## FROM OUR COMMUNITY:

“St. Augustine Distillery is proud to be the steward of this landmark building built by FPL in 1917, where we distill craft spirits in the same location FPL manufactured block ice more than a century ago. We’re equally excited to be part of FPL’s future, as our visitors can now see and experience solar energy produced up close, all while resting comfortably under the SolarNow canopies at our front door.”

— Philip McDaniel  
CEO
