## FROM OUR COMMUNITY:

“These solar trees are making a lasting impact by bringing clean energy to Riverfront Veterans Memorial Park and making solar energy accessible to the park’s residents and visitors. I’m happy to see the SolarNow program in our community, because it fits in with the surrounding neighborhood and puts solar energy in this highly visible spot, where everyone can see it up close.”

— Brandon Young  
Vice Mayor, South Daytona

### PLANTING THE SEEDS FOR A BRIGHTER FUTURE

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.
