any amounts of that charge that are due for payment before the end of the final repayment year but are not received by the Commonwealth before the end of that year;
- (c) any amounts of that charge that are due for payment after the end of the final repayment year.

- (4) The amount of the final repayment year surplus that is attributable to a levy or charge covered by subsection 36(2) of the Act is worked out using this formula:

$$\frac{\text{Relevant repayment amount for the final repayment year}}{\text{Total repayment amount for the final repayment year}} \times \text{Final repayment year surplus}$$

where:

relevant repayment amount for the final repayment year means the amount worked out by:

- (a) calculating the total amount of that levy or charge received by the Commonwealth during the final repayment year; and

- (b) adding any amounts of penalty received by the Commonwealth during the final repayment year for non-payment of that levy or charge; and
- (c) subtracting any overpaid amounts of that levy or charge, and any overpaid amounts of penalty for non-payment of that levy or charge, that were refunded by the Commonwealth during the final repayment year (whether or not those overpaid amounts were received by the Commonwealth during the final repayment year).

Outstanding industry debt

- (5) The **outstanding industry debt** at the end of a financial year commencing on or after 1 July 2025 (the **repayment year**) is:
 - (a) if the total repayment amount for the repayment year is less than the outstanding industry debt at the end of the immediately preceding financial year—the amount worked out by calculating the difference between that outstanding industry debt and the total repayment amount for the repayment year and multiplying that difference by the indexation factor for the repayment year; or
 - (b) otherwise—nil.
- (6) The **outstanding industry debt** at the end of the financial year commencing on 1 July 2024 is the amount worked out in accordance with regulation 4BA of the former *Fisheries Research and Development Corporation Regulations 1991*.
- (7) The **indexation factor** for a financial year is the number worked out by dividing the index number for the financial year by the index number for the immediately preceding financial year.
- (8) The **index number** for a financial year means the All Groups Consumer Price Index number (being the weighted average of 8 capital cities) published by the Australian Statistician for that year.
- (9) An indexation factor worked out under subsection (7) is to be calculated to 3 decimal places (rounding up if the fourth decimal place is 5 or more).
- (10) In working out an indexation factor under subsection (7):
 - (a) use only index numbers published in terms of the most recently published index reference period for the Consumer Price Index; and
 - (b) disregard index numbers that are published in substitution for previously published index numbers (except where the substituted numbers are published to take account of changes in the index reference period).
- (11) For the purposes of subsection (5), the outstanding industry debt at the end of a financial year is to be rounded to the nearest whole cent (rounding 0.5 cents upwards).

Definitions

- (12) In this instrument:

EXPOSURE DRAFT

Part 2 Disbursement and spending provisions for recipient bodies

Division 5 Fisheries Research and Development Corporation

Section ^23

final repayment year means the first financial year ending after the commencement of this section when the outstanding industry debt at the end of the year is nil.

final repayment year surplus means the amount that is the difference between:

- (a) the total repayment amount for the final repayment year; and
- (b) the outstanding industry debt at the end of the financial year immediately preceding the final repayment year.

repayment charge means the following:

- (a) charge imposed by subclause ^FP1(2) of Schedule 1 to the *Primary Industries (Customs) Charges Regulations 2024*;
- (b) charge imposed by Division 2.3 of Part 2 of Schedule 14 to the former *Primary Industries (Customs) Charges Regulations 2000*.

repayment levy means the following:

- (a) levy imposed by subclause ^FP1(2) of Schedule 1 to the *Primary Industries (Excise) Levies Regulations 2024*;
- (b) levy imposed by Division 3.3 of Part 3 of Schedule 27 to the former *Primary Industries (Excise) Levies Regulations 1999*.

total repayment amount for a financial year means the amount worked out by:

- (a) calculating the total amount of all repayment levies and all repayment charges received by the Commonwealth during the financial year; and
- (b) adding any amounts of penalty received by the Commonwealth during the financial year for non-payment of repayment levy or repayment charge; and
- (c) subtracting any overpaid amounts of repayment levy or repayment charge, and any overpaid amounts of penalty for non-payment of repayment levy or repayment charge, that were refunded by the Commonwealth during the financial year (whether or not those overpaid amounts were received by the Commonwealth during the financial year).

^23 Spending of amounts paid under subsection 36(2) of the Act

For the purposes of paragraph 36(4)(c) of the Act, expenditure by the Fisheries Research and Development Corporation of the amounts paid under subsection 36(2) of the Act is to be for the benefit of the farmed prawn industry.
