

The International Leadership Reunion

The International Leadership Reunion (ILR), organized by Keren Hayesod-UIA and the Jewish Federations of North America (JFNA), is the most prestigious event on the global Jewish calendar. For over 45 years, this conference has convened 150 of the world's most prominent business and industrial leaders, representing over 25 countries, including the United States, Canada, Israel, Australia, and major cities across Europe and South America. These participants are distinguished by their exceptional generosity and commitment to the international fundraising efforts of both Keren Hayesod and the JFNA.

Renowned for providing unparalleled access to global figures, the ILR offers a unique forum for high-level engagement with world leaders and visionaries. Past conferences have featured meetings with U.S. Presidents Bill Clinton and George W. Bush, King Juan Carlos I of Spain, Prime Minister Justin Trudeau, Nobel Laureates Shimon Peres, F.W. de Klerk and Elie Wiesel, and additional high-level speakers on a variety of topics – cementing the ILR's reputation as a premier gathering for those dedicated to Jewish leadership and global impact.

The 2026 program in Berlin will continue this tradition of excellence. Our itinerary will include:

- **High-Level Briefings:** Keynote addresses and panels featuring world-class politicians, thinkers, and experts addressing the most pressing issues on the global Jewish agenda.
- **Strategic Alliance:** Berlin serves as a powerful symbol of the historic transformation in the Germany-Israel relationship, which has evolved into a strategic partnership defined by unprecedented cooperation and landmark defense agreements that strengthen our mutual security.
- **Gala Events:** Exclusive evening programs held in Berlin's most iconic and historic venues.
- **Meaningful Connection:** A unique opportunity to engage and build lasting bonds with like-minded philanthropists and communal leaders from across five continents.
