**Subject:** Submission to the Community Engagement Review

Thank you for giving me the opportunity to make a submission to the Australian Government's Community Engagement Inquiry.

The science is in, and the effects are already taking their toll. We must act urgently! And we must do this right. There are many grass root organisations and individuals doing everything in their power, and governments and the private sector must also do their part for us to succeed.

Delaying or inaction will have disastrous consequences. Please act now! There is no plant B.
