Q8. Q9. Please provide further details, based on the grounds of objection for each GI. (If submission based on existing trade mark please provide trade mark number. If submission based on unregistered trade mark please provide evidence of use on Australia).	<p>Since the early 1990's prosecco has been successfully grown in Australia, particularly in Northeast in the King Valley. Since Otto Dal Zotto planted the first prosecco vines in the King Valley, five other local winemakers have begun producing the sparkling Italian white. Together they have created a national favourite wine and a sensational food and wine trail. As a Viticulturist, based in Victoria's Northeast, my livelihood is dependant on the viability of grape growing in the region. 42% of regional tonnage in King valley is the prosecco grape. It is critical this market is not damaged by new GI restrictions.</p>
