Flair Air assumes no responsibility for the acts or omissions of such other carrier and Flair Air shall have no liability whatsoever for any operations or travel services which are not operated or provided by Flair, including, and without limiting the foregoing, where Flair Air is acting solely as agent for another travel service provider with respect to any other travel booking, including travel aboard another air carrier, and such operations or travel services are subject only to the applicable terms and conditions imposed by such other travel service provider.

3. No increase in fares or charges applicable to the carriage of Passengers will be collected in the event that an increase in fares or charges occurs between the time of ticket issuance and the effective date of any subsequent tariff containing such an increase provided the confirmed ticketed reservations are not changed and the ticket is not reissued at the Passenger's request.
4. When World Ticket Solutions (W1) and FlexFlight ApS (W2) is acting as the marketing and validating entities for tickets sold on behalf Flair Air for flights operated by Flair (F8) and a passenger purchases transportation on Flair Air and is issued a W1/W2 ticket, there will be a booking fee of \$30 built into the price of the passenger's ticket. Any fares sold to a passenger who is issued a W1/W2 ticket entitle the passenger to a single carryon bag and one checked bag.

(E) Passenger Recourse

Any compensation offered to Passengers is offered pursuant to this Tariff and is, subject to applicable government regulations, in consideration and settlement of any claims a Passenger may have against the Carrier, whatsoever. In the case of dispute with the Carrier, Passengers should, as the first recourse, try to resolve any problem by dealing directly with the Carrier. If the Passenger has attempted to resolve a complaint with the Carrier and is still not satisfied, the Passenger hereby agrees to the exclusive jurisdiction of the Canadian Transportation Agency with regards to any disputes arising from or under this Tariff or a Contract of Carriage, except to the extent such dispute relates solely to bodily injury or death in which case the appropriate court shall have jurisdiction over such matter.

1. The Carrier reserves the right to cancel reservations and/or tickets issued with a quoted fare in error.
2. The Carrier reserves the right to void the purchased ticket and refund the amount paid by the Passenger or, if the Passenger agrees to forego the refund, offer the Passenger the ticket at a published fare that should have been available at time of booking.
3. The Carrier will attempt to notify the Passenger using the contact information provided at the time of booking:
 - (i) Within 72 hours after the Carrier becomes aware of the fare in error, that all or any portion of their ticketed itinerary has been cancelled; or
 - (ii) At least 24 hours prior to the Passenger's scheduled departure from the point of origin issued on the ticket, that all or any portion of their ticketed itinerary has been cancelled, if the ticket was purchased less than 72 hours before their scheduled departure from the point of origin.

Failure of the Passenger to either acknowledge the contact and/or engage the Carrier with respect to their position prior to the scheduled departure of the first flight of their itinerary shall be deemed acceptance by the Passenger that their ticket shall be voided and the purchase value refunded.

(G) Accepted Methods of Payment

All rates and charges in this Tariff are in Canadian Dollars. Purchases made on board the Carrier's aircraft may not be paid for with cash. Payment may be made using credit cards (VISA®, Mastercard® or American Express®), debit cards (VISA® Debit or Mastercard® Debit) (where available) or Vouchers. Only credit card payments are accepted on the Carrier's website and by the Call Centre. Credit card and bank fees may be charged in some countries in connection with the purchases made on the Carrier's website. Additional bank fees or credit card fees charged by the Customer's credit card provider or bank in connection with a purchase will be borne solely by the Customer. Flair Air charges the exact amount of the price shown at the moment of purchase without applying any transaction or service fees. Customers are advised to contact card issuer in order to obtain the nature and the amount of any eventual additional fees before finalizing their purchase. By finalizing their purchase, the Customer confirms that they have been advised of this. The Carrier shall not be responsible for any additional fees applied by Customer's card issuer. To avoid fraudulent purchases, (e.g. due to a lost card or the provision of false information), the Carrier reserves the right to request additional information from the Customer and/or the cardholder at any time after a purchase has been made - including at check-in - so that it may verify the information provided when the purchase was made. Carrier also reserves the right to require another form of payment should a Customer not be able to accurately provide such additional information.

Furthermore, Carrier reserves the right to cancel a Flight Coupon in case of suspected fraud, theft or dishonesty. By booking through the Carrier's website, or purchasing a ticket through a travel agency where World Ticket Solutions (W1) and FlexFlight ApS (W2) is acting as the marketing and

validating entities for tickets sold on behalf Flair for flights operated by Flair (F8)W1/W2, the Customer acknowledges and consents that the Carrier may, without their signature, draw payment from their credit or debit card to complete the transaction.

(H) Incorporation by Reference

The obligations of the Carrier under the APPR form part of this Tariff and supersede any incompatible or inconsistent term and condition of carriage set out in this Tariff to the extent of such inconsistency or incompatibility, but do not relieve the Carrier from applying terms and conditions of carriage that are more favourable to the Passenger than the obligations set out in the APPR.

Should a flight be diverted to an alternate airport, Flair Air will proceed to the original intended destination once the situation has been resolved and the flight has been authorized to proceed. In some cases, alternates outside of Canada are selected. In these instances, the laws of these countries may supersede those in Canada. Flair Air accepts no liability for Passengers who may be detained with the exception of a refund of the unused portion of the ticket.

RULE 4: PROTECTION OF PERSONAL INFORMATION

(A) Accountability

The Carrier uses contractual means to ensure that the Passenger's personal information is afforded protection whenever a third party is used to perform services on the Carrier's behalf, including, without limitation, services relating to information technology, data processing and storage, research, marketing, conducting surveys and customer relations. In some cases, these third parties may be located outside Canada and may be required to disclose information to government authorities in those countries.

(B) Identifying Purpose of Collection

When a Passenger purchases an airline ticket or makes a flight booking, or when a third party does so on the Passenger's behalf, the Carrier will require that certain personal information related to the Passenger be provided to complete the transaction. This may include, at the Carrier's sole and absolute discretion, the Passenger's name, gender, address, email address, telephone number, and information related to the Passenger's form of payment. When the Carrier is requested to provide additional services, for example, the provision of special meals, oxygen or stretcher services, or the accommodation for Passengers with disabilities, etc., the Carrier or their agent may collect additional personal information not otherwise required.

Personal information collected from Passengers may also be used for marketing and related purposes.

(E) Consent

The Carrier will collect, use and disclose personal information about the Passenger with the Passenger's knowledge and consent, unless otherwise required or allowed by law. Generally, the Carrier will collect personal information from the Passenger, and use it and disclose it with consent received from the Passenger or from someone on the Passenger's behalf.

There may be certain circumstances where personal information can be collected, used, or disclosed without the knowledge and consent of the Passenger. For example, legal, medical, or security reasons may make it impossible or impractical to seek consent. Unless and until the Carrier is advised otherwise, the Carrier considers that such a third party has the Passenger's consent and authorization to provide the Carrier with the Passenger's personal information and make bookings (and changes thereto) on the Passenger's behalf in accordance with the Carrier's privacy policy set out in this Tariff. Please note that the collection, use and disclosure of the Passenger's personal information by a third party is subject to the Passenger's dealings with the third party and any applicable privacy policies and practices the third party may have.

If a third party who has booked the Passenger's current flight or other travel service or who otherwise has the Passenger's full name and booking reference, contacts the Carrier and seeks information on the Passenger's booking or wishes to make changes to it, the Carrier will disclose the Passenger's booking information. The Carrier may, in its sole and absolute discretion, allow such third party to make changes to the Passenger's booking, to the extent any such changes are allowed under the Contract of Carriage, and the Carrier is acting reasonably where it concludes that the Passenger has given the third party their consent to do so. If the Passenger does not want a third party to be able to obtain information on or make changes to the Passenger's booking, the Passenger should not share the Passenger's booking reference with any third party.

(G) Limiting Collection

Passengers who do not wish to be contacted about special offers or for marketing, research, and survey purposes or any other reason not directly linked to the provision of purchased services on a specific flight, should advise the Carrier of their preference at the time of booking.

(H) Disclosure To Authorities

The Passenger accepts that the Carrier may be required from time to time pursuant to applicable laws to give Canadian, U.S. or international government authorities access to Passenger data. 1. Items which are forbidden to be carried by the applicable laws, regulations, or orders of any country to be flown from, to, or over.
2. Items containing substances which the possession or use thereof is prohibited or restricted under applicable laws, regulations, or orders of any country to be flown from, to, or over.
3. Items which are likely to endanger the aircraft or persons or property on board the aircraft. These unacceptable items are specified in the International Civil Aviation

Organization (ICAO) Technical Instructions for the Safe Transport of Dangerous Goods by Air and the International Air Transport Association (IATA) Dangerous Goods Regulations.

