What You Need To Know About Franchising Generally

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit E.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the Location of the State Specific Addenda, Exhibit G.

1. THE FRANCHISOR, AND ANY PARENTS, PREDECESSORS, AND AFFILIATES

To simplify the language in this Franchise Disclosure Document ("FDD") "Aire-Master" or "AM" means Aire-Master of America, Inc., the Franchisor, and "You" means the franchisee or the person or legal entity [includes a corporation, partnership, limited liability company or other legal entity (collectively "legal entity") and their owners, officers and directors] who acquires the franchise.

Aire-Master is a Missouri corporation, incorporated on August 27, 1976, doing business under the name "Aire-Master of America" or "Aire-Master". Aire-Master's corporate offices and facilities are at 1821 N. Hwy CC, with mailing address of P.O. Box 2310, Nixa, Missouri 65714, and acquired predecessor Jerry P. McCauley's assets and operations on AM's formation. Aire-Master has no parents or subsidiaries.

Aire-Master owns and operates an odor control, scent branding, and commercial hygiene systems business in a number of states, and manufactures products used in the business. It offers franchises for the odor control and cleaning business. Aire-Master has operated a business of the type you will conduct since 1977. Aire-Master first offered and granted a franchise for odor control and commercial hygiene systems in 1977, and does not and has not granted franchises in any other line of business. Aire-Master manufactures and markets certain odor control and cleaning products under the trademark "EsScents" through distributors who are not franchisees, which are similar to products utilized in the Aire-Master franchise system. Aire-Master manufactures various products for third parties packaged under private label. Aire-Master has no other business activities and no affiliates.

Aire-Master's registered agents authorized to receive service of process in various states are listed in Exhibit D.

Aire-Master's predecessor was Jerry P. McCauley operating as a sole proprietorship under the name of Aire-Master Company, with business address of 1910 S. Stewart, Springfield, Missouri 65804. Jerry was active in all phases of the business to be operated by you from 1966 through 2012. He did not offer or grant a franchise in odor control and commercial hygiene systems or any other business, the first franchise being granted by Aire-Master.

Aire-Master franchises the odor control, scent branding, hand care, and cleaning business, with scheduled cleaning of restrooms and servicing of deodorizing and product dispensing equipment, including right to use the name, Marks (as defined below), operational concepts and methods, forms, manuals and other literature, products, copyrights, trade secrets, training procedures, advertising and marketing programs, etc., (the "Aire-Master System" or "System"), all as limited by the Franchise Agreement (the "Franchise Agreement" or "Agreement").

The general market is restrooms, lobbies, offices, eating areas, and living spaces, of commercial businesses such as hospitals, clinics, doctor's offices, adult care, apartments and multi-family housing, hotels and lodging, office buildings, amusement and recreation daycares, restaurants, and retail outlets.

There are no regulations specific to the industry in which the franchise business operates.

5. INITIAL FEES

The initial franchise fee is not uniform for all franchisees, and ranges from \$30,000 to \$100,000. A required \$4,000 minimum inventory purchase must be added to the initial franchise fee as part of the initial fee. The franchise fee is \$.10 per person within the territory, with a minimum \$30,000 franchise fee (\$34,000 initial fee with minimum inventory) for a population up to 300,000. The typical minimum territory population approved is 500,000 (franchise fee of \$50,000, \$54,000 initial fee with minimum inventory) or more, e.g., for a territory population of 1,000,000, the franchise fee would be \$100,000 (calculated as 1,000,000 times .10) (\$104,000 initial fee with minimum inventory). The current minimum inventory purchase is \$4,000. The average territory requires only the minimum \$4,000 inventory. In the fiscal year ending March 31, 2024 the required inventory purchase was \$4,000 for all franchises sold. You must purchase items listed in franchise agreement Schedule A, including deodorizing and cleaning units, hand and other liquid, solid, semi-solid, powdered, and aerosol disinfectants, cleaning, and sanitizing, chemicals, agents, and, soaps, toilet bowl, urinal and commode screens, shields, mats, service and identification labels, signs, vehicle graphics, literature, stationery, business cards, forms, and uniforms. You must pay the franchise fee and pay for the initial inventory provided by Aire-Master on execution of the agreement unless other arrangements are made. You are required to attend the Annual Franchisee Convention and must pay Aire-Master a \$1,1800 set fee payable \$425 quarterly, including attendance, hotel room charge for the conference days and certain meals designated by Aire-Master for up to 2 persons, but not including your travel expenses. You may be required to pay Annual Franchisee Convention fee installment before opening. Aire-Master's proprietary software is licensed to franchisees during the franchise term as part of the initial franchise fee and royalties and without additional charge.

Aire-Master has the right reduce the fee for unusual circumstances, for example, low population density or sustained depressed economic conditions. Aire-Master has the right increase the fee for previous sales activity (either Aire-Master run or reacquired from a franchisee).

Aire-Master has the right to defer payment of the Initial Franchise Fee for additional franchise territory licensed under a separate franchise agreement to existing franchisees. Qualifications for consideration for deferral include: 1) having been and being in full compliance with their obligations as franchisee, 2) demonstration of: a) a high degree of motivation, b) the ability to achieve rapid expansion, and c) development of a quality account base, 3) meeting other criteria as determined in Aire-Master's sole discretion. The Initial Franchise Fee may be deferred until the earlier of: up to 2 years, or transfer of the territory for which the Initial Franchise Fee has been deferred.

Aire-Master currently offers a 10% discount on the initial franchisee fee for qualified veterans of the U.S. Armed Services who have been honorably discharged and who have had at least one year of active service.

Aire-Master encourages You to obtain financial assistance through your financial sources or other financial institutions that may be able to meet your needs. In some cases, Aire-Master may finance a portion of the franchise license fee, but is not required to. Due to the variance

in initial franchise fee, inventory required and financing terms it is not possible to provide an accurate estimate of loan repayments or interest on the initial investment. Aire-Master does not restrict your source of financing, and you may incur loan interest and repayment obligations from unrelated third parties.

No fee or charge is refundable under any circumstances, except Aire-Master agrees to deliver products, equipment and or supplies within a reasonable time after receipt of order, assuming no unusual problems with delivery, strikes, inventory of supplies or otherwise. If Aire-Master fails to deliver the product, equipment, or supplies necessary to begin substantial operation of the business within 45 days of the delivery date stated above, Franchisee may notify Aire-Master in writing and cancel the Franchise Agreement, and Aire-Master will refund the Franchisee's entire initial franchise fee.

No fee or charge paid to Aire-Master is refundable under any circumstances. Other fees or charges paid to third parties may be refundable depending on those parties' terms.

1. All fees are imposed by and payable to Aire-Master and are non-refundable. Fees imposed by Aire-Master are uniformly imposed for all franchisees, except the initial franchise fee and transfer fees may be reduced in Aire-Master's discretion. Aire-Master is not required to but has currently used its discretion under the agreement to set volume royalty discounts as follows: 5% of monthly Gross Service Billings up to \$25,000; plus 4% over \$25,000 up to \$50,000; plus 3% over \$50,000; and had reduced the royalty on paper products to 2.5% using its discretion in the Agreement. Items with reduced/waived royalty amount do not count in calculating volume royalty reduction. The \$250 minimum monthly royalty in the second and following years is not a representation or indication of your gross receipts, but is only Aire-Master's business determination of the minimum royalty necessary to cover administrative costs and justify continuation of the franchise license.

2. Licensed to franchisees without additional charge.

3. Maximum allowed by law, if less than 1.5% per month. A \$15 late royalty fee is charged if the report is not received by the 25th of the following month, and each successive month until paid.

4. Travel expenses include airfare, hotel, meals, and a rental car if needed. Recent expenses have ranged from \$1,300 to \$1,750 for one representative, but may be more depending on time to plan to obtain better airfare, length of stay and number of representatives sent.

5. Aire-Master has the right in its discretion may reduce this transfer fee in certain circumstances, e.g., it has in the past reduced the fee to \$2,500 for a transfer to another current franchisee, and has charged a single fee where one territory has been divided and sold to two different new franchisees. The transfer fee includes up to 5 days training at Aire-Master's Nixa, Missouri location, up to 5 days of on-site training at franchisee's location by a corporate salesperson, and use of the Route-Master computer software during the term of the franchise. Any reduction in the transfer fee may result in adjustments to the initial support functions provided by Aire-Master.

If a transfer involves splitting a territory, Aire-Master will license the transferee-franchisee to use the Route-Master computer software during the franchise term without additional charge.

6. Aire-Master has not required any franchisee to pay the cost of audit, and therefore cannot estimate the cost. Factors in cost include the length of the period being audited, number of transactions to be reviewed, condition and organization of books etc., and the cost could be substantial.

No fee or charge paid to Aire-Master is refundable under any circumstances. Other fees or charges paid to third parties may be refundable depending on those parties' terms. Aire-Master will not finance other opening or operating costs, and will not guarantee your note or obligation to any third party.

1. You must purchase initial inventory of supplies and equipment from Aire-Master before you commence business. The required minimum inventory purchase is \$4,000 and may be up to \$8,000 or possibly higher if necessary to have adequate supplies to service larger territories. The average territory will require only the \$4,000 minimum inventory. On termination, Aire-Master has the option but is not required to purchase your equipment, inventory, and products.

