

CALL FOR ABSTRACTS

ENGINEERING SOLUTIONS FOR SUSTAINABILITY: MATERIALS AND RESOURCES 4 (ESS: M&R4)

14–16 October 2019 | Indianapolis, IN USA

~~Abstracts Due 1 April 2019~~

Deadline for abstracts has been extended!

Submit by 15 April 2019

The conference's two-day program will be an exchange of innovative circular economy solutions that contribute to competitive advantages. Circular economy aspects targeted are:

MATERIAL OPTIMIZATION, which includes opportunities such as waste reduction and diversion, material reuse and life cycle considerations, and cross-sector flow opportunities.

ENERGY EFFICIENCY, which considers fuel and electricity savings and the use of renewable energy.

SUSTAINABLE PROCESS OPTIMIZATION, which includes removal of toxins, enhancing biodiversity and improving the health of stakeholders.

SUSTAINABLE PROCESS OPTIMIZATION

ENERGY EFFICIENCY

MATERIAL OPTIMIZATION
