

SOLAR BY THE MARINA

LAISHLEY PARK

100 Nesbit Street, Punta Gorda
CHARLOTTE COUNTY

This popular park in Punta Gorda offers a solar canopy, solar shading over the splash pad seating area and rooftop solar by the Laishley Marina. The solar panels provide more than comfortable shade on hot days — they also generate clean energy for the local community.

FROM OUR COMMUNITY:

“It’s a tremendous resource to have all of these solar structures here in Punta Gorda. The solar canopy gives shaded seating for people to watch their children play in the interactive fountain, and it showcases solar energy to all of the Lashley Park visitors. The community loves this park, and we’re excited that they can now see solar technology for themselves in this centrally located spot.”

— Melissa Reichert
Communications Manager
Punta Gorda City Manager’s Office

PLANTING THE SEEDS FOR A BRIGHTER FUTURE

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.

About the FPL SolarNow Program

- 70+**  **Locations at parks, zoos and museums**
- 50 million**  **Annual visitors to SolarNow locations**
- 100**  **Solar trees and canopies around Florida**
- 2,281 MWh**  **Energy generated through solar trees and canopies**
- 52 thousand**  **Total number of participants**
