Q8. Grounds of objectionA submission against one or more of the wine GIs must be based on at least one of the four grounds of objection.

The EU GI name is used in Australia as the name of a grape variety, plant variety, or an animal breed.

Q9. Please provide further details, based on the grounds of objection for each GI. (If submission based on existing trade mark please provide trade mark number. If submission based on unregistered trade mark please provide evidence of use on Australia).

There are millions of dollars being invested in production, employment and marketing by regional Australian wine producers and grape growers in the Prosecco variety. We are extremely concerned that protection of a grape variety (like Prosecco) as a GI would establish a precedent which creates risk and uncertainty for those investing in other grape varieties, leaving the Australian grape and wine sector vulnerable to future attempts to ban the use of common grape variety names.