4. Items, which in the Carrier's sole and absolute opinion are unsuitable for carriage because of their weight, size or character, for example, fragile or perishable items.
5. Live animals.
6. Firearms, subject to the terms and conditions specified in [Rule 14\(J\)](#).
7. Weapons such as antique firearms, swords, knives and other similar items may be accepted as checked baggage at the Carrier's discretion, provided they are suitably packed.
8. The Passenger shall not include in the checked baggage fragile or perishable items including, but not limited to delicate musical instruments; photographic or cinematographic equipment; smart phones, tablets or laptop computers; televisions or monitors (unless in their original packaging); money; jewellery; pottery; precious metals; glassware or items made of glass; silverware; negotiable papers; securities or other valuables; business documents; samples; all forms of keys including vehicle, house or storage; passports and other identification documents; glass bottles; critical medications.
9. Sporting equipment not packed in a suitable rigid or hard-shell container, including but not limited to archery equipment, golfing equipment, ski and snowboard equipment and hockey equipment.

(D) Right to Refuse Carriage of Baggage

1. The Carrier will refuse to carry as checked baggage any bag that Carrier has discovered to contain any unacceptable item mentioned in [Rule 14\(C\)](#) above, and when the Passenger fails to provide the Carrier or its agent with prior notice that they wish to carry such an item in their baggage.
2. The Carrier or its agent will, at their sole discretion, refuse to carry any baggage because of its size, shape, weight or character.
3. The Carrier will refuse to carry checked baggage if it determines that the baggage has not been properly and securely packed in suitable suitcases or containers.
4. The Carrier will refuse baggage which does not comply with the applicable screening guidelines, including those guidelines enforced by the Canadian Air Transport Security Authority pertaining to the identification of drugs and narcotics carried in baggage.
5. The Carrier reserves the right to refuse excess baggage for operational reasons.
6. Where the Carrier accepts Baggage, which contains items or baggage which are unacceptable for carriage, such acceptance by Carrier shall not be deemed to be a consent or waiver to the Passenger submitting such items or baggage which are unacceptable for carriage.

NOTE: This provision does not apply to aids for persons with disabilities - see [Rule 17\(F\)](#) below.

(E) Right of Search

The Carrier or its agent may request the Passenger to permit a search to be conducted of their person and baggage. The Carrier or its agent may search baggage in the Passenger's absence. The purpose of any search is to ensure aircraft and Passenger safety and security, and to determine whether the Passenger is in possession of, or if the baggage contains items mentioned in [Rule 14.\(C\)](#) above or any arms or ammunition which have not been presented to the Carrier or its agent. If the Passenger refuses to comply with the request for search, the Carrier or its agent may refuse to carry the Passenger and/or their baggage.

(F) Perishable Items

The Carrier or its agent will not accept perishable items as part of the Passengers checked baggage allowance, and Passengers shall not check or attempt to check as baggage such perishable items. The Carrier will not be liable for any spoilage; this includes any spoilage which results from delays that might occur or have occurred during the Passenger's travels with the Carrier.

(G) Wheelchairs and Other Assistive Devices

The Carrier will permit Passengers to check in 1 manual or electric (battery powered) wheelchair or assistive device, free of charge, as checked baggage, regardless of the fare type purchased. Examples of assistive devices are:

2. a manually operated folding wheelchair;
3. a walker, a cane, crutches or braces;
4. any device that assists the person to communicate better; and

Due to the size and configuration of batteries on motorized wheelchairs, the Carrier may not be able to accommodate all devices. The Passenger should call the Carrier's customer service representatives at 1 780 809 1784 for more information.

In the case of electrical devices, the batteries must meet the requirements set out in the applicable Dangerous Goods Regulations.

(H) Support Items for Children

1. stroller or pusher;
2. porta cot and bedding;
3. infant child restraint device (car seats); and
4. portable highchairs.

Each of the above items must be packaged appropriately for transport and the Carrier will not provide packaging materials to the Passenger. If the Passenger fails to appropriately package such items, the Carrier may deny the items. Infant child restraint devices (car seats) may be accepted as checked baggage at the counter, or gate checked. Should pre-existing damage be identified, a limited liability release tag will be required to be accepted and signed by the Passenger prior to the Carrier accepting the device for carriage. Child restraint devices tendered at check-in must be sent through the oversize bag check at all airports.

(I) Sporting Equipment

The Carrier will accept sporting equipment if it is packed appropriately (to avoid damage) and it meets the checked baggage/overweight/oversize baggage size and weight restrictions. Items over 23 kg (50 lbs) or the dimensional limitations will be subjected to the overweight/oversize baggage fees. In exception to the following items: Bicycle and Golf Clubs which will have a maximum weight of 30 kg (66 lbs). Overweight fee will apply above 30 kg (66 lbs). Arrangements must be made with the Carrier, before such items can be transported by the Carrier, a minimum of 24 hours prior to scheduled departure. Applicable fees will be applied per [Appendix A - Baggage](#).

(J) Firearms

Firearms and ammunition for hunting and sporting purposes may be accepted as checked baggage in accordance with the International Civil Aviation Organization (ICAO) Technical Instructions for the Safe Transport of Dangerous Goods by Air and the International Air Transport Association (IATA) Dangerous Goods Regulations. Firearms shall be declared and failure to declare a firearm is deemed to be a breach of the Contract of Carriage. Firearms and ammunition, other than for hunting and sporting purposes, are prohibited from carriage as baggage. Arrangements with the Carrier must be made before such items can be transported by the Carrier a minimum of 48 hours prior to scheduled departure.

The Carrier will accept only the following types of firearms:

- shotguns;
- BB guns;
- pellet guns;
- starter pistols;
- unrestricted rifles;
- air pistols;
- paintball guns (**NOTE:** carbon dioxide cartridges/tanks for paintball guns will only be accepted if empty, with the valve secured in the open position).

Tasers and stun guns are prohibited for transport.

The Carrier will accept firearms for travel if the items are packed in accordance with the following requirements:

1. Each firearm is carried and packaged in a locked, heavy-duty container or hard-sided (opaque) gun case.
2. Each firearm carried is accompanied by the appropriate firearm certificate and signed
declaration.

3. Each firearm is unloaded.

5. The carriage of ammunition is permitted in limited quantities subject to the ICAO and IATA Transportation of Dangerous Goods Regulations.
 - a) Only shells and cartridges are accepted only in checked baggage. Gunpowder and gunpowder pellets are strictly prohibited. Ammunition with explosive or incendiary projectiles will not be accepted.
 - b) The amount of ammunition permitted is limited to 5 kg (11 lb.) per Passenger. Allowances for more than one Passenger cannot be combined with those of other Passengers in single or multiple packages.

(K) Fishing Equipment

Includes one fishing rod and one tackle box. Fishing rods must be encased in a hard-shell cylinder fishing rod container. Applicable fees will be applied per [Appendix A - Baggage](#).

(L) Musical Instruments

Small instruments may be brought on as carry-on baggage provided that they meet the size and weight requirements, and subject to applicable fees. For the avoidance of doubt, musical instruments shall be properly packed, including placement of the instrument inside a hard-sided case suitable for that instrument. Instruments may also be accepted as checked baggage when they are properly packed, and applicable fees will be applied per [Appendix A - Baggage](#). The limitations of liability stated in this Tariff, including those stated in [Rule 25\(D\)](#), continue to apply to all musical instruments.

Musical instruments may only be carried in the cabin provided that they do not exceed the size and weight requirements for carry-on baggage. The purchase of an additional seat or seats is not permitted for musical instruments for safety reasons. Musical instruments may be accepted as Checked Baggage pursuant to the terms and restrictions contained in this Tariff.

Should a flight be accomplished using an aircraft differing from the original aircraft scheduled (substitution), the Carrier may deny carriage of musical instruments should the replacement aircraft be unable to accommodate certain instruments, or the policies of a replacement Carrier differ from this Tariff.

As there is no additional insurance for musical instruments available through the Carrier, it is highly recommended for those Passengers transporting musical instruments to obtain additional insurance through an independent source.

(M) Delay, Damage or Loss of Baggage

1. Baggage Liability Limits

Issue Date: September 15, 2023,

Effective: September 15, 2023

Liability limits for delay, damage or loss of baggage can be found in [Rule 25\(B\)](#) paragraph 1.

