

SOLAR IS “PITCH PERFECT” FOR SPRING TRAINING

CHARLOTTE SPORTS PARK
2300 El Jobean Road, Port Charlotte
CHARLOTTE COUNTY

Fans of America’s pastime will also enjoy seeing solar energy at this sports complex, which is the Spring Training home to the Tampa Bay Rays. Whether you’re there during the spring — or any other time of year — the Florida sunshine will generate clean energy at two solar trees and a solar canopy on site.

FROM OUR COMMUNITY:

“This is clean energy that comes right from the sun, and we’re using it just as it’s being collected. Hopefully in the next couple of years, we expect to get quite a few projects started, so you’ll see more and more of them pop up around.”

— Gary Burdahl
Project Manager, Charlotte County

PLANTING THE SEEDS FOR A BRIGHTER FUTURE

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.

About the FPL SolarNow Program

-  **70+** Locations at parks, zoos and museums
-  **50 million** Annual visitors to SolarNow locations
-  **100** Solar trees and canopies around Florida
-  **2,281 MWh** Energy generated through solar trees and canopies
-  **52 thousand** Total number of participants
