Q4. This submission is written on behalf of an: Individual

Q8. Publication of submission (select one) Publish my submission online anonymously

Q9. Would you like to complete the submission online or upload a document? I would like to complete an online submission

Q10. Do you have a clear understanding of the definitions of a competent person for asbestos-related tasks? How could any misunderstandings be addressed or clarified?

Yes, however the category in relation to identification, air monitoring etc. is too broad. I feel this category should specify that the person has completed an asbestos identification course.

Q11. Do you see a benefit in aligning the training, qualification and experience requirements of competent persons, licensed asbestos assessors and asbestos removal supervisors for asbestos-related tasks? If so, what do you think the training, qualification and experience requirements should be? Please provide information and reasons to support your response.

Not necessarily, as the requirements for a Licensed Asbestos Assessor are much greater due to their engagement in Class A work. In either case, I do feel that the training and experience requirements should be clearer.

Q12. Are there any other issues regarding the definition and requirements of competent persons for asbestos-related tasks that should be considered? Please provide information and reasons to support your response.

I believe that there should be a requirement that people engaged in inspecting and assessing should have experience in removal.

Q13. Is there any other additional feedback you would like to provide?

not answered

Q14. Please upload your submission document or any supporting information to your submission here (optional)

not answered

Q15. Terms and conditions

I have read and understand the Engage terms and conditions (<https://engage.swa.gov.au/terms>) for making this submission.