2. The majority of your business operations occurs at the customer's premises and requires minimal real property use. This use includes office operations and a moderate amount of safe, dry, and convenient storage for inventory and equipment. You may find the garage of your residence and a heated space for office work adequate if not prohibited by zoning and occupancy regulations, etc., which would reduce the amount required to start business. A typical space to store inventory and equipment ranges from a 10'x10'x2' shelving unit to a 10'x10' storage unit, depending on the size of the franchise and services and products offered. The typical office requires space for a desk, computer, printer, telephone, and files. Ninety percent of franchisees use their home for office space and garage for storage if permitted. Franchisee may have some cost to modify Franchisee's home, and cost will be higher if Franchisee leases a storage unit(s) or commercial space.

3. You must purchase computer hardware from third parties meeting certain minimum requirements, see estimated cost range in Item 7 table, above. The computer industry is

constantly advancing, and Aire-Master sets minimum requirements at an appropriate level between state of the art and obsolete. Generally, computers purchased within one to two years meet these requirements. MINIMUM: Internet connected desktop or laptop computer with current operating system (Windows or Mac) and laser printer. E-mail account. Up to date web browser (Internet Explorer, Chrome, Firefox, Safari). Up to date security software. Minimum 6 Mbps Broadband internet access, 12 Mbps or faster, and secondary internet provider recommended. You must maintain the computer system in good working and operational condition. There are no specific upgrade or update requirements. There are no contractual limits on the frequency or expense of Your duty to maintain and update the computer system. You must use Aire-Master's web-based online software that sends information from your computer system to Aire-Master, and Aire-Master has access to Your information stored in the online system. Aire-Master does not have independent access to information stored on Your computer system. There are no contractual limits imposed on Aire-Master's access to Your information stored on Your computer system or the online system.

4. Aire-Master licenses Aire-Master's confidential and proprietary computer software to franchisees and You must use Aire-Master's proprietary computer software. At present, there is no cost associated with this software, however, we may collect a fee in the future. The software cannot be acquired from other sources. Aire-Master's proprietary computer software is web-based, and is accessible during the franchise license term, and cannot be used or accessed after expiration of the term, termination, or non-renewal of the franchise for any reason. The software coordinates and facilitates route scheduling, handles invoices and statements (including sales tax calculation), account receivable ledger and aging report, and calculates commissions and royalty and sales tax reports. General ledger and payroll modules are NOT included in the software. You must have software for internet access and e-mail.

5. Required equipment includes: suitable vehicle(s) to travel to and service accounts, including transporting inventory, tools and equipment; miscellaneous small tools for installation of equipment, e.g., ladder, drill, screwdrivers, electric extension cord, etc.; miscellaneous office equipment such as desk, file cabinet, calculator, etc.; appropriate telephone service, equipment and a facsimile machine; and warehouse equipment, including shelving, etc. Cellular telephones are highly recommended. You may be able to use a currently owned vehicle if suitable, which would reduce the minimum amount required to start business. Primary vehicle is required to have permanent or removable Aire-Master Logos for advertising, and must meet approved Brand guidelines.

6. You may incur expenses for professional services (e.g., accountants or attorneys) in acquisition of the franchise and or formation of a business entity (e.g., partnership, corporation, or limited liability company) or ongoing services.

7. There may be fees etc. charged or made by federal, state, or local government, or by unrelated third parties, before a business may commence operation.

8. E.g., Business telephone typical installation \$60.

9. As with any business, you must have adequate working capital to live on and run the business during start up and after, for example payment of rent and employees' salaries and dealing with variations in cash flow.

Examples of estimated advertising expenses include purchase of promotional materials from AM up to a \$250 annual maximum (not including the advertising fund fee).

Other examples of estimated additional expenses include business telephone monthly service \$100, storage locker if residence garage not available: \$50-\$100; liability insurance: \$155 to \$1,400; annual auto insurance: \$500 to \$1,500 per vehicle; gas and miscellaneous auto expenses: \$150 to \$1,500 per month (or more depending on the number of vehicles operated); utilities for business location other than residence \$200 to \$400 per month, internet service fees of \$50 per month. There may be other expenses not specifically listed. Personal living expenses etc. not included. Typically, franchises do not require employees during the initial 3 months and no employee expenses are included.

10. You must attend the annual Franchisee Conference at your expense, including transportation, meals, lodging, cost of meeting facilities, and wages or salaries of your employees attending. You have no option, right of first refusal, or similar rights, to purchase or acquire additional territory or franchises (however, Aire-Master reserves the right in its sole discretion to grant such rights).

The continuation of your territorial exclusivity and the franchise itself are dependent on achievement of certain sales volume, market penetration or other requirements, and Aire-Master has the right to alter or cancel your territory or franchise (Franchise Agreement, Sections 3, 6 and 7). The minimum sales volume is determined by the Territory population times \$.10 per person. The initial minimum sales volume is $\frac{1}{3}$ of the formula amount during the 1st year and $\frac{2}{3}$ of formula amount during the 2nd year of the initial 3-year period. At renewal of the franchise agreement every 3 years, the minimum sales volume is adjusted for changes in population, inflation by CPI and for changes in Aire-Master's then current formula.

18. PUBLIC FIGURES

Aire-Master does not use any public figures to promote its franchise.

19. FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential Financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

The earnings claims figure(s) does (do) not reflect the costs of sales, operating expenses, or other costs or expenses that must be deducted from the gross revenue or gross sales figures to obtain your net income or profit. You should conduct an independent investigation of the costs and expenses you will incur in operating your (franchised business). Franchisees or former franchisees, listed in the offering circular, may be one source of this information.

The following financial performance representation is historic.

At the end of calendar year 2023, Aire-Master had 115 franchises and 4 franchisor-operated locations. 106 US franchises reported sales for the entire 2023 calendar year. Some of the 113 franchises had less than 12 months reporting, because they started mid-year, sold, retired, or were terminated. The figures in this report include only the 103 full year US franchises, to keep the numbers consistent. The 103 full-year franchisees had been in operation from 1 year to 45 years by the end of 2023. The one Canadian franchise is excluded, so as not to introduce the exchange rate variable. No franchisor location data is included.

The sales figures presented on the following page are taken from the Adjusted Gross Sales on monthly royalty reports the franchises submitted. Adjusted Gross Sales is gross sales minus write offs and returns. These numbers do not reflect sales tax, the costs of sales, operating expenses, or other costs or expenses that must be deducted to obtain net income or profit. The figures do not include royalty fees and other franchise related expenses. You should conduct an independent investigation of the costs and expenses you will incur in operating your franchise business. Franchisees or former franchisees, listed in the franchise disclosure document, may be one source of this information.

Some franchises have sold this amount. Your individual results may differ. There is no assurance that you'll sell as much.

Written substantiation for the financial performance representation will be made available to the prospective franchisee upon reasonable request.

Franchisee shall furnish Aire-Master with evidence of compliance satisfactory to Aire-Master with this obligation within thirty (30) days after Termination.
- d. Franchisee shall make or cause to be made necessary changes in Franchisee’s business name and products handled to disassociate Aire-Master’s name and identity from Franchisee’s business and marks. This includes but is not limited to withdrawal of all advertising matter, destruction of all letterheads, invoices, business cards, removal of all signs and any other articles which display the Marks or trade dress associated with the System as Aire-Master may direct to effectively to distinguish the same from any connections with Aire-Master. - g. This includes but is not limited to as a consultant, independent contractor, officer, employee, or owner, whether partnership, corporation, sole proprietorship, or otherwise. Aire-Master shall have right to determine whether competition or similarity exist.
- h. For three (3) years following Termination Franchisee shall not divert or attempt to divert any business or customers from Aire-Master or its franchisees, by influencing

or attempting to influence previously existing customers or otherwise, directly or indirectly.

i. Franchisee shall not do or perform directly or indirectly, any other act injurious or prejudicial to the goodwill associated with the Marks or System.

j. The covenants contained in Sections 00, 00 and 00 shall be construed as independent of any other provision of this Agreement, and the existence of any claim or cause of action of Franchisee against Aire-Master, whether predicated upon this Agreement or otherwise, shall not constitute a defense to the enforcement by Aire-Master of such covenants, equitably and/or at law.

k. Franchisee shall sell to Aire-Master, at Aire-Master's option all or any one or more of the items of equipment, products and inventory used by Franchisee in the conduct of the System for their cost to Franchisee. This specifically includes machines and products "on location" at customer's places of business. Franchisee agrees not to remove any of said machines, products, advertising or labels during said ninety (90) day option period. The purchase price shall be the greater of: (i) Franchisee's book value for equipment or (ii) 10% of Franchisee's cost. Aire-Master shall exercise its option at any time within ninety (90) days after Termination. If not repurchased, Franchisee agrees to remove the machines and products within one hundred and twenty (120) days after Termination from customer's place of business. Aire-Master shall make payment upon delivery, as specified by Aire-Master.

l. In addition to the purchase option above, Aire-Master has a right of first refusal to purchase all or any one or more of the items of equipment, products and inventory on the same terms offered to any other person or entity, or if less, the greater of: (i) Franchisee's book value for equipment or (ii) 10% of Franchisee's cost. Aire-Master may assign its right of first refusal to any other person. Franchisee shall give Aire-Master written notice of any offer accompanied by a true and exact copy of a written agreement embodying all the terms and conditions under which Franchisee proposes to sell. Any material change in the terms of any offer prior to closing constitutes a new offer subject to the same right of first refusal by Aire-Master or its assign as in the case of an initial offer. Aire-Master's failure to exercise the right of first refusal afforded by this subparagraph shall not constitute a waiver of any other provision of this Agreement. Aire-Master or its assign has thirty (30) days after the receipt of notice to exercise its option in writing. If Aire-Master fails to accept the offer within the time provided, Franchisee is not in default under any provision of this Agreement and has satisfied the other conditions on transfer, Franchisee shall be free to sell the equipment, products and inventory to the person who made the offer in accordance with the terms of the written agreement which accompanied the notice to Aire-Master for sixty (60) days after the date Aire-Master received notice of the proposed sale.

