

SUN, SAND AND SOLAR IN SATELLITE BEACH

PELICAN BEACH PARK

1525 Florida A1A, Satellite Beach

BREVARD COUNTY

One of the most popular destinations in Satellite Beach, Pelican Beach Park serves as a gathering place for residents and visitors. The park's amenities are now enhanced by a solar canopy, which provides shaded parking for cars on hot days — and also feeds clean energy back to the electric grid, benefiting the local community.

FROM OUR COMMUNITY:

“The City is very supportive and appreciative of FPL’s dedication to clean energy. We are happy to partner with them to bring solar-sourced energy to their customers. Additionally, the project brings shade and electric outlets to the park to support our special events. To bring this project to fruition, our City Council approved the land lease and the staff expedited the permitting. FPL has been an important partner in the City’s sustainability efforts, and we look forward to completing the projects together in the future.”

— Frank Catino
Mayor, Satellite Beach

PLANTING THE SEEDS FOR A BRIGHTER FUTURE

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.

About the FPL SolarNow Program

-  **70+** Locations at parks, zoos and museums
-  **50 million** Annual visitors to SolarNow locations
-  **100** Solar trees and canopies around Florida
-  **2,281 MWh** Energy generated through solar trees and canopies
-  **52 thousand** Total number of participants
