

# IMAGINE GETTING 85% OF THE FUEL BACK EVERY TIME YOU FILL UP YOUR CAR

Optimise your drying process with the  
Exergy pressurised superheated steam dryer (ExergyPSSD®)

## SUSTAINABLE

- Water & energy recovery as pressurised steam
- Zero atmospheric emissions & odor-free
- Reduced CO<sup>2</sup> footprint

## LOW MAINTENANCE

- Few rotating parts & minimal maintenance
- Engineered for 24/7 seamless operation
- No risk of fire or explosion

## FLEXIBLE DESIGN

- Flexible design & compact footprint
- Suited for various capacities
- Tailored to your requirements

## SUPERIOR DRYING RESULTS ACROSS A WIDE RANGE OF RAW MATERIALS

Tailored to meet the high standards  
of premium production.

- Ensure 100% sterilisation
- Increase bulk and absorption
- Eliminate oxidation or discoloration
- Achieve precise and uniform drying
- Cut transport costs and extend shelf life