m. Franchisee shall deliver to Aire-Master at a place and time designated by Aire-Master all of the route books, customer lists, master route file, and related documents used by Franchisee in connection with the System and Licensed Franchise Operation within fifteen (15) days after Termination.

n. Franchisee grants Aire-Master a security interest in Franchisee's inventory and equipment purchased from Aire-Master as security for Franchisee's obligations on

Termination. Franchisee agrees to cooperate and execute and or hereby authorizes Aire-Master to execute on Franchisee's behalf as debtor any financing statements or other documents necessary or desirable for Aire-Master to file to evidence and perfect its security interest.

o. If Franchisee continues to operate or subsequently begins to operate another business, it shall not use any reproduction, counterfeit, copy or colorable imitation of the Marks in connection with such other business or its promotion which is likely to cause confusion, mistake or deception, or dilute Aire-Master's exclusive rights in and to the Marks. Franchisee shall not use any trade dress, designation of origin, description or representation which falsely suggests or represents any association or connection with Aire-Master constituting unfair competition.

p. If at any time within Three (3) years of Termination, Franchisee for any reason continues to operate or subsequently begins to operate another similar or competing business, including not limited to as a consultant, independent contractor, officer, employee, or owner, whether partnership, corporation, sole proprietorship, or otherwise, then continuing until the later of the final termination date set forth in Section 0 or until Franchisee or any successor to Franchisee has not operated a similar or competing business for a continuous Three (3) year period, Franchisee will continue to pay the royalty, including minimum royalty, reimbursements to Aire-Master for any gross receipts, sales, use or other tax or assessment assessed by any taxing authority, reporting, and late payment fee, all as provided in Section 0. For purposes of this paragraph, "Gross Service Billings" means all sales and receipts by Franchisee, including gross charges for labor, equipment, products, leases, or rental agreements, similar to or competing with the Aire-Master System. Franchisee shall furnish to Aire-Master the returns as provided in Section 0. Aire-Master has the right to audit as provided in Section 0. If Franchisee fails to deliver all the reports and returns, or Aire-Master otherwise has reason to believe the reported amount is incorrect, Franchisee's monthly Gross Service Billings shall be deemed to be the highest monthly amount previously reported by Franchisee or documented by Aire-Master. The provisions of Section 0 continue to apply. Until the provisions of this paragraph cease to apply, if Franchisee sells, transfers or otherwise disposes of the similar or competing business, Franchisee shall include a requirement that the person or entity acquiring the business pay the royalty and comply with the other provisions of this paragraph, and in any case, Franchisee shall remain personally liable to Aire-Master and guaranty the obligations of the person or entity acquiring the business for the payments and obligations of this paragraph.

q. Franchisee shall comply with the covenants contained in this Agreement.

8. CONSENT TO TRANSFER

8.1 Aire-Master shall have the right to transfer or assign all or any part of its rights or obligations herein to any person or legal entity, including, without limitation, to Aire-Master franchisees, provided in Aire-Master's good faith judgment the Assignee is willing and able to assume Aire-Master's obligations under this Agreement. Franchisee agrees to execute any forms Aire-Master may reasonably request to effectuate any assignment by Aire-Master. On such full or partial assignment, this Agreement shall remain in full force

and effect, and be enforceable by either Aire-Master or its successor in interest, including but not limited to the provisions on non-competition.

8.2 Franchisee understands and acknowledges that the rights and duties set forth in this Agreement are personal to Franchisee, and that Aire-Master has granted this franchise in reliance on Franchisee's business skill and financial capacity (and if Franchisee is not a sole proprietorship, then in reliance on the Designated Shareholder's, the person(s) forming the entity granted the franchise, and or the Designated Principal Executive Officer's business skill and financial capacity). Accordingly, Franchisee shall not sell, assign, transfer, convey, give away, pledge, mortgage or otherwise encumber any interest in this franchise or Franchisee without Aire-Master's prior written consent. Any purported assignment or transfer, by operation of law or otherwise, without Aire-Master's prior written consent, shall be null and void, shall constitute a material breach of this Agreement, and shall be cause for termination as provided in Sections 0, 0, and 0 above.

8.3 Franchisee shall not offer to sell, transfer, or assign this Agreement privately, through any medium of public advertising or otherwise during the first 3 years of operation, either a new or transferred franchise, except with Aire-Master's consent, which Aire-Master will not unreasonably withhold.

8.4 Franchisee shall not offer to sell, transfer, or assign this Agreement privately, through any medium of public advertising or otherwise without first having complied with the terms and conditions of this Agreement and all applicable state and Federal statutes and regulations.

8.5 Aire-Master has a right of first refusal to purchase Franchisee's business on the same terms offered to any other person or entity. Aire-Master may assign its right of first refusal to any other person. Franchisee shall give Aire-Master written notice of any offer accompanied by a true and exact copy of a written agreement embodying all the terms and conditions under which Franchisee proposes to sell the business. Any material change in the terms of any offer prior to closing constitutes a new offer subject to the same right of first refusal by Aire-Master or its assign as in the case of an initial offer. Aire-Master's failure to exercise the right of first refusal afforded by this Section 0 shall not constitute a waiver of any other provision of this Agreement, including this Section 0. Aire-Master or its assign has thirty (30) days after the receipt of notice to exercise its option in writing. If Aire-Master fails to accept the offer within the time provided, Franchisee is not in default under any provision of this Agreement and has satisfied the other conditions on transfer, and the proposed transferee satisfies the requirements of Section 0 below, Franchisee shall be free to sell the business to the person who made the offer in accordance with the terms of the written agreement which accompanied the notice to Aire-Master for sixty (60) days after the date Aire-Master received notice of the proposed sale.

8.6 Aire-Master shall not unreasonably withhold its consent to a transfer of any interest of Franchisee in this Franchise or Franchisee, provided that prior to the consent and transfer, Franchisee fulfills the terms of Aire-Master's transfer policy then in effect. Unless waived in writing by Aire-Master, Franchisee and or transferee must comply with the following:

- a. Franchisee has operated the franchise for three years;

- b. Franchisee satisfies all its accrued monetary obligations to Aire-Master and all other outstanding obligations related to the Licensed Franchise Operation;
- c. Franchisee executes a general release under seal in a form satisfactory to Aire-Master of all claims against Aire-Master and its officers, directors, shareholders, and employees, in their corporate and individual capacities, including without limitation, claims under federal, state and local laws, rules and ordinances.

As to only franchisees with a part of the Territory located in the state of New York:

Provided however, that all rights enjoyed by the Franchisee and any causes of action arising in its favor from the provisions of Article 33 of the General Business Law of the State of New York and the regulations issued thereunder shall remain in force; it being the intent of this proviso that the non-waiver provisions of the General Business Law, Section 687.4 and 687.5 be satisfied.

- d. The transferee demonstrates to Aire-Master's satisfaction that it:
 - i. meets Aire-Master's managerial and business standards;
 - ii. possesses a good moral character, business reputation, and credit rating;

has the aptitude and ability to conduct the Licensed Franchise Operation herein (as may be evidenced by prior related business experience or otherwise); and
 - iii. has adequate financial resources and capital to operate the Licensed Franchise Operation.
- e. Transferee furnishes to Aire-Master such financial and other information as Aire-Master requests, and completes such forms or documents as Aire-Master requires.
- f. The transferee executes (and/or, upon Aire-Master's request, cause all interested parties execute) Aire-Master's then current standard form franchise agreement and other ancillary agreement(s) as Aire-Master may require;
- g. At the transferee's expense and upon such other terms and conditions as Aire-Master may reasonably require, transferee and/or transferee's manager completes the training course then in effect for new franchisees.
- h. On Aire-Master granting approval for and as a condition of the transfer, Franchisee shall pay Aire-Master a Ten Thousand Five Hundred Dollars (\$10,500.00) transfer fee for any assignment or splitting of the Territory, for each Territory or portion thereof transferred to separate persons or entities.
- i. Such additional requirements as Aire-Master shall establish for all franchisees from time to time or shall specifically request of Franchisee.

8.7 In the event the proposed transferee is not a sole proprietorship, Aire-Master's consent to such transfer shall be conditioned on the requirements set forth in Section 0 and 0, and the transferee agreeing to comply with the provisions of Sections 0 and 0, regarding the transfer and issuance of securities.

8.8 On the death or permanent incapacity of any Designated Shareholder or other person with any interest in this franchise or in Franchisee, the executor, administrator,

personal representative or trustee or other authorized representative of such person (the “Representative”) shall transfer the interest to a third party approved by Aire-Master within a reasonable time. If the heirs, beneficiaries or other recipient of any such person are unable to meet the conditions in Section 0, the Representative of the deceased person shall have a reasonable time to dispose of the deceased’s interest in the franchise or Franchisee. Post-death dispositions are subject to all the terms and conditions for transfers contained in this Agreement the same as a lifetime transfer, including without limitation transfers by devise, bequest or inheritance.

8.9 On the dissolution or other termination of a Franchisee that is not a sole proprietorship, the authorized representative shall transfer the franchise interest to a third party approved by Aire-Master within a reasonable time. Such transfers are subject to all the terms and conditions for transfers contained in this Agreement.

8.10 Aire-Master’s consent to a transfer of any interest in the franchise or Franchisee shall not constitute a waiver of any claims it may have against the transferor, nor shall it be deemed a waiver of Aire-Master’s right to demand exact compliance with any of the terms of this Agreement by the transferor or transferee.

