SCIENCE

20E(A)

Part - II : Biological Science

(English Version)

PARTS A & B

Time : 1 Hour 30 Mins.] Roll Number : _

[Maximum Marks : 40

Instructions :

1. Read the question paper carefully and understand.
2. Answer the questions under **Part-A** in the answer sheet provided.
3. **Part-A** contains three Sections : Section-I, II and III.
4. **Part-B** answers should be written in the given brackets and attach it to the **Part-A** answer sheet.
5. Write the answers by following the instructions given in each section.

PART - A

Time : 1 Hour 15 Mins.]

[Marks : 30

SECTION - I

3 × 2 = 6

Instructions :

- (i) This section contains 3 very short answer questions.
- (ii) Answer all the questions.
- (iii) Write the answers in 3-4 sentences.
- (iv) Each question carries 2 marks.

1. Write two chemicals required to conduct an experiment to prove that 'Carbon dioxide is necessary for photosynthesis'.
2. Write two suggestions that you would give to a person whose both the kidneys stop working completely.
3. What will happen if pollutants enter into the lake ecosystem ?

SECTION – II**3 × 4 = 12****Instructions :**

- (i) This section contains 3 short answer questions.
- (ii) Answer all the questions.
- (iii) Write answers in 5 to 6 sentences.
- (iv) Each question carries 4 marks.

- 4. Explain the steps of light dependent reaction in the mechanism of photosynthesis.
- 5. Write any four non-renewable resources you have observed in your surroundings and write their uses.
- 6. Observe the following picture and answer the following questions.

- (i) What type of cell division does it represent ?
- (ii) What is the difference in the number of chromosomes of a parent cell when compared to daughter cells ?
- (iii) In which cells of the body does the above cell division take place ?
- (iv) How many daughter cells are formed in the above cell division from a single parent cell ?

SECTION – III**2 × 6 = 12****Instructions :**

- (i) This section contains **3 Essay type questions**.
- (ii) Answer any **two** questions.
- (iii) Write the answers in **8 to 10 sentences**.
- (iv) Each question carries **6 marks**.

7. Explain the parts of human brain and their functions.
