

HEALING ENERGY OFFERED AT MIAMI'S BAPTIST HOSPITAL

BAPTIST HOSPITAL

8800 N. Kendall Drive, Miami

MIAMI-DADE COUNTY

Baptist Hospital has long been a landmark in the East Kendall area, serving thousands of patients annually. Whether you're there for medical care or self-care, the lakes and walking trails provide patients and employees with a serene sanctuary. The surrounding area is a popular place for residents to exercise or take a stroll around the half-mile tree-lined track, while making friends with the on-site resident ducks. You can catch some shade underneath a solar tree that also generates clean energy for the community.

FROM OUR COMMUNITY:

“At Baptist Hospital, we know how important it is for our patients, employees and the local residents to have a place to visit that offers tranquility and peace. Our walking trails and lakes provide a quiet setting, and now with the addition of an FPL SolarNow tree, it also provides a way for the public to see solar energy technology up close.”

- Patricia Rosello,
Chief Executive Officer, Baptist Hospital

PLANTING THE SEEDS FOR A BRIGHTER FUTURE.

FPL SolarNow solar trees and canopies are innovative solar structures created by the community for the community. They provide shade and harness the power of the sun to generate emissions-free energy that benefits all of us while encouraging future generations to learn more about solar energy.

About the FPL SolarNow Program

- 70+  Locations at parks, zoos and museums
- 50 MILLION  Visitors annually to SolarNow locations
- 100  Solar trees and canopies around Florida
- 2,472 kWh  Energy generated through solar trees and canopies
- 52 THOUSAND  Total number of participants