9. CONFIDENTIAL INFORMATION

9.1 Aire-Master and Franchisee shall mutually treat as confidential and safeguard all information, knowledge, know how, reports, and records pertaining to this Franchise, except to the extent that there may be some other specific agreement in writing to the contrary. Franchisee shall divulge such confidential information only to its employees who must have access to operate the franchised business, and who have executed the confidentiality agreement as provided herein.

10. GENERAL CONTRACTUAL PROVISIONS

10.1 This is a Missouri contract and shall be governed by and interpreted and construed under laws of that state, which laws shall prevail in the event of any conflict of law, unless otherwise required by the state within which the Territory is located.

As to only franchisees a part of whose Territory is located in the state of New York:

The foregoing choice of law should not be considered a waiver of any right conferred upon either Aire-Master or upon Franchisee by the General Business Law of the State of New York, Article 33.

10.2 Either party’s failure to enforce any of the provisions of this Agreement shall not waive such provision(s), or the party’s right thereafter to enforce each provision.

10.3 The parties acknowledge that this Agreement has been prepared with an attempt to avoid legal antiques and repetitive phrases. The intent is not to alter the terms but to make the document more readable. For example, references to “including” rather than “including but not limited to”; “from” rather than “whatsoever arising or occurring upon or in connection with”; or omission of “at any time, or for any period of time”, “thereof” or “hereof” shall not be interpreted as limitations of effect or coverage.

10.4 The headings, captions and arrangements used in this Agreement or any related document are for convenience only and shall not be deemed to limit, amplify or modify the terms or effect the meaning of the Agreement or other documents, unless specified

otherwise. References to “Articles” or “Sections” are to articles and sections of this Agreement unless specifically indicated otherwise. References to “Exhibits” or “Schedules” are to attached exhibits or schedules, all of which are incorporated by reference and made a part of the Agreement as if set forth herein verbatim.

10.5 This instrument contains the entire and only agreement between the parties respecting the subject matter of this Agreement, all prior and collateral representations, promises and conditions in connection with the subject matter being merged herein, and any representation, promise, or condition not incorporated in this Agreement shall not bind either party. Nothing in the Agreement or in any related agreement is intended to disclaim the representations Aire-Master made in the franchise disclosure document furnished to Franchisee. This instrument supersedes all pre-existing agreements or arrangements between the parties relating to the subject matter, except any balance due owed before the effective date of this Agreement. This Agreement may only be modified or amended in writing signed by both parties, except as to Aire-Master’s rights as provided elsewhere.

10.6 This Agreement takes effect upon its acceptance and execution by Aire-Master in Missouri, and is not effective or binding on Aire-Master until signed by its President, Vice-President, or Treasurer.

10.7 Franchisee shall make a timely written request to Aire-Master whenever this Agreement requires Aire-Master’s prior approval or consent, and such approval or consent shall be obtained in writing.

10.8 Any notice required or permitted shall be in writing and may be given by personal service, overnight express delivery service, or by depositing a copy thereof in United States certified or registered mail, with postage thereon fully prepaid, in a sealed envelope to be addressed as follows:

10.9 Franchisee shall promptly pay to Aire-Master, all costs, expenses, and reasonable attorney’s fees, incurred or paid by Aire-Master in enforcing the terms of this Agreement or in defending any related action or proceeding, whether or not suit is actually filed.

10.10 Any provision of this Agreement or any related document held to be illegal, invalid or unenforceable under present or future laws shall be fully severable, the Agreement shall be construed and enforced as if it had never been a part of the Agreement and the remaining provisions shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by its severance. Furthermore, a provision as similar in terms to such illegal, invalid or unenforceable provision as is possible and may be legal, valid and enforceable shall be added automatically as a part of this Agreement in lieu of the illegal, invalid or unenforceable provision.

10.11 This Agreement shall not confer any rights or remedies on any person or legal entity other than Aire-Master or Franchisee or their respective successors and assigns as contemplated by Section 0. This Agreement is not intended to confer any rights on third parties, and anything to the contrary shall not confer any rights or remedies on third parties and is without effect.

10.12 No right or remedy conferred on or reserved to Aire-Master or Franchisee by this Agreement is exclusive of any other right or remedy herein or by law or equity provided or permitted, but each shall be cumulative of every other right or remedy.

10.13 Aire-Master has the right to seek and obtain injunctive relief under the usual equity rules against threatened conduct that may cause it loss or damage, including restraining orders and preliminary injunctions. Nothing in this Agreement shall bar such relief.

10.14 Franchisee personally submits to and acknowledges the personal jurisdiction of the Circuit Court of the Judicial Circuit of the State of Missouri, and of the Federal Court for the Western District of Missouri.

10.15 The provisions of Sections 0, 0 (including cross references therein), 0, and 0 shall survive the expiration or termination of this Franchise Agreement.

10.16 This Agreement inures to the benefit of and is binding on the parties and their respective heirs, legal representatives, successors and assigns. Nothing in this Agreement is intended to confer, expressly or by implication, on any person who is not a party or an heir, legal representative or successor to a party, any rights or remedies under or by reason of this Agreement.

11. ACKNOWLEDGEMENTS

11.1 No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

11.2 Franchisee and all persons claiming under it shall at any time hereafter, make all such further assurances, and execute such additional documents on Aire-Master's request as Aire-Master deems necessary to effectuate the terms and conditions of this Agreement.

Lender agrees with Company that Lender shall not give any such instructions unless an Event of Default has occurred and is continuing or would occur after taking into account any action by Company with respect to the bailee.

4.2 **Other Actions as to any and all Collateral.** Company further agrees to take any other action reasonably requested by Lender to insure the attachment, perfection and first priority of, and the ability of Lender to enforce, Lender's security interest in any and all of the Collateral including, without limitation, (a) executing, delivering and, where appropriate, filing financing statements and amendments relating thereto under the Uniform Commercial Code, to the extent, if any, that Company's signature thereon is required therefor, (b) causing Lender's name to be noted as secured party on any certificate of title for a titled good if such notation is a condition to attachment, perfection or priority of, or ability of Lender to enforce, Lender's security interest in such Collateral, (c) complying with any provision of any statute, regulation or treaty of the United States as to any Collateral if compliance with such provision is a condition to attachment, perfection or priority of, or ability of Lender to enforce, Lender's security interest in such Collateral, (d) obtaining governmental and other third party consents and approvals, including without limitation any consent of any licensor, lessor or other person obligated on Collateral, (e) obtaining waivers from mortgagees and landlords in form and substance satisfactory to Lender and (f) taking all actions required by any earlier versions of the Uniform Commercial Code or by other law, as applicable in any relevant Uniform Commercial Code jurisdiction, or by other law as applicable in any foreign jurisdiction.

9. Insurance.

9.1 Maintenance of Insurance. Company will maintain with financially sound and reputable insurers insurance with respect to its properties and business against such casualties and contingencies as shall be in accordance with general practices of

businesses engaged in similar activities in similar geographic areas. Such insurance shall be in such minimum amounts that Company will not be deemed a co-insurer under applicable insurance laws, regulations and policies and otherwise shall be in such amounts, contain such terms, be in such forms and be for such periods as may be reasonably satisfactory to Lender. In addition, all such insurance shall be payable to Lender as loss payee. Without limiting the foregoing, Company will (i) keep all of its physical property insured with casualty or physical hazard insurance on an "all risks" basis, with broad form flood and earthquake coverages and electronic data processing coverage, with a full replacement cost endorsement and an "agreed amount" clause in an amount equal to 100% of the full replacement cost of such property, (ii) maintain all such workers' compensation or similar insurance as may be required by law and (iii) maintain, in amounts equal to those generally maintained by businesses engaged in similar activities in similar geographic areas, general public liability insurance against claims of bodily injury, death or property damage occurring, on, in or about the properties of Company; business interruption insurance; and product liability insurance.

9.2 Insurance Proceeds. The proceeds of any casualty insurance in respect of any casualty loss of any of the Collateral shall, subject to the rights, if any, of other parties with a prior interest in the property covered thereby, (i) so long as no Default or Event of Default has occurred and is continuing and to the extent that the amount of such proceeds is less than \$1,000.00, be disbursed to Company for direct application by Company solely to the repair or replacement of Company's property so damaged or destroyed and (ii) in all other circumstances, be held by Lender as cash collateral for the Obligations. Lender may, at its sole option, disburse from time to time all or any part of such proceeds so hold as cash collateral, upon such terms and conditions as Lender may reasonably prescribe, for direct application by Company solely to the repair or replacement of Company's property so damaged or destroyed, or Lender may apply all or any part of such proceeds to the Obligations.

9.3 Notice of Cancellation, etc. All policies of insurance shall provide for at least 30 days prior written cancellation notice to Lender. In the event of failure by Company to provide and maintain insurance as herein provided, Lender may, at its option, provide such insurance and charge the amount thereof to Company. Company shall furnish Lender with certificates of insurance and policies evidencing compliance with the foregoing insurance provision.

10. Collateral Protection Expenses; Preservation of Collateral.

10.1 Expenses Incurred by Lender. In its discretion, Lender may discharge taxes and other encumbrances at any time levied or placed on any of the Collateral, make repairs thereto and pay any necessary filing fees. Company agrees to reimburse Lender on demand for any and all expenditures so made. Lender shall have no obligation to Company to make any such expenditures, nor shall the making thereof relieve Company of any default.

