

## Request not to publish submission – commercial interests

Under section 123D of the *Carbon Credits (Carbon Farming Initiative) Act 2011* (CFI Act), the Emissions Reduction Assurance Committee (ERAC) is required to publish all submissions received regarding a new or varied methodology on the department's website. Published submissions will be accessible online and by overseas recipients.

If you believe that publication of your submission could prejudice your commercial interests, you can request that your submission not be published by filling out the form below.

### Who should complete this form?

This form is for stakeholders wishing to make 'confidential' submissions, on the basis that publication of the submission could reasonably be expected to substantially prejudice commercial interests.

If you request that your submission be kept private and confidential and the ERAC agrees with your request, your submission will not be displayed publicly on the website or otherwise disclosed outside the department, unless it is required or authorised by law (for example, in accordance with the Freedom of Information (FOI) Act).

### Instructions for completing this form

Please read each part of the form carefully, fully answer all the questions, and sign where indicated. The following must be completed and submitted:

Section 1: Contact details

Section 2: Commercial in confidence details