2. Instructions for Affected Passengers of Delayed Baggage
 - a) Delay - a Passenger who does not receive their baggage at the expected place and time must duly complete a Property Irregularity Report (PIR) or a WorldTracer Report and submit it to the Carrier at baggage@flyflair.com. The Carrier's Baggage Department communicates by email only. It is recommended that Passengers compile a list of items inside the bag as soon as possible. The Carrier will reimburse up to \$50 for necessary items during the period without the missing baggage. These items are restricted to items required for the purpose of the travel taken. Obligations of the Passenger are to minimise their loss in anticipation of having their belongings returned. The Carrier requires receipts with requests for reimbursement.
 - b) Damage - a Passenger who identifies damage to baggage that is not pre-existing, must promptly complete a Property Irregularity Report (PIR) and submit it to the Carrier at baggage@flyflair.com. The Carrier's Baggage Department communicates by email only. The Carrier may request a repair estimate for the repair of damaged baggage. The Carrier in its sole discretion will make a determination as to whether to provide compensation for repair or replacement of damaged baggage.
 - c) Loss - If 21 days elapses from the date on which the baggage should have been placed at the Passenger's disposal, the baggage will be declared lost. If a Passenger has not duly completed and submitted a Property Irregularity Report (PIR) or a WorldTracer Report during the 21-day time period, any claim or potential claim will be void. All claims must be accompanied by a detailed list of all items in the baggage, and original receipts for proof of cost.

(D) Assignment of Seats to Children Under the Age of 14 Years

1. Assigning Seats

In order to facilitate the assignment of a seat to a child who is under the age of 14 years in close proximity to a parent, guardian or tutor in accordance with the APPR, the Carrier will, at no additional charge:

- a) assign a seat before check-in to the child that is in close proximity to their parent, guardian or tutor; or
- b) if the Carrier does not assign seats in accordance with paragraph (a), do the following:
 - (i) advise Passengers before check-in that the Carrier will facilitate seat assignment of children in close proximity to a parent, guardian or tutor at no additional charge at the time of check-in or at the boarding gate;
 - (ii) assign seats at the time of check-in, if possible;
 - (iii) if it is not possible to assign seats at the time of check-in, ask for volunteers to change seats at the time of boarding; and
 - (iv) if it is not possible to assign seats at the time of check-in and no Passenger has volunteered to change seats at the time of boarding, ask again for volunteers to change seats before takeoff.

The Carrier will not force another passenger to change seats or leave the flight to seat a child and accompanying passenger together.

2. Proximity to Adult's Seat

The Carrier will facilitate the assignment of a seat to a child who is under the age of 14 years by offering, at no additional charge:

- (i) in the case of a child who is 4 years of age or younger, a seat that is adjacent to their parent, guardian or tutor's seat;

- (ii) in the case of a child who is 5 to 11 years of age, a seat that is in the same row as their parent, guardian or tutor's seat, and that is separated from that parent, guardian or tutor's seat by no more than 1 seat; and
- (iii) in the case of a child who is 12 or 13 years of age, a seat that is in a row that is separated from the row of their parent, guardian or tutor's seat by no more than one row.

If a Passenger is assigned a seat in accordance with the above paragraph that is in a lower class of service than their ticket provides, the Carrier will reimburse the price difference between the classes of service, but if the Passenger chooses a seat that is in a higher class of service than their ticket provides, the Carrier may request supplementary payment representing the price difference between the classes of service.

If a Passenger wishes to pre-select particular seats for themselves and a child, or change the seats assigned to them by the Carrier, the Carrier will charge the applicable fee for each seat, as set out in this Tariff.

3. If all steps have been followed and it is still not possible to arrange seats within the required distance of each other, the affected Customer(s) will be consulted and advised that they may choose to sit farther apart, or decide not to take the flight at all, in which case FAL will arrange for accommodation on another flight or provide a refund.

RULE 16: UNACCOMPANIED MINORS

The Carrier does not offer unaccompanied minor services.

RULE 17: CARRIAGE OF PERSONS WITH DISABILITIES

In the case of codeshare, Passengers are advised that the carriage of persons with disabilities rules applicable to their transportation are those of the Carrier identified on the Passenger's ticket and not of the Carrier operating the flight.

(A) Acceptance for Carriage

The Carrier will make every reasonable effort to accommodate a person with a disability and will not refuse to transport a person solely based on their disability. In instances when refusing transportation to a person with a disability is necessary, the Carrier will provide an explanation to the person for the decision to refuse carriage at the time of the refusal.

(B) Acceptance of Declaration of Self Reliance

Except for applicable safety related rules and regulations, the Carrier will accept the determination made by or on behalf of a person with a disability as to self reliance. Once advised that they are "self reliant," the Carrier will not refuse such Passenger transportation on the basis that the person with a disability is not accompanied by a personal attendant or based on the assumption that the Passenger may require assistance from airline employees in meeting the Passenger's needs, such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by the Carrier.

(C) Medical Clearance

The Carrier will not automatically require a medical clearance for persons with disabilities as a condition of travel. Rather, the Carrier may, in good faith and using its reasonable discretion, determine that a person with a disability requires medical clearance where their safety or wellbeing, in terms of such things as assistance with eating, using the washroom facilities, or that of other Passengers is in question. Where the Carrier refuses to transport a Passenger for such reasons, a written explanation must be provided at the time of refusal. When medical clearance is required, the Carrier may assess a person's fitness to travel based on information and/or documentation submitted by the person with a disability (such as a note from the person's physician or healthcare professional).

(D) Advance Notice

Where a Passenger requests a service set out in this Rule at least 36 hours prior to departure, the Carrier will provide the service if the Carrier has confirmed such service will be provided. Such requests should be made by the Passenger at the time of reservation, and as far in advance of travel as possible. Where a Passenger requests a service less than 36 hours prior to departure, the Carrier will make a reasonable effort to provide the service.

(E) Seating Restrictions and Assignments

When a person identifies the nature of their disability, the Carrier will inform the Passenger of the available seats that are most accessible and then establish with that Passenger an appropriate seat assignment. Passengers with a disability will not be permitted to occupy seats in designated emergency exit rows, or otherwise in accordance with applicable safety related rules and regulations. Persons with disabilities and their attendants, who will meet the persons' disability related needs, will be seated together. Attendants are required to have a valid flight voucher and are treated in all other respects as a Passenger.

(F) Acceptance of Assistive Aids

The Carrier will permit Passengers to check in their manual or electric (battery-powered) wheelchairs or mobility aids, free of charge, in addition to the checked baggage allowance, regardless of the fare type purchased provided that:

- a) the design of the aircraft permits carriage of the mobility aid;
- b) in the case of electrical devices, the batteries meet the requirements set out in IATA Dangerous Goods Regulations;
- c) the assistive device is of a type as described in [Rule 14\(G\)](#).
- d) The assembling and disassembling of assistive devices will be provided by the Carrier, except that such assistance will not be considered to have occurred during the carriage. In the event that any damage or loss to such assistive device as a result of the assembly and disassembly, the Carrier shall not be liable for such damage or the replacement cost of such assistive device, except if the Passenger can establish gross negligence on the part of the Carrier or its

agents.

Where possible, the Carrier will allow persons with disabilities to retain any items outlined in [Rule 14\(G\)](#) at their seat.

Where space permits, the Carrier will, without charge, permit the person to store a manually operated folding wheelchair and small aids in the passenger cabin during the flight.

Wheelchairs and assistive devices will be the last items to be stowed in the aircraft hold and the first items to be removed.

NOTE: For provisions related to limitations of liability regarding loss of, damage to, or delay in delivering mobility aids, refer to [Rule 25\(D\)](#) paragraph 11.

(G) Manually Operated Wheelchair Access

The Carrier will permit the person who uses a manually operated wheelchair to remain in the wheelchair to the extent practicable.

(H) Service Animals

The Carrier will accept for transportation, without charge, a service animal required to assist a person with a disability provided that the animal is properly harnessed and certified in writing as having been trained by a professional service animal institution. These documents must be submitted in accordance with [Rule 17\(D\)](#).

The Passenger must declare to the Carrier the breed of the service animal and its approximate dimensions and weight. For the comfort of all Passengers, the Carrier or their agent will determine, in consultation with the person with the disability, where the person and Service Animal will be seated. The Carrier will assign a seat to the person, provided that the Carrier has been notified in advance, which provides sufficient space for the person and the service animal and the Carrier will permit the service animal to accompany the person on board the aircraft, and to remain on the floor at the person's passenger seat. Where there is insufficient floor space in the seat row of the person's passenger seat, the Carrier will permit the service animal to remain on the floor in an area where the person can still exercise control over the animal.