10.2 Lender's Obligations and Duties. Anything herein to the contrary notwithstanding, Company shall remain liable under each contract or agreement comprised in the Collateral to be observed or performed by Company thereunder. Lender shall not have any obligation or liability under any such contract or agreement by reason of or arising out of this Agreement or the receipt by Lender of any payment relating to any of the Collateral, nor shall Lender be obligated in any manner to perform any of the obligations of Company under or pursuant to any such contract or agreement, to make inquiry as to the nature or sufficiency of any payment received by Lender in respect of the Collateral or as to the sufficiency of any performance by any party under any such contract or agreement, to present or file any claim, to take any action to enforce any performance or to collect the payment of any amounts which may have been assigned to Lender or to which Lender may be entitled at any time or times. Lender's sole duty with respect to the custody, safe keeping and physical preservation of the Collateral in its possession, under §9-207 of the Uniform Commercial Code of State or otherwise, shall be to deal with such Collateral in the same manner as Lender deals with similar property for its own account.

11. Securities and Deposits. Lender may at any time, at its option, transfer to itself or any nominee any securities constituting Collateral, receive any income thereon and hold such income as additional Collateral or apply it to the Obligations. Whether or not any Obligations are due, Lender may demand, sue for, collect, or make any settlement or compromise which it deems desirable with respect to the Collateral. Regardless of the adequacy of Collateral or any other security for the Obligations, any deposits or other sums at any time credited by or due from Lender to Company may at any time be applied to or set off against any of the Obligations.

12. Notification to Account Debtors and Other Persons Obligated on Collateral. If an Event of Default shall have occurred and be continuing, Company shall, at the request of Lender, notify account debtors and other persons obligated on any of the Collateral of the security interest of Lender in any account, chattel paper, general intangible, instrument or other Collateral and that payment thereof is to be made directly to Lender or to any financial institution designated by Lender as Lender's agent therefor, and Lender may itself if a Default or an Event of Default shall have occurred and be continuing without notice to or demand upon Company, so notify account debtors and other persons obligated on Collateral. After the making of such a request or the giving of any such notification, Company shall hold any proceeds of collection of accounts, chattel paper, general intangibles, instruments and other Collateral received by Company as trustee for Lender without commingling the same with other funds of Company and shall turn the same over to Lender in the identical form received, together with any necessary endorsements or assignments. Lender shall apply the proceeds of collection of accounts, chattel paper, general intangibles, instruments and other Collateral received by Lender to the Obligations, such proceeds to be immediately entered after final payment in cash or other immediately available funds of the items giving rise to them.

13. Power of Attorney.

13.1 Appointment and Powers of Lender. Company hereby irrevocably constitutes and appoints Lender and any officer or agent thereof, with full power of substitution, as its true and lawful attorneys-in-fact with full irrevocable power and authority in the place and stead of Company or in Lender's own name, for the purpose of carrying out the terms of this Agreement, to take any and all appropriate action and to execute any and all documents and instruments that may be necessary or desirable to accomplish the purposes of this Agreement and, without limiting the generality of the foregoing, hereby gives said attorneys the power and right, on behalf of Company, without notice to or assent by Company, to do the following:

- (a) upon the occurrence and during the continuance of a Default or an Event of Default, generally to sell, transfer, pledge, make any agreement with respect to or otherwise deal with any of the Collateral in such manner as is consistent with the Uniform Commercial Code of State and as fully and completely as though Lender were the absolute owner thereof

for all purposes, and to do at Company's expense, at any time, or from time to time, all acts and things which Lender deems necessary to protect, preserve or realize upon the Collateral and Lender's security interest therein, in order to effect the intent of this Agreement, all as fully and effectively as Company might do, including, without limitation, (i) the filing and prosecuting of registration and transfer applications with the appropriate federal or local agencies or authorities with respect to trademarks, copyrights and patentable inventions and processes, (ii) upon written notice to Company, the exercise of voting rights with respect to voting securities, which rights may be exercised, if Lender so elects, with a view to causing the liquidation in a commercially reasonable manner of assets of the issuer of any such securities and (iii) the execution, delivery and recording, in connection with any sale or other disposition of any Collateral, of the endorsements, assignments or other instruments of conveyance or transfer with respect to such Collateral; and

(b) to the extent that Company's authorization given in §3 is not sufficient, to file such financing statements with respect hereto, with or without Company's signature, or a photocopy of this Agreement in substitution for a financing statement, as Lender may deem appropriate and to execute in Company's name such financing statements and amendments thereto and continuation statements which may require Company's signature.

13.2 Ratification by Company. To the extent permitted by law, Company hereby ratifies all that said attorneys shall lawfully do or cause to be done by virtue hereof. This power of attorney is a power coupled with an interest and shall be irrevocable.

13.3 No Duty on Lender. The powers conferred on Lender hereunder are solely to protect its interests in the Collateral and shall not impose any duty upon it to exercise any such powers. Lender shall be accountable only for the amounts that it actually receives as a result of the exercise of such powers and neither it nor any of its officers, directors, employees or agents shall be responsible to Company for any act or failure to act, except for Lender's own gross negligence or willful misconduct.

14. Remedies. If an Event of Default shall have occurred and be continuing, Lender may, without notice to or demand upon Company, declare this Agreement to be in default, and Lender shall thereafter have in any jurisdiction in which enforcement hereof is sought, in addition to all other rights and remedies, the rights and remedies of a secured party under the Uniform Commercial Code of State or of any jurisdiction in which Collateral is located, including, without limitation, the right to take possession of the Collateral, and for that purpose Lender may, so far as Company can give authority therefor, enter upon any premises on which the Collateral may be situated and remove the same therefrom. Lender may in its discretion require Company to assemble all or any part of the Collateral at such location or locations within the jurisdiction(s) of Company's principal office(s) or at such other locations as Lender may reasonably designate. Unless the Collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, Lender shall give to Company at least five Business Days prior written notice of the time and place of any public sale of Collateral or of the time after which any private sale or any other intended disposition is to be made. Company hereby acknowledges that five Business Days prior written notice of such sale or sales shall be reasonable notice. In addition, Company waives any and all rights that it may have to a judicial hearing in advance of the enforcement of any of Lender's rights hereunder, including, without limitation, its right following an Event of Default to take immediate possession of the Collateral and to exercise its rights with respect thereto.

15. Standards for Exercising Remedies. To the extent that applicable law imposes duties on Lender to exercise remedies in a commercially reasonable manner, Company acknowledges and agrees that it is not commercially unreasonable for Lender (a) to fail to incur expenses reasonably deemed significant by Lender to prepare Collateral for disposition or otherwise to complete raw material or work in process into finished goods or other finished products for disposition, (b) to fail to obtain third party consents for access to Collateral to

be disposed of, or to obtain or, if not required by other law, to fail to obtain governmental or third party consents for the collection or disposition of Collateral to be collected or disposed of, (c) to fail to exercise collection remedies against account debtors or other persons obligated on Collateral or to remove liens or encumbrances on or any adverse claims against Collateral, (d) to exercise collection remedies against account debtors and other persons obligated on Collateral directly or through the use of collection agencies and other collection specialists, (e) to advertise dispositions of Collateral through publications or media of general circulation, whether or not the Collateral is of a specialized nature, (f) to contact other persons, whether or not in the same business as Company, for expressions of interest in acquiring all or any portion of the Collateral, (g) to hire one or more professional auctioneers to assist in the disposition of Collateral, whether or not the collateral is of a specialized nature, (h) to dispose of Collateral by utilizing Internet sites that provide for the auction of assets of the types included in the Collateral or that have the reasonable capability of doing so, or that match buyers and sellers of assets, (i) to dispose of assets in wholesale rather than retail markets, disposition warranties, (j) to disclaim disposition warranties, (k) to purchase insurance or credit enhancements to insure Lender against risks of loss, collection or disposition of Collateral or to provide to Lender a guaranteed return from the collection or disposition of Collateral, or (l) to the extent deemed appropriate by Lender, to obtain the services of other brokers, investment Bankers, consultants and other professionals to assist Lender in the collection or disposition of any of the Collateral. Company acknowledges that the purpose of this §15 is to provide non-exhaustive indications of what actions or omissions by Lender would not be commercially unreasonable in Lender's exercise of remedies against the Collateral and that other actions or omissions by Lender shall not be deemed commercially unreasonable solely on account of not being indicated in this §15. Without limitation upon the foregoing, nothing contained in this §15 shall be construed to grant any rights to Company or to impose any duties on Lender that would not have been granted or imposed by this Agreement or by applicable law in the absence of this §15.

16. No Waiver by Lender, etc. Lender shall not be deemed to have waived any of its rights upon or under the Obligations or the Collateral unless such waiver shall be in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver on any one occasion shall not be construed as a bar to or waiver of any right on any future occasion. All rights and remedies of Lender with respect to the Obligations or the Collateral, whether evidenced hereby or by any other instrument or papers, shall be cumulative and may be exercised singularly, alternatively, successively or concurrently at such time or at such times as Lender deems expedient.

17. Suretyship Waivers by Company. Company waives demand, notice, protest, notice of acceptance of this Agreement, notice of loans made, credit extended, Collateral received or delivered or other action taken in reliance hereon and all other demands and notices of any description. With respect to both the Obligations and the Collateral, Company assents to any extension or postponement of the time of payment or any other indulgence, to any substitution, exchange or release of or failure to perfect any security interest in any Collateral, to the addition or release of any party or person primarily or secondarily liable, to the acceptance of partial payment thereon and the settlement, compromising or adjusting of any thereof, all in such manner and at such time or times as Lender may deem advisable. Lender shall have no duty as to the collection or protection of the Collateral or any income thereon, nor as to the preservation of rights against prior parties, nor as to the preservation of any rights pertaining thereto beyond the safe custody thereof as set forth in §10.2. Company further waives any and all other suretyship defenses.

