SUSTAINABLE PURCHASING CHARTER

Favor **SUSTAINABLE** and **LOCAL** Purchasing

> 40% of our covered expenses made with suppliers or subsidiaries located within a radius of less than 100 km

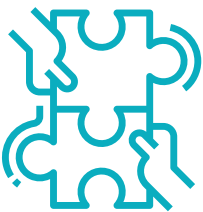

- > Sustainability criteria (distance, manufacturing process, recyclability, repairability, eco-design, etc.) are systematically taken into account all along the tendering process with suppliers for the choice of our products
- > Manage the environmental impact of purchasing by integrating the whole product lifecycle into the selection process.

Choose **COMMITTED PARTNERS**

> Select partners offering innovative or alternative solutions

- > Carry out CSR and SD audits and/or annual reviews with our strategic suppliers
- > Select suppliers who signed the Responsible Suppliers Charter
- > Share and promote the implementation of actions in favor of disabled or unemployed people while respecting diversity

Co-build **REAL PARTNERSHIPS** with our suppliers

> Provide our suppliers with the right and fair level of information, transparency during exchanges and regarding selection criteria

- > Monitor compliance with mutual commitments through evaluations and annual reviews
- > Always look for fair, balanced and mutually beneficial financial agreements between all parties
- > Facilitate the sharing and development of innovation and alternative solutions

Buy with **INTEGRITY** and in compliance with **ETHICS**

- > Purchasing team fully trained in Responsible Purchasing
- > Fair and equitable attitude during the negotiation process
- > Timely payment (100% of invoices due paid within the negotiated deadline)
