

Madhu Ranade

Mr. Madhu G. Ranade is General Manager of Raw Materials Supply & Strategy for Steel Dynamics, beginning January 2021. Madhu was responsible for running the mini-mill in Columbus, Mississippi as its VP & GM from 2013 through 2020. Prior to joining Columbus, Madhu was with ArcelorMittal and its predecessor companies for over 30 years. He started his career at Inland Steel in East Chicago, Indiana. He progressed through technical, operational, managerial and leadership roles, becoming Vice President of ArcelorMittal S. A. Madhu's unique distinction is that he successfully ran two major integrated steel plants for

ArcelorMittal - Indiana Harbor and Burns Harbor (now with Cliffs), and then the Columbus mini-mill for Steel Dynamics. Madhu has extensive experience in all aspects of the steel business – and in building strong, durable teams for achieving record safety, operational and financial results.

Madhu holds a master's degree in Materials Science and Mineral Engineering from the University of California – Berkeley, and a bachelor's degree in Metallurgical Engineering from the Indian Institute of Technology - Mumbai.