Service animals that are causing a disruption, including barking, chirping, howling, growling, or other disruptive occurrences, in the Carrier's sole and absolute discretion, may be denied carriage. The Passenger assumes full responsibility for the service animal and shall make all necessary arrangements to obtain valid health and vaccination certificates, entry permits, and other documents required by countries, states or territories for entry or transit. In the absence of such documentation, the service animal will not be accepted for carriage. **(I) Emotional Support Animals**

1. Emotional support animals are limited to domestic dogs, and will be permitted at the discretion of the Carrier and subject to applicable fees. The Carrier will require proof from a physician or medical health professional who is licensed and in good standing with their governing body, that they are treating the person for a mental health disability, and that the person requires an ESD to accommodate that disability.
2. The person with a disability provides a veterinary certificate that:

-
- identifies the specific ESD by name and breed;

- identifies the person with a disability who relies on that dog as an ESD;
- attests that the ESD is healthy enough to travel; free from contagious diseases, ticks and fleas; and current on its vaccinations; and
- states whether the veterinarian has any knowledge of inappropriate behaviour exhibited by the ESD, including aggressive behaviour, excessive whining or barking, or causing injury to others.

If the timing for the veterinary certification has not otherwise been prescribed in the jurisdiction of the country, province, state or territory where the person travels to or from, the certificate must be dated within 2 months prior to the date of initial travel set out in the itinerary.

3. The person with a disability must provide the above documentation to the Carrier at least 96 hours in advance of travel.

If a request is made less than 96 hours in advance, the Carrier should make every reasonable effort to transport the person with a disability and their ESD. However, the Agency strongly encourages all persons with disabilities to provide sufficient advance notice, and to provide adequate supporting documentation for themselves and their ESD when they make their request to minimize the risk that they will not receive adequate accommodation.

4. The ESD must fit comfortably in an appropriate animal carrier that must fit and be kept at the seat or, in the case of air travel, under the seat in front of the person with a disability for the duration of the trip. The animal carrier must meet the carrier's conditions and restrictions for carriage of animal carriers in the cabin, and the ESD must remain in the carrier for the duration of its time in the passenger cabin.
5. The person with a disability must demonstrate to the carrier that their ESD meets all travel, entry or exit requirements of the country, province, state or territory they travel to or from, which includes providing all required documentation, as applicable.
6. A person with a disability travelling with their ESD in compliance with these conditions must not be charged for this accommodation.

The carrier may refuse transportation to any person with a disability and their ESD if the ESD poses a threat to the health or safety of others by exhibiting aggressive or other inappropriate behaviour, or if the user removes it from its animal carrier during travel.

(J) Services to be Provided to Persons with Disabilities

The Carrier will make best efforts to ensure that services are provided to persons with disabilities when a request for such services is made at least 72 hours prior to departure. The Carrier will make reasonable efforts to accommodate requests not made within this time limit. Services to be provided upon request will include:

1. assisting with registration at the check-in counter;
2. assisting in proceeding to the boarding area; the Carrier will not be able to have a representative stay with the Passenger at all times; once at the departure gate, a representative can periodically check in on the Passenger;
3. assisting in boarding and deplaning; the Passenger must be present prior to the

beginning of boarding to receive this service;

4. assisting in stowing and retrieving carry-on baggage and retrieving checked baggage;
5. assisting in moving to and from an aircraft lavatory;
6. assisting in proceeding to the general public area or, in some cases, to a representative of another Carrier;
7. transferring a Passenger between their own mobility aids and aircraft seating a mobility aid provided by the Carrier;
8. transferring a person between a mobility aid and the person's passenger seat;
9. providing limited assistance with meals, such as opening packages, identifying items and cutting large food portions;
10. inquiring periodically during a flight about a Passenger's needs; and
11. briefing individual Passengers with disabilities and their attendant on emergency procedures and the layout of the cabin.

(K) Boarding and Deplaning

Where a person with a disability requests assistance in boarding or seating or in stowing carry-on baggage, the Carrier will allow the person, upon request, to board the aircraft in advance of other Passengers, where time permits. The Carrier may also require a person, even in the absence of a request to do so, to board the aircraft in advance of other Passengers in order that it has enough time to provide the requested assistance.

(L) Communication and Confirmation of Information

Announcements to Passengers concerning stops, delays, schedule changes, connections, onboard services and claiming of baggage will be made in visual, verbal and/or written format (including Braille) to persons with disabilities who request such a service.

To the extent practicable, the Carrier will supply a written confirmation of services that it will provide to that person.

Modification to reflect that pre-boarding can occur upon request of the person with a disability as well as a requirement by the Carrier will be accommodated by Carrier to the extent practicable.

(M) Oxygen and Personal Oxygen Concentrators

Passengers cannot bring their own oxygen on board, except Personal Oxygen Concentrators. Liquid oxygen is forbidden on all aircraft.

Passengers can carry on board aircraft and utilize Carrier approved personal oxygen concentrators, subject to the following conditions:

1. At least 48 hours prior to departure, the Passenger must inform the Carrier of their intent to use a personal oxygen concentrator during the flight. The Carrier will make a reasonable effort to accommodate Passengers who fail to inform the Carrier of their intent to use a personal oxygen concentrator at any time.

2. Passengers must obtain medical clearance from the Carrier as to the Passenger's ability to travel and to determine the rate of oxygen to be maintained.
3. The personal oxygen concentrator must be of a type approved by the Carrier and must be free of oil and grease. Some restrictions apply to certain types of personal oxygen concentrators that cannot be safely stowed during flight.
4. Passengers must bring extra batteries as part of their carry-on baggage, in an amount specified by the Carrier. Batteries are not accepted as checked baggage. Batteries must be packaged in a manner that protects them from short circuit and physical damage, and away from metal objects such as keys, coins, etc. Extra batteries must be enough to cover the use of the personal oxygen concentrator for the entire duration of the travel itinerary, including connection time, check-in and travel buffer. The ability to recharge the battery during connection is not available.
5. Personal oxygen concentrators and extra batteries are accepted free of charge, in addition to the normal carry-on baggage allowance, provided they can be safely stowed underneath the seat. However, the area around the personal oxygen concentrators must be clear of blankets, coats, and other pieces of carry-on baggage.
6. Check-in is not permitted through the web. Check-in must be made with an airport agent at any check-in position.

RULE 18: ACCEPTANCE OF ANIMALS

These rules apply to transportation of animals in the cabin of the aircraft on the services of the Carrier.

See [Appendix A - Baggage](#) for all associated fees charged by the Carrier in regard to the acceptance and carriage of animals.

The Carrier will agree to carry animals subject to the following conditions:

(A) General

1. The Carrier will accept for carriage in the passenger cabin of the aircraft animals/pets, limited to domestic dogs and cats, provided the animal(s) is(are) accompanied by a Passenger, in compliance with the IATA Live Animal Regulations.
2. Animals must be contained in a clean, leak/escape proof cage or container/kennel with adequate space for the comfort of the animal. The cage or container/kennel must be approved by the Carrier. For carriage in the Passenger cabin, the kennel/cage must fit under the seat in front of the Passenger. There is to be only 1 animal in any 1 container unit.
3. An animal and its container will incur excess baggage charges and the Passenger will be obliged to pay the applicable charges.
4. A maximum of 6 animals will be accommodated in the cabin per flight.
5. The Passenger assumes full responsibility for the animal. Before the animal is accepted for carriage, the Passenger must make all necessary arrangements to obtain valid

health and vaccination certificates, entry permits, and other documents required by

countries, states or territories for entry or transit. In the absence of such documentation, the animal will not be accepted for carriage.

RULE 19: GROUND TRANSFER SERVICES

(A) General

1. Except as necessitated by an operational diversion which requires repatriation of Passengers via ground-based transportation, the Carrier does not maintain, operate or provide ground transfer services between airports or between airports and city centres.
2. The provision of or repatriation of Passengers via ground-based transportation notwithstanding, any ground transfer service is performed by independent operators who are not, and shall not be deemed to be, agents or servants of the Carrier.
3. Any effort by an employee, agent or representative of the Carrier in assisting the Passenger to make arrangements for such ground transfer service shall in no way make the Carrier or the Carrier's employee, agent or representative liable for the acts or omissions of such an independent operator.

RULE 20: SCHEDULE IRREGULARITIES / FLIGHT DISRUPTIONS

(A) Applicability

This rule applies to all Passengers irrespective of the price which they have paid for transportation.

(B) General

1. The Carrier will make all reasonable efforts to transport the Passenger and their baggage with reasonable dispatch.
2. Times shown on the Passenger tickets or elsewhere are approximate and not guaranteed, and form no part of the Contract of Carriage.
3. The Carrier will not be responsible for errors or omissions either on Passenger tickets or other representation of schedules. No employee, agent or representative of the Carrier is authorized to bind the Carrier by any statement or representation regarding the dates or times of departure or arrival, or of the operation of any flight.
4. The Carrier will not guarantee and will not be held liable for cancellations or changes to flight times that appear on Passengers' tickets due to Force Majeure.
5. In the case of schedule irregularities, the Carrier will give priority for assistance to any person with a disability.
6. The Carrier, at their own discretion, may elect to provide an alternate means of transport (such as a chartered bus) to the final destination to complete the Passenger's journey in the event of an irregular operation.