18. Marshalling. Lender shall not be required to marshal any present or future collateral security (including but not limited to this Agreement and the Collateral) for, or other assurances of payment of, the Obligations or any of them or to resort to such collateral security or other assurances of payment in any particular order, and all of its rights hereunder and in respect of such collateral security and other assurances of payment shall be cumulative and in addition to all other rights, however existing or arising. To the extent that it lawfully may, Company hereby agrees that it will not invoke any law relating to the marshalling of collateral which might cause delay in or impede the enforcement of Lender's rights under this Agreement or under any

other instrument creating or evidencing any of the Obligations or under which any of the Obligations is outstanding or by which any of the Obligations is secured or payment thereof is otherwise assured, and, to the extent that it lawfully may, Company hereby irrevocably waives the benefits of all such laws.

19. Proceeds of Dispositions; Expenses. Company shall pay to Lender on demand any and all expenses, including reasonable attorneys' fees and disbursements, incurred or paid by Lender in protecting, preserving or enforcing Lender's rights under or in respect of any of the Obligations or any of the Collateral, however, specifically provided, this provisions shall not include Lender=s attorney=s fees associated with the preparation of this security agreement and the promissory note. After deducting all of said expenses, the residue of any proceeds of collection or sale of the Obligations or Collateral shall, to the extent actually received in cash, be applied to the payment of the Obligations in such order or preference as Lender may determine, proper allowance and provision being made for any Obligation, not then due, upon the final payment and satisfaction in full of all of the Obligations and after making any payments required by Sections 9-608(a)(1)(C) or 9-615(a)(3) of the Uniform Commercial Code of State, any excess shall be returned to Company, and Company shall remain liable for any deficiency in the payment of the Obligations.

20. Overdue Amounts. Until paid, all amounts due and payable by Company hereunder shall be a debt secured by the Collateral and shall bear, whether before or after judgment, interest at the note rate of interest.

21. Governing Law; Consent to Jurisdiction. THIS AGREEMENT IS INTENDED TO TAKE EFFECT AS A SEALED INSTRUMENT AND SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF MISSOURI. INDEPENDENT AUDITORS' REPORT

To the Board of Directors
of Aire-Master of America, Inc.

Opinion

We have audited the accompanying financial statements of Aire-Master of America, Inc. (a Missouri corporation), which comprise the balance sheets as of March 31, 2023 and 2022, and the related statements of income, retained earnings, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Aire-Master of America, Inc. as of March 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 1 to the financial statements, the Company changed its method of accounting for leases due to the adoption of Accounting Standards Update No. 2016-02, Leases (Topic 842) as of January 1, 2022. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aire-Master of America, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aire-Master of America, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aire-Master of America, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS – CONTINUED
YEARS ENDED MARCH 31, 2023 AND 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Accounts Receivable

The Company accounts for the potential losses in accounts receivable utilizing the allowance method. Management has provided an allowance for uncollectible accounts at March 31, 2023 and 2022 of \$26,400 and \$34,400, respectively. In reviewing aged receivables, management considers their knowledge of customers, historical activity and current economic conditions in establishing the allowance for doubtful accounts. A trade account receivable is charged to bad debt expense when management determines the receivable is uncollectible.

The Company does not have any significant financing components as franchise fee payments are paid up front and all other payments are typically received within 45-90 days.

Inventory

Inventories are stated at the lower of cost or market based on the first-in, first-out method. Market value is determined by comparison with recent purchases or realizable value.

Leases

The Company accounts for leases in accordance with FASB ASC 842. The Company is a lessee in several noncancellable operating leases for their office facilities, warehouse space, and office equipment. The Company determines if an arrangement is a lease, or contains a lease, at the inception of a contract and when the terms of an existing contract are changed. The Company determines if an arrangement conveys the right to use an identified asset and whether the Company obtains substantially all of the economic benefits from and has the ability to direct the use of the asset. The Company recognizes a lease liability and ROU asset at the commencement date of the lease.

Lease liabilities

A lease liability is measured based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or rate and are measured using the index or rate at the commencement date. Lease payments, including variable payments made based on an index rate, are remeasured when any of the following occur: (1) the lease is modified (and the modification is not accounted for as a separate contract), (2) certain contingencies related to variable lease payments are resolved, or (3) there is a reassessment of any of the following: the lease term, purchase options, or amounts that are probable of being owed under a residual value guarantee. The Company has adopted an accounting policy to utilize the practical expedient for determining the discount rate used in the present value calculations. As such, the Company used the risk-free rate for all leases.

ROU assets

A ROU asset is measured at the commencement date at the amount of the initially measured liability plus any lease payments made to the lessor before or after commencement date, minus any lease incentives received, plus any initial direct costs. Unless impaired, the ROU asset is subsequently measured throughout the lease term at the amount of the lease liability (that is the present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid amounts (accrued lease payments, less the unamortized balance of lease incentives received). Lease cost for lease payments is recognized on a straight-line basis over the lease term.

Accounting policy election for short-term leases

The Company has elected for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes lease costs associated with its short-term leases on a straight-line basis over the lease term.

NOTES TO FINANCIAL STATEMENTS – CONTINUED
YEARS ENDED MARCH 31, 2023 AND 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property and Depreciation

Property and equipment are stated at cost. Depreciation is computed by applying the following methods and estimated lives:

<u>Category</u>	<u>Estimated Life</u>	<u>Method</u>
Vehicles	3-5 years	Declining balance
Machinery and Equip	5-10 years	Declining balance and straight-line
Furniture & fixtures	3-10 years	Declining balance and straight-line
Leasehold improvements	5-40 years	Straight-line

For federal income tax purposes, depreciation is computed using the modified accelerated cost recovery system.

The costs of assets sold or otherwise disposed of and the accumulated depreciation thereon are eliminated from the accounts and the resulting gain or loss is reflected in income, except for gains on assets traded where no cash was received. Expenditures for maintenance and repairs are charged to income as incurred; replacements and betterments that extend the useful lives are capitalized.

Long-lived assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the cost of any long-lived assets may be impaired, and evaluation of recoverability would be performed following generally accepted accounting principles.

Total depreciation expense for the years ended March 31, 2023 and 2022 was \$310,792 and \$320,758, respectively.

Intangible Assets

Intangible assets include franchise rights, goodwill, customer lists, and covenants not to compete. Effective April 1, 2002, the Company adopted Accounting Standard Codification (ASC) No. 350, *Goodwill and Other Intangible Assets*. In accordance with this standard, goodwill and franchise rights will no longer be amortized, but will be tested for impairment at least annually. Customer lists and covenants not to compete are considered to have determinable useful lives and will continue to be amortized over their useful lives.

Advertising

The Company expenses the production costs of advertising as incurred. Advertising expense for the years ended March 31, 2023 and 2022 was \$33,208 and \$42,717, respectively.

Revenue Recognition

The Company's revenue is derived from contracts with customers. The majority of the Company's revenue is derived from franchise fees royalties and retail sales. The Company accounts for revenue in accordance with ASC 606, which the Company adopted on April 1, 2018 using the modified retrospective method. Refer to Note 1 to the financial statements for the fiscal year ended March 31, 2018 for a description of the Company's revenue recognition policy prior to April 1, 2018. The core principle of ASC 606 is to recognize revenue upon the transfer of services or products to customers in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services or products. The Company applies the following framework to recognize revenue:

YEARS ENDED MARCH 31, 2023 AND 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Revenue Recognition - Continued

The Company's major revenues consist of initial franchise fees and royalties from franchised stores operated by conventional franchisees, wholesale and retail sales from manufactured products and service revenue from company-owned franchises. ASC 606 provides that revenues are to be recognized when control of promised goods or services is transferred to a customer in an amount that reflects the consideration expected to be received for those goods or services.

Franchise Fees

Initial franchise fees consist of non-refundable payments received by the Company from franchisees for the rights to develop a specified franchise location. This revenue is recognized after the Company and franchisee enter into a franchise agreement and after significant obligations required of the Company under the franchise agreement are substantially performed such as the deliverable of materials and training services. Any franchise fees received prior to the Company satisfying its obligations are deferred.

The Company has determined there are two distinct performance obligations related to the franchise fee: 1) the distribution of manuals and similar material concerning operations, administration and record keeping which usually occurs at the signing of franchise agreement and training of the franchisee's personnel at the franchisor's location, 2) On-site training of the franchisee's personnel.

The Company adopted the practical expedient that permits franchisors that are not public business entities to account for pre-opening services provided to a franchisee as distinct from the franchise license if the services are consistent with those included in a predefined list within the ASU. Until the performance obligations are met, the remainder of the franchise fee is in deferred revenue on the balance sheet. The Company also receives transfer fees and additional territory fees which are earned as the performance obligations are performed. For fees with no performance obligations, the income is earned over the life of the agreement. The Company had current deferred franchise sale revenues of \$20,000 and \$48,000, respectively, and long-term deferred franchise sale revenues of \$258,895 and \$192,000 respectively, as of March 31, 2023 and 2022.

Royalties

The Company grants a franchise license which gives the franchisee the right to access the Company's intellectual property. The trade name and logo have limited standalone functionality; the utility of the products developed by the entity is derived largely from the products' association with the franchise brand. Substantially all of the utility inherent in the trade name, logo, and product rights granted under the license stems from the entity's past and ongoing activities of establishing, building, and maintaining the franchise brand. The utility of the license is its association with the franchise brand and the related demand for its products. The Company's performance obligation to transfer the license is satisfied over time because the customer simultaneously receives and consumes the benefits of the franchisor's license. The variable consideration is in the form of sales-based royalties that specifically relate to the franchise license.

