

SOLAR SHINES FOR YOUNG STARS

S.T.A.R.S. COMPLEX

2980 Edison Avenue, Fort Myers

LEE COUNTY

Whether they're playing basketball at the facility or enjoying an educational program, young residents of Fort Myers find their fun in this safe haven. Now, they can also catch some shade under three solar canopies, which have the additional benefit of providing the community with clean energy.

FROM OUR COMMUNITY:

“All of the children who come to S.T.A.R.S. Complex will now be able to see solar energy up close, since this popular spot is so visible in the community. Not only that, but also parents can enjoy shaded parking, keeping their cars cool under the solar canopies. This community loves this complex, and it is an added benefit to have solar energy on site for everyone who utilizes the facilities.”

— Amber Smith
Public Works Administrator, City of Fort Myers

PLANTING THE SEEDS FOR A BRIGHTER FUTURE

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.