(C) Carrier Obligations for Delays and Cancellations

This section addresses delays and cancellations in 3 distinct circumstances:

1. Situations outside the Carrier's control.
2. Situations within the Carrier's control but required for safety purposes.
3. Situations within the Carrier's control.

1. Obligations - Situations Outside the Carrier's Control

This section applies to a Carrier when there is delay or cancellation due to situations outside the Carrier's control as defined in [Rule 3\(I\)](#).

a) Earlier Flight Disruption

A delay or cancellation that is directly attributable to an earlier delay or cancellation that is due to situations outside the Carrier's control is considered to also be due to situations outside that Carrier's control if that Carrier took all reasonable measures to mitigate the impact of the earlier flight delay or cancellation.

b) Obligations

When there is delay or cancellation due to situations outside the Carrier's control, the Carrier will provide the following:

(i) Information to the Passengers who are affected by a cancellation or delay:

This information referred to above will be provided by means of audible announcements and, upon request, by means of visible announcements. The information referred to above will also be provided to the Passenger using the available communication method that they have indicated that they prefer, including a method that is compatible with adaptive technologies intended to assist persons with disabilities.

(ii) In the case of a delay of 3 hours or more:

- (a)** The Carrier will provide, free of charge, alternate travel arrangements to a passenger who desires such arrangements, in the form of a confirmed reservation for the next available flight that is operated by the original Carrier, or a Carrier with which the original Carrier has a commercial agreement and is travelling on any reasonable air route from the same airport to the destination that is indicated on the Passenger's original ticket

and departs within 48 hours of the departure time that is indicated on that ticket.

- (b) If the Carrier cannot provide a confirmed reservation in accordance with the above, it must, at the passenger's choice, refund any unused portion of the ticket OR provide a confirmed reservation for the next available flight that is operated by the original Carrier, or a Carrier with which the original carrier has a commercial agreement, and is travelling on any reasonable air route from the airport at which the passenger is located to the destination that is indicated on the passenger's original ticket.
- (c) If the Passenger is eligible for a refund due to the Carrier being unable to provide alternate travel arrangements within 48 hours of the departure time indicated on the Passenger's original ticket, the Passenger may choose a refund at any time prior to being provided with a confirmed reservation.
- (d) To the extent possible, the alternate travel arrangements will provide services that are comparable to those of the original ticket. If the alternate travel arrangements provide for a higher class of service than the original ticket, the Carrier will not request supplementary payment to a Passenger who desires such arrangements. (iii) In the case of a cancellation;
 - (a) The Carrier will provide, free of charge, alternate travel arrangements in the form of a confirmed reservation for the next available flight that is operated by the original Carrier, or a Carrier with which the original Carrier has a commercial agreement and is travelling on any reasonable air route from the same airport to the destination that is indicated on the Passenger's original ticket and departs within 48 hours of the departure time that is indicated on that ticket.

 - (c) If the Passenger is eligible for a refund due to the Carrier being unable to provide alternate travel arrangements within 48 hours of the departure time indicated on the Passenger's original ticket, the Passenger may

choose a refund at any time prior to being provided with a confirmed reservation.

- (d) To the extent possible, the alternate travel arrangements will provide services that are comparable to those of the original ticket. If the alternate travel arrangements provide for a higher class of service than the original

ticket, the Carrier will not request supplementary payment to a Passenger who desires such arrangements.

This section applies to a Carrier when there is delay or cancellation that is within the Carrier's control but is required for safety purposes.

a) Earlier Flight Disruption

A delay or cancellation that is directly attributable to an earlier delay or cancellation that is within that Carrier's control but is required for safety purposes, is considered to also be within that Carrier's control but required for safety purposes if that Carrier took all reasonable measures to mitigate the impact of the earlier flight delay or cancellation.

(D) Missed Connections

The Carrier assumes no liability for missed connections that are not on the Carrier provided
itinerary of the Passenger.

(E) Tarmac Delays Obligations

1. Standards of Treatment

If a flight is delayed on the tarmac after the doors of the aircraft are closed for takeoff or after the flight has landed, the Carrier will provide Passengers with the following, free of charge:

- a) access to those lavatories in working order;
- b) proper ventilation and cooling or heating of the aircraft;
- c) communication with people outside of the aircraft, when and where possible; and
- d) food and drink, in reasonable quantities, taking into account the length of the delay, the time of day and the location of the airport, and in the case of departures, expected time of takeoff.

2. Passenger Disembarkation

If a flight is delayed on the tarmac at an airport in Canada, the Carrier will provide an opportunity for Passengers to disembark 3 hours after the aircraft doors have been closed for takeoff, and 3 hours after the flight has landed, or at any earlier time if it is feasible. However, the Carrier is not required to provide an opportunity for Passengers to disembark if it is likely that takeoff will occur less than 3 hours and 45 minutes after the doors of the aircraft are closed for takeoff, or after the flight has landed and the Carrier is able to continue to provide the standard of treatment referred to in [Rule 20\(E\)](#) paragraph 1. Should a disembarkation be required, the Carrier will, if feasible, provide Passengers with disabilities and their support person or service animal, if any, the opportunity to disembark first. This section does not apply if providing an opportunity for Passengers to disembark is not feasible, including if it is not feasible for reasons related to safety and security or to air traffic or customs control, or access to a gate or stairs and/or a safe and suitable marshalling area is not available.

RULE 21: OVERBOOKING

If an overbooking situation occurs, the provisions of [Rule 22](#) shall apply.

RULE 22: DENIED BOARDING

Due to various circumstances denied boarding may result.

When a situation occurs whereby the Carrier is unable to provide previously confirmed space because the number of seats that may be occupied on the flight is less than the number of Passengers who have checked in by the required time, hold a confirmed reservation and valid travel documentation and are present at the boarding gate at the required time, the Carrier shall implement the provisions of this rule.

The Carrier will not subject Passengers already on the aircraft to denial of boarding other than for safety reasons.

(A) Request for volunteers

1. The Carrier will request volunteers from among the confirmed Passengers to relinquish their seats in exchange for compensation, the amount and form of which will be at The Carrier's discretion.
2. Once a Passenger has voluntarily relinquished their seat, they will not later be involuntarily denied boarding unless they were advised at the time they volunteered of such possibility and the amount of compensation to which they would be entitled.
3. The request for volunteers and the selection of Passengers to be denied boarding shall be in a manner solely determined by Carrier.
4. The Carrier will provide written confirmation of the mutually agreed upon benefit to any Passenger who voluntarily gives up their seat.

(B) Boarding Priorities

1. If denial of boarding is necessary due to situations within the Carrier's control or within the Carrier's control but required for safety purposes, the Carrier must first ask all Passengers if any of them would be willing to give up their seat in exchange for mutually agreed upon benefits, which benefits must be presented to the Passenger in writing.
2. In the event there are not enough volunteers, other Passengers may be involuntarily denied boarding in accordance with the Carrier boarding priority policy. Passengers with confirmed reservations will be permitted to board in the following order until all available seats are occupied:

 - e) All other Passengers, based the time in which the Passenger presented themselves for check-in without advance seat assignment.

(C) Transportation For Passengers Denied Boarding, Either Voluntarily or Involuntarily

1. A Passenger will be considered to have been denied boarding when:
 - a) the Passenger presented themselves for carriage in accordance with this Tariff: having complied fully with the Carrier's applicable reservation, ticketing, check-in and boarding within the time limits and at the location set out in [Rule 11](#); and
 - b) a Passenger is not permitted to occupy a seat on the aircraft because the number of Passengers who checked in by the required time hold a confirmed reservation and valid travel documentation and are present at the boarding gate in time for boarding is greater than the number of seats that may be safely occupied.
2. In such instances, the Carrier will:
 - a) carry the Passenger on another of its Passenger aircraft on which space is available without additional charge; or, at the Carrier's option

- b) reroute the Passenger to the destination named on the ticket or applicable portion thereof by its own or other transportation services; and if the fare for the revised routing is higher than the refund value of the ticket or applicable portion thereof, the Carrier will require no additional payment from the Passenger but will refund the difference if it is lower; or
- c) if the Passenger chooses to no longer travel or if the Carrier is unable to perform the option stated in either [Rule 22\(C\)](#) a) or b) above within a reasonable amount of time, make involuntary refund;
- d) for Denied Boarding within the Carrier's control:
 - (i) return the Passenger to point of origin and refund as if no portion of the trip had been made (irrespective of applicable fare rules), or subject to Passenger's agreement, offer a travel voucher for future travel in the same amount; or
 - (ii) upon the Passenger's request, and where the Passenger provides a credible verbal assurance to Carrier of certain circumstances that require their arrival at destination earlier than options set out in [Rule 22\(C\)](#) a) or b) above, the Carrier may, at their own discretion, if it is reasonable to do so, taking all circumstances known to it into account and subject to availability, buy the Passenger a seat on another Carrier whose flight is scheduled to arrive appreciably earlier than the options proposed in [Rule 22\(C\)](#) a) or b) above.

