Q4. This submission is written on behalf of an:

Individual

Q8. Publication of submission (select one)

Publish my submission online anonymously

Q9. Would you like to complete the submission online or upload a document?

I would like to complete an online submission

Q10. Do you have a clear understanding of the definitions of a competent person for asbestos-related tasks? How could any misunderstandings be addressed or clarified?

I feel the "training" needs to be identified to a particular training package or course, also an "appropriate" experience time should be stated

Q11. Do you see a benefit in aligning the training, qualification and experience requirements of competent persons, licensed asbestos assessors and asbestos removal supervisors for asbestos-related tasks? If so, what do you think the training, qualification and experience requirements should be? Please provide information and reasons to support your response.

Yes there would be a benefit in aligning Qualifications possible the same way as workers and supervisors are in the removal space, Possible benefit to have Class A and Class B Competency requirements for the Identification and clearances of asbestos.

Q12. Are there any other issues regarding the definition and requirements of competent persons for asbestos-related tasks that should be considered? Please provide information and reasons to support your response.

There should be an Assessment Of Competency at least from the PCBU but i think the Regulators should issue a Competency in this industry

Q13. Is there any other additional feedback you would like to provide?

not answered
