

SOLAR TAKES FLIGHT

1000 James L. Turnage Blvd., West Palm Beach
PALM BEACH COUNTY

When you fly PBI, you'll see the sun in a different light. Solar trees welcome you at the entrance to Palm Beach International Airport, and a solar canopy gives you shade as you wait in the cell phone parking lot.

FROM OUR COMMUNITY:

“The FPL SolarNow program makes a lot of sense, and with the addition of hundreds of solar panels at Palm Beach International Airport, it is an exciting and positive step in the right direction as we work toward decreasing our environmental footprint. In addition to producing clean, zero-emissions energy, the solar canopy in our cell phone lot is a great benefit for our guests waiting on arriving passengers, providing shade and a cooler place to sit.”

— Laura Beebe
Palm Beach County Director of Airports

PLANTING THE SEEDS FOR A BRIGHTER FUTURE

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.

About the FPL SolarNow Program

- 70+**  **Locations at parks, zoos and museums**
- 50 million**  **Annual visitors to SolarNow locations**
- 100**  **Solar trees and canopies around Florida**
- 2,281 MWh**  **Energy generated through solar trees and canopies**
- 52 thousand**  **Total number of participants**