(D) Compensation For Involuntary Denied Boarding

In addition to providing transportation in accordance with [Rule 22\(C\)](#) above, a Passenger who has been denied boarding involuntarily for a circumstance within the Carrier's control, as defined within this Tariff, will be compensated by the Carrier as follows:

1. Conditions For Payment

- a) The Passenger must be considered to have been denied boarding in accordance with [Rule 22\(C\)](#) paragraph 1. above.
- b) The Passenger will not be eligible for compensation:
 - (i) if the Passenger is offered accommodation or is seated in a compartment of the aircraft other than that specified on their ticket at no extra charge to them;
 - (ii) if the Passenger has been refused transportation in accordance with [Rule 23: Refusal to Transport](#);
 - (iii) when the flight on which the Passenger holds a confirmed and ticketed reservation is cancelled or space has been requisitioned by the government; or
 - (iv) if, for safety reasons beyond the Carrier's control and not having occurred during scheduled maintenance, the aircraft has been substituted with one having lesser capacity, or the capacity on the scheduled aircraft has been

reduced due to an operational limitation and the Carrier is able to demonstrate that all reasonable measures were taken to avoid substitution.

- c) No denied boarding compensation will be provided to the attendant of a Passenger with a disability whereby the attendant was provided complementary carriage. 2. Amount of Compensation

In accordance with the rules for Denied Boarding, the compensation is as follows:

Length of Arrival Delay at Destination	Cash
Less than 6 hours	\$900
Less than 9, but more than 6 hours	\$1,800
Over 9 hours	\$2,400

- a) Affected Passengers may choose either option. Where alternate transportation departs before the offer can be made in which case it shall be made by mail or other means after the time the failure to accommodate has occurred.
- b) Payment of the compensation will be made by the Carrier as soon as it is operationally feasible, but not later than 48 hours after the time of the denial of boarding. If the compensation is paid before the arrival of the flight reserved as part of alternate travel arrangements at the destination that is indicated on their ticket, that compensation is determined based on the flight's expected arrival. If the arrival of the Passenger's flight at the destination that is indicated on their original ticket is after the time it was expected to arrive when the compensation was paid or confirmed in writing and the amount that was paid or confirmed no longer reflects the amount due, the Carrier will adjust the amount of the compensation accordingly. If it is not possible to provide the compensation before the boarding time of the flight reserved as part of alternate travel arrangements, the Carrier will provide the Passenger with a written confirmation of the amount of the compensation that is owed.

(E) Standards of Treatment for Passengers Denied Boarding

The Carrier will, before a Passenger boards the flight reserved as part of an alternate travel arrangement, provide them with the following treatment free of charge:

- a) food and drink in reasonable quantities, taking into account the length of the wait, the time of day and the location of the Passenger; and
- b) access to a means of communication.

If the Carrier expects that the Passenger will be required to wait overnight for a flight reserved as part of alternate travel arrangements, the Carrier will offer, free of charge, hotel or other comparable accommodation that is reasonable in relation to the location of the Passenger, as well as transportation to the hotel or other accommodation and back to the airport.

The Carrier may limit or refuse to provide a standard of treatment referred to in [Rule 22\(C\)](#) if providing that treatment would further delay the Passenger.

RULE 23: REFUSAL TO TRANSPORT

(A) Removal of Passenger

Carrier will refuse to transport, or will remove any Passenger at any point for any of the following reasons:

1. Government Requests, Regulations and Force Majeure:
 - a) Whenever it is necessary or advisable, in Carrier's sole and absolute discretion to:

The Carrier is also required to screen each Passenger who appears to be 18 years of age or older by comparing the Passenger, and in particular the Passenger's entire face, against one piece of government issued photo identification that shows the Passenger's name, date of birth and gender; or two pieces (without photo) of government issued identification at least one of which shows the Passenger's name, date of birth and gender.

4. Failure to Comply with Carrier's Rules and Regulations:

Exception: (for transportation within Canada only) The Carrier will accept the determination of a person with a disability as to self-reliance as per [Rule 17](#).

NOTE: If the Passenger is accompanied by an attendant and the Passenger is refused transport, then the attendant will also be refused transport and the two will be removed from the aircraft together.

- b) When the Passenger has a contagious disease.
- c) When the Passenger has an offensive odour.

(B) Medical Clearance

When the Carrier determines that a Passenger's medical, physical or mental condition involves an unusual hazard or risk to their self or other persons (including, in the case of expectant mothers, unborn children) or property, the Carrier can require the Passenger to provide a medical certificate that then may be assessed by the Carrier's own medical officer as a condition of the Passenger's carriage for subsequent travel. The Carrier may refuse transportation to the person posing such hazard or risk, or where such person fails to produce a medical certificate required by the Carrier.

(C) Pregnant Passengers

1. An expectant mother with a complication free pregnancy can travel on the Carrier's flights up to the 32nd week of her pregnancy without a medical certificate.

The certificate must state that the physician has examined the patient and found her to be physically fit for travel by air and the certificate must state the estimated date of birth.

(D) Failure to Provide a Suitable Escort

A Passenger will be refused transport when the Passenger requires an escort (attendant) due to a mental health condition, and is under care of a psychiatric institution or in the custody of law enforcement personnel or other responsible authority, and the necessary arrangements have not been made with the Carrier or their agent in advanced of the departure of the flight.

However, the Carrier will accept escorted Passengers under the following conditions when the Passenger has a mental health condition and is under care of a psychiatric institution or in custody of law enforcement personnel or other responsible authority:

1. A medical authority furnishes assurance, in writing, that an escorted person with a mental health condition can be transported safely.
 2. A request for carriage is made at least 48 hours before scheduled departure.
 3. Acceptance is for on-Carrier travel only. The applicable terms and conditions of other Carriers will continue to apply as per [Rule 3](#).
-
4. The escort must accompany the escorted Passenger at all times.

5. The Passenger in custody of law enforcement personnel or other responsible authority must be manacled.

RULE 24: PASSENGER'S CONDUCT - PROHIBITED CONDUCT AND SANCTIONS

(A) Prohibited Conduct

Without limiting the generality of the preceding provisions, the following constitutes prohibited conduct where it may be necessary, in the sole and absolute discretion of the Carrier, to take action to ensure the physical comfort or safety of the person, other Passengers (in the future and present) and/or the Carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty on board the aircraft; or safe and adequate flight operations:

1. The person, in the judgement of a responsible employee of the Carrier, is under the influence of alcohol or drugs (except a patient under medical care).
2. The person's conduct, or condition is or has been known to be abusive, offensive, threatening, intimidating, violent or otherwise disorderly, and, in the judgement of a responsible employee of the Carrier, there is a possibility that the person would cause disruption or serious impairment to the physical comfort or safety of other Passengers or Carrier's employees, interfere with a crew member in the performance of their duties, or otherwise jeopardize safe and adequate flight operations.
3. The person's conduct involves any hazard or risk to themselves or other persons (including travel involving pregnant Passengers or unborn children), or to property.
4. The person fails to observe the instructions of the aircraft crew, including instructions to stop any prohibited conduct.
5. The person is unable or unwilling to sit in their assigned seat with the seatbelt fastened.
6. The person smokes or attempts to smoke, eat, drink, chew or spit tobacco, cannabis or cannabis products, or uses or attempts to use an electronic cigarette ("vaping").
7. The person uses or continues to use a cellular phone, a laptop computer or another electronic device on board the aircraft after being advised to stop such use by a member of the crew.
8. The person is barefoot.
9. The person is inappropriately dressed.
10. The person has a prohibited article or concealed or unconcealed weapon(s). However, the Carrier will carry law enforcement or armed forces personnel who meet the qualifications and conditions established under government regulations.
11. The person has resisted or may reasonably be believed to be capable of resisting escorts.
12. While on board the aircraft, the person is filming, photographing, or recording by any other electronic means images of passengers and/or crew without the express consent of the person(s) being filmed, photographed or recorded, or continues to film, photograph or record the image of other passengers and/or crew after being advised to stop such action by a member of the crew.