Revenue Recognition - Continued

Manufacturing and Retail Sales

The Company generates wholesale and retail revenues (shown as merchandise, manufacturing and distributor sales on the statements of earnings) primarily from the sale of products to retailers, distributors and consumers in the United States. Revenue is recognized upon shipment to the customer as that is when the customer obtains control of the promised goods. Credit terms are extended to wholesale customers based on their creditworthiness and the Company generally does not receive advance payments. As such, accounts receivable is recorded at the time of shipment, when their right to the consideration becomes unconditional. The Company offers a 30-day return policy with a 15% restocking fee. The Company does not expect significant returns based on historical experience and therefore has not accrued a reserve for product returns. In the same way, the Company does not have a formal warranty policy but stands behind their products. Historically, warranty claims have not resulted in material costs and are expensed when incurred.

Service Revenue

Service revenue is generated from company-owned franchises for cleaning and other sanitation practices. This revenue is earned over time as the performance obligations are satisfied.

The Company had no contract assets or liabilities as of March 31, 2023 or 2022 with the exception of franchise fee revenues detailed above and consignment arrangements detailed below.

Bill and Hold and Consignment Arrangements

Certain wholesale products are held at the Company's warehouse because the customer requests that it be held there and lacks the physical space to store the goods. These products are held separately as belonging to the customer and are not used to satisfy orders for other customers. The customer requests shipment of the products as they need them. Revenue is recognized on these arrangements at the point in time when the customer orders the goods and they are available to be shipped to the customer.

The Company also engages in a minimal amount of consignment arrangements. In this arrangement, products are shipped to a dealer, but revenue is not recognized until the product is sold to a customer of the dealer. There was \$0 and \$0 of deferred consignment revenue as of March 31, 2023 and 2022, respectively.

For the years ended March 31, 2023 and 2022, \$979,400 and \$1,185,833, respectively, was recorded as bill and hold and consignment income and included in manufacturing sales on the statement of earnings.

Income Taxes

The Company accounts for income taxes in accordance with FASB ASC 740, Income Taxes, which requires the recognition of deferred income taxes for differences between the basis of assets and liabilities for financial statement and income tax purposes. Since income taxes are paid on the cash basis of accounting rather than the accrual basis this creates timing differences. There are also timing differences in reporting depreciation and amortization for financial statement and tax purposes. Deferred tax assets and liabilities represent the future tax consequence for those differences, which will either be deductible or taxable when the assets and liabilities are recovered or settled. A valuation allowance is established when necessary to reduce deferred tax assets to the amount expected to be realized.

Income Taxes - Continued

The Company follows the provisions of FASB ASC 740-10-25, which prescribes a recognition threshold and measurement attribute for the recognition and measurement of tax positions taken or expected to be taken in income tax returns. FASB ASC 740-10-25 also provides guidance on de-recognition of income tax assets and liabilities, classification of current and deferred income tax assets and liabilities, and accounting for interest and penalties associated with tax positions. The Company does not have any accruals for uncertain tax positions as of March 31, 2023.

The federal and state income tax returns of the Company for 2022, 2021, and 2020 are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Judgments

The Company considered several factors in determining how revenue should be recognized. These judgments and estimates include identifying performance obligations, determining if performance obligations are distinct, determining the standalone selling price and timing of revenue recognition for each distinct performance obligation, and estimating variable consideration to be included in the transaction price. The Company determined that the initial franchise fees were related to two distinct and separate performance obligations. The Company used the best estimate of the selling price for the standalone performance obligations by estimating the price a customer in a similar market would be willing to pay for the goods and services the Company provides. The Company then allocated the initial franchise fees to each separate and distinct performance obligation based on the relative stand-alone selling price basis.

The Company also determined that the variable consideration (the sales-based royalty) be allocated entirely to the franchise license because the variable consideration relates entirely to the entity's promise to grant the franchise license.

Several factors were considered in determining that control transfers to the customer upon shipment of retail and wholesale products. These factors include that legal title transfers to the customer, the Company has a present right to payment, and the customer has assumed the risks and rewards of ownership at the time of shipment.

The products held under bill and hold arrangements are deemed to have transferred control of the goods to the customer at the point in time the goods are manufactured and stored separately in the warehouse because the customer has accepted the goods, directs and determines how the goods are used and can otherwise benefit from the goods.

Research and Development Costs

The IRS amended Section 174 that impacts businesses that incur research and development costs. Beginning in 2022, firms that invest in research and development are no longer able to currently deduct their research and development expenses. Rather, the businesses must amortize their costs over five years, starting with the midpoint of the taxable year in which the expense is paid or incurred. Research and development costs were \$15,035 and \$12,777 for the years ended March 31, 2023 and 2022, respectively.

Shipping and Handling Costs

The Company accrues costs for shipping and handling activities that occur after control of the promised good has transferred to the customer.

NOTE 6: LONG TERM LEASES

The Company has obligations as a lessee for office and warehouse facilities and office equipment with initial noncancelable terms in excess of one year. Generally, these leases have an initial term of 3 to 6 years. The Company classifies these leases as operating leases. The Company's lease agreements vary, with some having formal renewal options and others not having formal renewal options. When the lease includes a formal renewal option that is reasonably certain to be exercised, the renewal periods are included in the lease terms and lease liabilities. The Company's leases do not include termination options for either party to the lease, guaranteed residual values or restrictive financial or other covenants.

Payments due under lease contracts include fixed payments and, for many leases, variable payments. Several of the Company's leases require it to make variable payments for the Company's proportionate share of the buildings' property taxes, insurance, and other operating costs. These variable lease payments are not included in lease payments used to determine lease liabilities and are recognized as variable lease costs when incurred.

Beginning in 2022, the Company has elected not to separate non-lease components from lease components in leases for all lease classes.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AIRE-MASTER OF AMERICA, INC.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AIRE-MASTER OF AMERICA, INC.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED MARCH 31, 2022 AND 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Company's Business

The Company is primarily engaged in the manufacture and sale of sanitation products and in providing commercial hygiene services. The Company is located in Southwest Missouri and operates five of its own franchises in the following regions: Oregon, Southwest Missouri, Oklahoma and St. Louis, Missouri. The company sells products to independent franchises all across North America and manufactures products for other companies unrelated to the franchise industry. The Company extends unsecured credit to the general public and to franchised outlets in the normal course of business.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposit, money market funds, and highly liquid debt instruments with maturities of three months or less at the date of their acquisition.

Accounts Receivable

The Company accounts for the potential losses in accounts receivable utilizing the allowance method. Management has provided an allowance for uncollectible accounts at March 31, 2022 and 2021 of \$34,400 and \$25,700, respectively. In reviewing aged receivables, management considers their knowledge of customers, historical activity and current economic conditions in establishing the allowance for doubtful accounts. A trade account receivable is charged to bad debt expense when management determines the receivable is uncollectible.

The Company does not have any significant financing components as franchise fee payments are paid up front and all other payments are typically received within 45-90 days.

Inventory

Inventories are stated at the lower of cost or market based on the first-in, first-out method. Market value is determined by comparison with recent purchases or realizable value.

Property and Depreciation

Property and equipment are stated at cost. Depreciation is computed by applying the following methods and estimated lives:

<u>Category</u>	<u>Estimated Life</u>	<u>Method</u>
Vehicles	3-5 years	Declining balance
Machinery and Equip	5-10 years	Declining balance and straight-line
Furniture & fixtures	3-10 years	Declining balance and straight-line
Leasehold improvements	5-40 years	Straight-line

For federal income tax purposes, depreciation is computed using the modified accelerated cost recovery system.

The costs of assets sold or otherwise disposed of and the accumulated depreciation thereon are eliminated from the accounts and the resulting gain or loss is reflected in income, except for gains on assets traded where no cash was received. Expenditures for maintenance and repairs are charged to income as incurred; replacements and betterments that extend the useful lives are capitalized.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Property and Depreciation - Continued

Long-lived assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the cost of any long-lived assets may be impaired, and evaluation of recoverability would be performed following generally accepted accounting principles.

Total depreciation expense for the years ended March 31, 2022 and 2021 was \$320,758 and \$256,610, respectively.

Intangible Assets

Intangible assets include franchise rights, goodwill, customer lists, and covenants not to compete. Effective April 1, 2002, the Company adopted Accounting Standard Codification (ASC) No. 350, *Goodwill and Other Intangible Assets*. In accordance with this standard, goodwill and franchise rights will no longer be amortized, but will be tested for impairment at least annually. Customer lists and covenants not to compete are considered to have determinable useful lives and will continue to be amortized over their useful lives.

Advertising

The Company expenses the production costs of advertising as incurred. Advertising expense for the years ended March 31, 2022 and 2021 was \$42,717 and \$36,829, respectively.

Revenue Recognition

The Company's revenue is derived from contracts with customers. The majority of the Company's revenue is derived from franchise fees, royalties and retail sales. The Company accounts for revenue in accordance with ASC 606, which the Company adopted on April 1, 2018 using the modified retrospective method. Refer to Note 1 to the financial statements for the fiscal year ended March 31, 2018 for a description of the Company's revenue recognition policy prior to April 1, 2018. The core principle of ASC 606 is to recognize revenue upon the transfer of services or products to customers in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services or products. The Company applies the following framework to recognize revenue:

The Company's major revenues consist of initial franchise fees and royalties from franchised stores operated by conventional franchisees, wholesale and retail sales from manufactured products and service revenue from company-owned franchises. ASC 606 provides that revenues are to be recognized when control of promised goods or services is transferred to a customer in an amount that reflects the consideration expected to be received for those goods or services.

