Subject: Submission to the Community Engagement Review

I write as the scientist that made a world-first discovery in the field of atmospheric and subterrestrial physics - a discovery which hammers the last nail into the coffin of what Prof Hal Lewis called the "greatest and most successful scientific fraud" that he had seen in his long life as a physicist. I echo that. I have filed an official complaint to the NACC regarding the CSIRO and I am arranging a major multi-billion dollar class action against them. They have no valid physics supporting their claim that methane and carbon dioxide warm us. My websites, videos and seven scientific papers have been visited by over 150,000 people without anyone proving my physics wrong. Start by watching my 15 minute video linked at <https://aus01.safelinks.protection.outlook.com/?url=http%3A%2F%2Fclimate-change-theory.com%2F&data=05%7C01%7Ccereview%40dcceew.gov.au%7C2906697cad34409b405608dbbf9d23bb%7C2be67eb7400c4b3fa5a11258c0da0696%7C0%7C0%7C638314453860404149%7CUnknown%7CTWFPbGZsb3d8eyJWljojMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ik1haWwiLCJXVCi6Mn0%3D%7C3000%7C%7C%7C&sdata=zfAWkAT4VL6bDl4usPMPdHhMcjW3M9Z1SoCE5kWv4cY%3D&reserved=0> and stop participating in spreading the biggest scam in history!

Yours sincerely,
