Email 1:

My interest in this great and to late for my I'll health and livelihood destroyed , due to my workplace injury which as to overexposure of chemical and nil air limit monitoring...no point having limits if workplace doesn't follow and comply and if it's not manned by outside body ...
Hope this will help for future employers and chemical providers ..
Regards
[redacted]

Email 2:

Thank you for your response I would like to know if new ceiling limits of chemicals such as glutaraldeyde 23%
Kind regards ...
