# Welcome

**W**E are pleased to welcome you to the World Summit on Peace and the International Leadership Conference. Our theme is "Building a World of Peace: One Family Under God." More than 200 participants have traveled from over 50 nations to participate in this special program.

The participants represent a cross-section of leaders, including members of parliament, religious and civic leaders, academics and educators and NGO leaders. During the program we will have the opportunity to hear from several of these distinguished guests.

We will be introducing core universal values which we consider to be essential for creating a world where people of every race, religion and nationality can live together in peace. We will consider the root causes of conflict and the ways we can move together from conflict, inequality, poverty and enmity toward reconciliation, cooperation and prosperity as one human family under God.

This World Summit on Peace and ILC are being held at the time of the January celebrations of UPF's Founder's 90th birthday. All delegates are cordially invited to participate as guests of honor in this special celebration, which takes place on January 15.

It promises to be an informative and stimulating experience, and we are grateful to you for taking the time to be with us and for your support of our efforts to build a world of lasting peace.

Sincerely,

# UNIVERSAL PEACE FEDERATION

**The Universal Peace Federation** is a global network of individuals and organizations committed to peace dialogue, education and service. UPF programs engage leaders representing a wide range of fields and areas of interest, including government, civil society, religion, academia, the media, the arts, sports and the private sector. Since its inaugural assembly in 2005 the UPF has seen remarkable growth and progress. UPF's Ambassadors for Peace are engaged worldwide in a determined effort to bring civil society solutions to critical global problems.

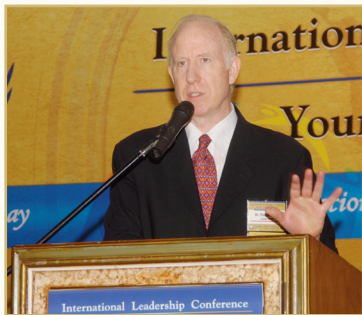

**The Universal Peace Federation** affirms a model of leadership and good governance guided by the principle of “living for the sake of others”; a model that balances in a mature way, both spiritual and secular perspectives, and one that functions collaboratively with representatives of inter-governmental organizations, faith based organizations, the private sector and civil society.

# INTERNATIONAL LEADERSHIP CONFERENCE

*BEGINNING IN  
FEBRUARY 2006,  
ILC PROGRAMS  
HAVE BEEN HELD  
THROUGHOUT THE  
WORLD, BRINGING  
TOGETHER  
THOUSANDS OF  
LEADERS FROM  
ALL WALKS OF  
LIFE WHO SEEK  
A VISION FOR  
A WORLD OF  
LASTING PEACE.*

There is a growing awareness among people throughout the world of the urgent need for innovative vision and courageous leadership if we are to resolve the critical issues of our time.

**The ILC programs** have developed to address this need. The ILC series gives emphasis to the development of a new model or paradigm for leadership and good governance at this time in history; a model that is innovative, principled and effective in solving global problems.

**The ILC** program introduces essential, universal values, principles and practices that are necessary to create a world in which people of every region, race, nationality, culture and religion live together in peace. We will consider the root causes of conflict and the ways we can move together from states of conflict, inequality, poverty and enmity toward reconciliation, cooperation and prosperity as one human family under God.