(B) Carrier Response to Prohibited Conduct

Where, in the exercise of its sole and absolute discretion, the Carrier decides that the Passenger has engaged in prohibited conduct described above, the Carrier may impose any combination of the following sanctions:

1. Removal of the Passenger at any point.
2. Probation: At any time, the Carrier may stipulate that the Passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the Carrier to provide transport to the Passenger. Such probationary conditions may be imposed for any length of time which, in the exercise of the Carrier's reasonable discretion, is necessary to ensure the Passenger continues to avoid prohibited conduct.
3. Refusal to Transport the Passenger: The length of this refusal to transport may range from a one time refusal to a longer period determined, at the reasonable discretion of the Carrier in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until the Carrier is satisfied that the Passenger no longer constitutes a threat to the safety of other Passengers, crew or the aircraft, or to the comfort of other Passengers or crew; the unhindered performance of the crew members in their duty on board the aircraft; or safe and adequate flight operations.
4. The following conduct will automatically result in a refusal to transport, up to a possible lifetime ban:
 - a) The person continues to interfere with the performance of a crew member's duties despite verbal warnings by the crew to stop such behaviour.
 - b) The person injures a crew member or other Passenger, or subjects a crew member or other Passenger to a credible threat of injury.
 - c) The person displays conduct that requires an unscheduled landing and/or the use of restraints such as ties and handcuffs.
 - d) The person repeats a prohibited conduct after receiving a notice of probation as mentioned in [Rule 24\(B\)2.](#) above.
5. The Carrier may collect any and all costs incurred by the Carrier, directly or indirectly, associated with such prohibited conduct, including but not limited to all costs related to diverting of the aircraft, all costs incurred to deplane the Passenger and the Passenger's baggage, and all costs resulting from delays which such prohibited conduct may give rise to from time to time, at the sole and absolute discretion of Carrier.

These remedies are without prejudice to the Carrier's other rights and recourses, namely, to seek recovery of any other damage resulting from the prohibited conduct or as otherwise provided in Carrier's tariffs, including recourses provided under applicable statutes for the filing of criminal or statutory charges against the Passenger.

(C) Recourse of the Passenger / Limitation of Liability

1. The Carrier's liability in case of refusal to carry a Passenger for a specific flight or removal of a Passenger en route for any reason specified in the foregoing paragraphs will be limited to the recovery of the refund value of the unused portion of the Passenger's ticket in accordance with [Rule 26\(B\)](#).

Notwithstanding the foregoing paragraph, Passengers and their baggage will be entitled to all other additional rights they may have under this Tariff.

2. A person who is refused carriage for a period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the Carrier, in writing, the reasons why they believe they no longer pose a threat to the safety or comfort of Passengers or crew, or to the safety of the aircraft. Such document may be sent to the address provided in the Refusal to Carry notice or the Notice of Probation.
3. The Carrier will respond to the Passenger within a reasonable period of time, providing Carrier's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

PART IV - AFTER TRAVEL

RULE 25: LIMITATIONS OF LIABILITY

Applicable to transportation within Canada.

(A) Death or Bodily Injury of a Passenger

1. The liability of the Carrier in respect of the death of, or injury to, a Passenger is limited to the sum of \$100,000 CAD.
2. In no cases shall the Carrier's liability exceed the actual loss suffered by the Passenger. All claims are subject to proof of amount of loss.
3. The Carrier is not liable:
 - a) in the case of any Passenger whose age or mental or physical condition, including pregnancy, presents a risk or hazard, for any damages sustained by that Passenger that would not have been sustained but for their age or mental or physical condition; or
 - b) in the case of a pregnant Passenger, for any damages in respect of the unborn child of that Passenger.

(B) Destruction or Loss of, or Damage To, or Delay of Baggage

1. The Carrier is liable for damages sustained in the case of destruction or loss of, damage to, or delay of checked or unchecked baggage as set out in the following paragraphs: a)

The liability of the Carrier is limited to 1,288SDR (up to \$2,300 CAD), including incidental expenses, for each Passenger in the case of destruction, loss, damage or delay of baggage, whether checked or unchecked and such liability shall be further limited to the reasonable replacement costs of the destroyed, lost, damaged or delayed baggage. In the case of delayed baggage, liability shall only accrue if the baggage has

not been retrieved by the Carrier within 21 days of the originally scheduled arrival of such item. The liability limit includes any baggage fees paid to the Carrier.

- b) The Passenger must provide receipts to the Carrier for any claim(s) made for destruction, loss, damage or delay of baggage.
 - c) If the Carrier proves that the damage was caused or contributed to by the negligence or other wrongful act or omission of the person claiming compensation, or the person from whom they derive their rights, the Carrier shall be wholly or partly exonerated from its liability to the claimant to the extent that such negligence or wrongful act or omission caused or contributed to the damage.
 - d) The Carrier shall have no liability in the case of destruction, loss, damage or delay of baggage, whether checked or unchecked, unless the Passenger has paid a separate and itemized fee to the Carrier for the carriage of the destroyed, lost, damaged or delayed baggage.
2. Unless the Passenger proves otherwise:
- a) all baggage checked by a Passenger shall be considered to be the property of that Passenger;
 - b) a particular piece of baggage, checked or unchecked, shall not be considered to be the property of more than one Passenger; and
 - c) unchecked baggage, including personal items, shall be considered to be the property of the Passenger in possession of the baggage at the time of embarkation.
 - d) Unchecked and checked baggage will be deemed to have been delivered by the Carrier to Passenger without destruction, loss, damage or delay thereof, unless the Passenger complains in writing to the Carrier at the airport upon the conclusion of the flight, and before departing the airport.
3. Notwithstanding the foregoing, in the event that the Carrier accepts carriage of baggage beyond the applicable check-in deadline, whether or not such acceptance is subject to applicable fees, the Carrier shall not be liable for any delay of such baggage which results either in whole or in part from the Passenger's failure to comply with the applicable check-in deadline.

(C) Service Animals

Should injury or death of a service animal result from the fault or negligence of the Carrier, the Carrier will undertake to provide, expeditiously and at its own expense, medical care for or replacement of the service animal.

NOTE: This provision is not applicable to a person with a disability's mobility aid.

(D) Additional Limitations of Liability

1. The Carrier is not liable for destruction, loss, damage or delay of unchecked baggage arising out of or in connection with carriage or other supplementary services to carriage performed by the Carrier, unless such damage is caused by the negligence of the Carrier. Assistance offered to the Passenger by the Carrier or their agents in loading, unloading or transferring unchecked baggage shall be considered as complimentary service to the Passenger. The Carrier is not liable for damage to such unchecked baggage incurred during, or as a result of, this service, unless such damage is caused by the negligence of the Carrier or their agents.
2. The Carrier is not liable for any damages directly and solely arising out of its compliance with any laws, government regulations, orders, or requirements or from the failure of the Passenger to comply with same or out of any cause beyond the Carrier's control.
3. The Carrier is liable for damage sustained in case of destruction or loss of, or of damage to, checked baggage upon condition only that the event which caused the destruction, loss or damage took place on board the aircraft or during any period within which the checked baggage was in the charge of the Carrier. However, the Carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage.
4. The Carrier is not liable for damage to the Passenger's baggage caused by contents of the Passenger's baggage. Any Passenger whose property causes damage to another Passenger's baggage or to the property of the Carrier will compensate the Carrier for all losses and expenses it incurs as a result.
5. When the Carrier has exercised reasonable care and attention to the handling and treatment of perishable items or fragile articles, it shall not be liable for spoilage resulting from the delay in delivery of any perishable items described in [Rule 13](#), nor for the damage to, or damage caused by, fragile articles described in [Rule 13](#) which are unsuitably packed.
6. The Carrier may refuse to accept any articles that do not constitute baggage as this term is defined in [Rule 13\(A\)](#), but if these articles are delivered to and accepted by the Carrier they will be considered to be within the value of the baggage and the Carrier's limit of liability.
7. Liability of the Carrier for damage will be limited to events on its own line, except in the case of checked baggage, with respect to successive carriage, in which case, the Passenger also has a right of action against the first or last Carrier involved in the transportation.
8. In the case of unchecked baggage, the Carrier is liable only to the extent that the damage resulted from its fault or that of its servants or agents.
9. Any exclusion or limitation of liability of the Carrier under this Tariff or under the Passenger's ticket will apply to agents, servants or representatives of the Carrier who were performing services in furtherance of the contract of carriage and also to any person whose aircraft is used by the Carrier and its agents, servants or representatives who are performing services in furtherance of the contract of carriage.

