ROUTE CATALOGUE

Encourage your participants to let their imaginations run wild and create a work of their choice. They can write a word, draw a picture or even a landscape.

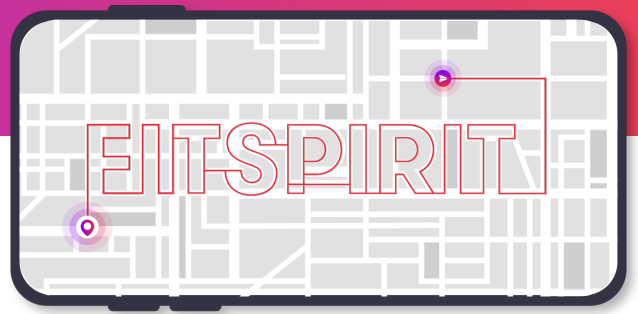

The possibilities are infinite! You can also write a sentence or create a collective work. Invite each team to plot out a section and put it all together at the end!

If you're looking for inspiration, you'll find some ideas for routes in this catalogue, based on **three categories**:

- **Routes made of words**