Franchise Fees

Initial franchise fees consist of non-refundable payments received by the Company from franchisees for the rights to develop a specified franchise location. This revenue is recognized after the Company and franchisee enter into a franchise agreement and after significant obligations required of the Company under the franchise agreement are substantially performed such as the deliverable of materials and training services. Any franchise fees received prior to the Company satisfying its obligations are deferred.

YEARS ENDED MARCH 31, 2022 AND 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Revenue Recognition - Continued

Franchise Fees (Continued)

The Company has determined there are two distinct performance obligations related to the franchise fee: 1) the distribution of manuals and similar material concerning operations, administration and record keeping which usually occurs at the signing of franchise agreement and training of the franchisee's personnel at the franchisor's location, 2) On-site training of the franchisee's personnel.

The Company adopted the practical expedient that permits franchisors that are not public business entities to account for pre-opening services provided to a franchisee as distinct from the franchise license if the services are consistent with those included in a predefined list within the ASU. Until the performance obligations are met, the remainder of the franchise fee is in deferred revenue on the balance sheet. The Company also receives transfer fees and additional territory fees which are earned as the performance obligations are performed. For fees with no performance obligations, the income is earned over the life of the agreement. The Company had current deferred franchise sale revenues of \$48,000 and \$6,000, respectively, and long-term deferred franchise sale revenues of \$192,000 and \$24,000 respectively, as of March 31, 2022 and 2021.

Royalties

The Company grants a franchise license which gives the franchisee the right to access the Company's intellectual property. The trade name and logo have limited standalone functionality; the utility of the products developed by the entity is derived largely from the products' association with the franchise brand. Substantially all of the utility inherent in the trade name, logo, and product rights granted under the license stems from the entity's past and ongoing activities of establishing, building, and maintaining the franchise brand. The utility of the license is its association with the franchise brand and the related demand for its products. The Company's performance obligation to transfer the license is satisfied over time because the customer simultaneously receives and consumes the benefits of the franchisor's license. The variable consideration is in the form of sales-based royalties that specifically relate to the franchise license.

Manufacturing and Retail Sales

The Company generates wholesale and retail revenues (shown as merchandise, manufacturing and distributor sales on the statements of earnings) primarily from the sale of products to retailers, distributors and consumers in the United States. Revenue is recognized upon shipment to the customer as that is when the customer obtains control of the promised goods. Credit terms are extended to wholesale customers based on their creditworthiness and the Company generally does not receive advance payments. As such, accounts receivable is recorded at the time of shipment, when their right to the consideration becomes unconditional. The Company offers a 30-day return policy with a 15% restocking fee. The Company does not expect significant returns based on historical experience and therefore has not accrued a reserve for product returns. In the same way, the Company does not have a formal warranty policy but stands behind their products. Historically, warranty claims have not resulted in material costs and are expensed when incurred.

Service Revenue

Service revenue is generated from company-owned franchises for cleaning and other sanitation practices. This revenue is earned over time as the performance obligations are satisfied.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Revenue Recognition - Continued

The Company had no contract assets or liabilities as of March 31, 2022 or 2021 with the exception of franchise fee revenues detailed above and consignment arrangements detailed below.

Bill and Hold and Consignment Arrangements

Certain wholesale products are held at the Company's warehouse because the customer requests that it be held there and lacks the physical space to store the goods. These products are held separately as belonging to the customer and are not used to satisfy orders for other customers. The customer requests shipment of the products as they need them. Revenue is recognized on these arrangements at the point in time when the customer orders the goods and they are available to be shipped to the customer.

The Company also engages in a minimal amount of consignment arrangements. In this arrangement, products are shipped to a dealer, but revenue is not recognized until the product is sold to a customer of the dealer. There was \$0 and \$0 of deferred consignment revenue as of March 31, 2022 and 2021, respectively.

For the years ended March 31, 2022 and 2021, \$1,185,833 and \$914,251, respectively, was recorded as bill and hold and consignment income and included in manufacturing sales on the statement of earnings.

Income Taxes

The Tax Cuts and Jobs Act of 2017 was signed into law on December 22, 2017. The law includes significant changes to the U.S. corporate income tax system, including a Federal corporate rate reduction from 35% to 21%, limitations on the deductibility of interest expense and executive compensation, and the transition of U.S. international taxation from a worldwide tax system to a territorial tax system. The legislation also allowed the Company to qualify for the cash method of accounting, so the Company filed a change in accounting method from the accrual method to the cash method for income tax purposes beginning in the 2018 tax year.

The Company accounts for income taxes in accordance with FASB ASC 740, Income Taxes, which requires the recognition of deferred income taxes for differences between the basis of assets and liabilities for financial statement and income tax purposes. Since income taxes are paid on the cash basis of accounting rather than the accrual basis this creates timing differences. There are also timing differences in reporting depreciation and amortization for financial statement and tax purposes. Deferred tax assets and liabilities represent the future tax consequence for those differences, which will either be deductible or taxable when the assets and liabilities are recovered or settled. A valuation allowance is established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company follows the provisions of FASB ASC 740-10-25, which prescribes a recognition threshold and measurement attribute for the recognition and measurement of tax positions taken or expected to be taken in income tax returns. FASB ASC 740-10-25 also provides guidance on de-recognition of income tax assets and liabilities, classification of current and deferred income tax assets and liabilities, and accounting for interest and penalties associated with tax positions. The Company does not have any accruals for uncertain tax positions as of March 31, 2022.

Income Taxes - Continued

The federal and state income tax returns of the Company for 2021, 2020, and 2019 are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Judgments

The Company considered several factors in determining how revenue should be recognized. These judgments and estimates include identifying performance obligations, determining if performance obligations are distinct, determining the standalone selling price and timing of revenue recognition for each distinct performance obligation, and estimating variable consideration to be included in the transaction price. The Company determined that the initial franchise fees were related to two distinct and separate performance obligations. The Company used the best estimate of the selling price for the standalone performance obligations by estimating the price a customer in a similar market would be willing to pay for the goods and services the Company provides. The Company then allocated the initial franchise fees to each separate and distinct performance obligation based on the relative stand-alone selling price basis.

The Company also determined that the variable consideration (the sales-based royalty) be allocated entirely to the franchise license because the variable consideration relates entirely to the entity's promise to grant the franchise license.

Several factors were considered in determining that control transfers to the customer upon shipment of retail and wholesale products. These factors include that legal title transfers to the customer, the Company has a present right to payment, and the customer has assumed the risks and rewards of ownership at the time of shipment.

The products held under bill and hold arrangements are deemed to have transferred control of the goods to the customer at the point in time the goods are manufactured and stored separately in the warehouse because the customer has accepted the goods, directs and determines how the goods are used and can otherwise benefit from the goods.

Research and Development Costs

Research and development costs are charged to operations when incurred. Research and development costs were \$12,777 and \$2,233 for the years ended March 31, 2022 and 2021, respectively.

Cash Held in Financial Institutions

During the year ended March 31, 2022, there were instances when the Company's cash held in financial institutions exceeded the depositors' insurance provided by the Federal Deposit Insurance Corporation.

Sales Taxes

Sales (and similar) taxes that are imposed on our sales and collected from customers are excluded from revenues.

Shipping and Handling Costs

Costs for shipping and handling activities, including those activities that occur subsequent to transfer of control to the customer, are recorded as cost of sales and are expensed as incurred. The Company accrues costs for shipping and handling activities that occur after control of the promised good has transferred to the customer.

Management has evaluated subsequent events through June 25, 2022, the date on which the financial statements were available to be issued.

In response to the coronavirus (COVID-19) outbreak in 2020, the U.S. Federal Government enacted the Coronavirus Aid, Relief, and Economic Security Act that, among other economic stimulus measures, established the Paycheck Protection Program (PPP) to provide small business loans. On April 14, 2020, the Company obtained a PPP loan for \$662,100. The Company incurred sufficient qualifying expenses during 2020 to qualify for 100% loan forgiveness. On November 5, 2020, the SBA formally forgave the PPP loan proceeds. The income forgiveness has been reported as other income on the statement of operations, and based upon recent tax legislation, will not be taxed for federal income tax purposes.

NOTE 10: FRANCHISE REVENUE - CONTINUED

Management is uncertain if initial franchise fee revenue will decline in the future or not. The following analysis details franchise ownership during the fiscal year ended March 31, 2022 and 2021:

Franchise operating at beginning of year	109	111

	<u>116</u>	<u>109</u>

In addition to the above referenced franchises, Aire-Master of America, Inc. operated five of its own separate franchises as of March 31, 2022.

NOTE 11: EXTRAORDINARY CIRCUMSTANCES

On March 22, 2020 the World Health Organization ("WHO") recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel and business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact on many sectors of the economy, including industries in which the Company operates.

The negative impacts of COVID-19 did not negatively impact the Company's revenue for 2021 or 2022; however, due to the rapidly changing business environment, unprecedented market volatility, and other circumstances, the extent of COVID-19's impact on future revenue as the pandemic continues cannot reasonably be determined. Future periods will be heavily influenced by the timing, length, and intensity of the economic recoveries in the United States. Management continues to monitor evolving economic and general business conditions and the actual and potential impact on the financial position, results of operations, and cash flows.

All States - Notice Required by NASAA Statement of Policy Regarding The Use of Franchise Questionnaires and Acknowledgments

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
