

Quality, Health, Safety & Environment (QHSE) Policy

FM INDIA are firmly committed to continually strive for excellence in areas of Quality, Environment, Health & Safety, Technology, Services & applicable requirements to ensure providing the Warehouse & distribution services as per customer requirement.

We are concerned about Quality, Environment and Safety of our Employees & Interested Parties and therefore committed to:

REGULATORY COMPLIANCE

We comply with the legal and other requirements, administrative and normative obligations that apply to our activities, by setting up a regulation monitoring process integrated in all our activities.

PREVENTION OF POLLUTION RISKS

We maintain a high level of vigilance, the best and most appropriate means of prevention throughout the Supply Chain, in order to limit the possible environmental impact of our business.

Protect the Environment, Including Prevention of Pollution, Reduce Air, Water, Energy & Soil Pollution, Waste generation and Natural resources Consumption

REDUCTION OF THE IMPACT OF OUR BUSINESS ON THE ENVIRONMENT

We monitor and reduce in all our logistics flows

- our energy consumption
- our greenhouse gases emissions
- our water consumption.
- Use of new Clean Technologies -designing our buildings (LEED labels), when renewing our fleet of vehicles

HEALTH & SAFETY GUIDELINES

- Provide Safe & Healthy working condition for the prevention of Work-related injury and ill Health
- Involvement, Consultation & participation of Workers & Workers representative to improve Occupational Health & Safety performance.
- Eliminate Hazards & Reduce Occupational Health & Safety Risk

COMMUNICATION

We communicate in a transparent way about the results of our QHSE policy with the stakeholders, in particular to meet our clients' & FM commitments.

TRAINING

Generate QHSE awareness among all Employees, Supplier, Contractors & Other Person working for & on behalf of Company & Setting & Periodically Reviewing the IMS Objectives & Targets in areas of improving Quality, Environment and Safety performance

CONTINUAL IMPROVEMENT

Ensure continual Improvement of the Integrated Management System to Enhance increasing the IMS Performance.