10. The owner of a pet or service animal will be responsible for compliance with all government regulations and restrictions including providing valid health and rabies vaccination certificates when required. The Carrier will not be liable for loss or expense due to the Passenger's failure to comply with this provision and the Carrier will not be responsible if any pet is refused transportation.
11. Except as otherwise provided for under [Rule 17\(F\)](#) paragraph d), and notwithstanding the limitations of liability as contained in this rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of assistive aids, when such items have been accepted as checked baggage or otherwise. In the event that an assistive aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the assistive aid. In the event that an assistive aid is lost or damaged:
 - a) the Carrier will immediately provide a suitable temporary replacement without charge;
 - b) if a damaged aid can be repaired, in addition to a) above, the Carrier will arrange, at its expense, for the prompt and adequate repair of the aid and return it to the Passenger as soon as possible; and
 - c) if a damaged aid cannot be repaired, or is lost and cannot be located within 96 hours following the Passenger's arrival, the Carrier will in addition to a) above, replace it with an identical aid satisfactory to the Passenger, or reimburse the Passenger for the replacement cost of the aid.

(E) Time Limitations on Claims and Actions

1. No action will be taken against the Carrier in case of loss or delay in the delivery of checked and unchecked baggage unless the Passenger complains in writing to the Carrier within:
 - a) 21 days from the date on which the baggage has been placed at the Passenger's disposal (in the case of delay); or
 - b) 21 days from the date on which the baggage should have been placed at the Passenger's disposal (in the case of loss).
2. In the case of damage to checked baggage, the Passenger must complain to the Carrier or their agent immediately after discovery of damage, and at the latest, within 7 days from receipt of the baggage.
3. Any claim against a Carrier will be extinguished unless an action is brought within 2 years reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

(F) Overriding Law

If any provision contained or referred to in the ticket or this Tariff is found to be contrary to an applicable law, government regulation, order or requirement, which cannot be waived by agreement of the parties, such provision, to the extent that it is invalid, shall be severed from the

ticket or Tariff and the remaining provisions shall continue to be of full force and effect.

(G) Modification and Waiver

No agent, servant or representative of the Carrier has the authority to alter, modify, or waive any provisions of this Tariff.

(H) Gratuitous Transportation

All Passengers who are transported gratuitously by the Carrier will be governed by all the provisions of this rule and by all other applicable rules of this Tariff.

RULE 26: REFUNDS

(A) General

All fares and fees, including optional service (which include travelFLEX fees, seat selection fees, baggage fees, and priority boarding fees but do not include group booking fees or Call Centre fees) are non-cash refundable, except in the limited situations outlined in Parts 2., 3. and 4. of this Rule 26(A):

1. Passenger cancellations of reservations:
 - a) Passengers cancelling a reservation will receive a Voucher if the cancellation is made more than 3 hours from the time of departure, unless a refundable situation outlined in Parts 2, 3 or 4 of this Rule 26(A) applies. To request a Voucher, the Passenger may contact the Customer Support team. If bookings were made through a Travel Agent, then cancellations must be made through them.
 - (i) The Voucher will be credited as the fare, taxes and ancillary fees paid at the time of booking minus the applicable cancellation fee plus government taxes outlined in [Rule 7\(D\)](#). In the event the cancellation fee exceeds the combined value of the fare, taxes and ancillary fees, the Passenger must first pay the cancellation fee in order to receive a Voucher.
 - b) Passengers who purchase tickets through W1/W2 will not be eligible for a refund to the original form of payment, a Voucher or future travel credit. These nonrefundable tickets will only be available for exchange at the same economy bundle. The validity of a W1/W2 ticket is one year from the date of purchase.
 - c) Notwithstanding anything to the contrary contained in this Tariff, for bookings made prior to July 4, 2023, the Carrier allows Passengers 24 hours from the time of making a reservation to cancel (the "Grace Period") and receive a full refund provided that the flight is not scheduled to depart within 7 days from the time of the booking. Such cancellation must be registered with the Carrier before the expiration of the Grace Period. If a cancellation is not made within 24 hours of making the reservation, the reservation will be automatically confirmed. After the Grace Period, or for reservations made within 7 days of the scheduled departure of a flight, passenger changes of reservations are governed by [Rule 7\(C\)](#) of this Tariff and passenger cancellations of reservations are governed by [Rule 7\(D\)](#) of this Tariff.
2. Death or serious illness of an immediate family member who is not travelling with the

Passenger:

If an immediate family member who is not travelling with the Passenger becomes seriously ill or dies within 28 days of the booked flight, Flair Air will:

- a) refund the fare paid for the flight (or flights) the Passenger will not take as a result, plus any associated taxes, fees and charges; or, if appropriate,
- b) waive the flight change fee, along with any restrictions associated with changing the scheduled flights; or
- c) provide flight credit towards the value of a subsequent flight, to be used within six months.

The Passenger may be asked to provide proof of these special circumstances.

3. Death or serious illness of a booked passenger:

If someone on the same reservation becomes seriously ill and is unable to travel, or if one of the Passengers will pass away before the scheduled trip, Flair Air will:

- a) refund the total amount for everyone travelling on the same booking; or, if appropriate,
- b) waive the flight change fee, along with any restrictions associated with changing the flights;
- c) issue a flight credit towards the value of a subsequent flight, to be used within six months.

A suitable proof or documents of the serious illness must be supplied before the scheduled date of travel, except in the case of death of the passenger.

4. Jury Duty

In the event the Passenger is called to jury duty or subpoenaed, a full refund will apply upon presentation of jury summons or subpoena. No other document will be accepted.

(B) Involuntary Refunds

1. Involuntary refunds are not subject to any restrictions contained in the applicable fare rule.
2. The amount of the involuntary refund will be as follows:
 - a) If, due to a schedule irregularity within the Carrier's control or denied boarding in accordance with the Tariff, the Passenger chooses to no longer travel due to loss of purpose of travel or if alternate travel could not be provided within a reasonable time, the Carrier will offer a refund equal to the fare and charge paid, irrespective if travel has commenced.
 - b) If, due to a schedule irregularity within the Carrier's control or denied boarding in accordance with the Tariff, the Passenger chooses to no longer travel because the alternate transportation offered does not meet with the Passenger's satisfaction, the Carrier will offer a refund equal to the unused portion of the purchaser's ticket, including any unused add-on services that have been paid for.
 - c) If, due to a schedule irregularity not within the Carrier's control or a refusal to transport in accordance with the Tariff, no portion of a ticket has been used, the

amount of refund will be equal to the fare and charges paid; or

- d) If, due to a schedule irregularity not within the Carrier's control or a refusal to transport in accordance with the Tariff, a portion of the ticket has been used, the amount refunded to the purchaser will be the one that results in the most generous amount using one of the following methods:
 - (i) The difference between the fare paid and the fare for transportation actually used or to be used; or
 - (ii) Provided that the point where travel terminated was on the Passenger's routing as shown on the original ticket and the routing remains unchanged, the Passenger will be refunded the difference between the one-way fare applicable to the unused transportation from the point where the Passenger terminated travel to the destination or next stopover point as named on the ticket, or to the point at which transportation is to be resumed less the same rate of discount, (if travel is on a discount fare) that was applied to the original one-way fare (including all charges). If the Passenger was travelling on a round trip, the amount refunded would be based on the rate of discount of one half of the round trip fare; or,
 - (iii) If the point where the Passenger terminated travel was not on the routing specified on the ticket, the refund will be based on the lowest applicable fare of the Carrier operating between the point where the Passenger terminated travel to the destination or next stopover point named on the ticket or to the point at which transportation is to be resumed.
- 3. Involuntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible. However, Canadian dollar refunds or refunds in the currency of the country where the involuntary refund is necessary may be made at the request of the Passenger provided a refund in such currency is not prohibited by local government foreign exchange control regulations.

(C) Method of Refund

In any instance where refunds are appropriate, the Carrier will process requests in a timely manner to the person who purchased the reservation and refund to the original form of payment. If the original payment method or account is no longer available, the Carrier will refund to an alternative payment method in the payor's name.

If the reservation was made through a Travel Agent, the Travel Agent will be responsible for passing on any refund to the payor. The Carrier will not be responsible for any fees the Travel Agent may apply for processing the refund.

(D) Time Limit for Requesting a Refund

Where a refund is permitted, a request for refund from the Passenger shall be received by the Carrier at the time of cancellation or schedule irregularity and before the flight is operated, except in the case of death of the Passenger.

(E) Refusal to Refund

The Carrier may refuse to refund the Passenger's ticket if that ticket is presented for refund after its validity has expired.
