CHECK OUR WEBSITE FOR UPDATES

Gallaudet University is an equal opportunity employer/educational institution and does not discriminate on the basis of race, color, sex, national origin, religion, age, hearing status, disability, covered veteran status, marital status, personal appearance, sexual orientation, family responsibilities, matriculation, political affiliation, source of income, place of business or residence, pregnancy, childbirth, or any other unlawful basis.
Greetings!

Have your thoughts turned to summer? If so, I cordially invite you to come to Gallaudet University! Our College of Professional Studies and Outreach (CPSO) offers a vast array of academic and enrichment programs for undergraduate, graduate, and professional studies students. We also offer American Sign Language classes, leadership development programs, and youth camps and programs. Our course offerings are face-to-face, online, experiential, and hybrid to accommodate diverse educational needs and learning styles, and in keeping with current and future trends.

Gallaudet has a long, proud history of providing education and enrichment programs to people who are deaf, hard of hearing, and hearing, as well as to educators and educational administrators, and to individuals interested in working in deaf-owned or deaf-centric corporations, agencies, and organizations. It can truly be said that we have something for everyone.

Federally chartered in 1864, Gallaudet is a bilingual, diverse, multicultural institution of higher education that ensures the intellectual and professional advancement of deaf and hard of hearing individuals through American Sign Language and English. We are located in Washington, DC, on a picturesque 99-acre campus, within walking distance to the United States Capitol. Students, staff, and faculty have easy access to some of the world’s finest museums, the National Mall, and many shops and restaurants. Washington also has a vibrant nightlife, with cinematic and theatrical productions, sporting events, and recreational activities to suit every taste. In recent years, nearby H Street Northeast and the “NoMa” (north of Massachusetts Avenue) area have become hot spots, and we have increasingly have become as one with our neighbors.

Join us for Summer 2011! Your life will never be the same.

Sincerely,

Stephen F. Weiner, Ed.D.
Provost and Acting Dean

Gallaudet University Summers and
Online School Counseling Program

Interested in earning your M.A. degree in 2.5 years without having to leave your current job? Consider Gallaudet University’s Summer and Online School Counseling Program. This 58-credit hour program can be completed by taking online courses during the fall and spring and attending on-campus classes summers only!

The School Counseling degree prepares school counselors for placement in educational settings serving deaf and hard of hearing students. The program gives a mental health emphasis to the training of school counselors working with children in preschool through post secondary educational settings and is designed for current professionals who are seeking a career change or additional educational credentials. Preference is given to applicants who have prior experience in educational programs serving deaf and hard of hearing people and to those with a degree in education to facilitate certification at the state level. The program is accredited by the National Council on Accreditation of Teacher Education Programs (NCATE) and the Council on Accreditation of Counseling-Related Education Programs (CACREP).

Course Offerings

Professional studies courses at Gallaudet University provide deaf, hard of hearing and hearing individuals exemplary personal and professional development opportunities in a bilingual (ASL/English) learning environment. These courses may be offered for undergraduate, graduate, or professional studies credit. Professional studies credits are offered at reduced tuition and credits cannot be applied to a degree from Gallaudet. They are identified by a "PST" prefixed course number.

American Sign Language (ASL)

Due to the intensive nature of the Summer ASL courses, you may take no more than two levels of ASL I-VI during the 3 successive ASL summer sessions. This policy does not include registering for Visual Gestural Communication, Fingerspelling, or Classifiers courses. ASL courses are not available for audit.

ASL classes at Gallaudet University may not be equivalent to classes you have taken at other locations. To ensure that you are placed in the appropriate level of ASL, review the course descriptions and select the ASL level that seems best for you. Complete the ASL Questionnaire with your course registration. Adjustments to your registration may be made based upon information received. Your ASL course placement will be confirmed by your instructor on the first day of class. No changes in the class assignment will be made after the first day of class.

#### Interpersonal and Group Conflict Management (3 credits)

In everyday life, we are interdependent with others and face many challenges in interpersonal and group situations. The difference or disagreements in perceptions, goals, needs, or interests can lead to conflicts. These conflicts can develop into positive situations that encourage creativity and new dimensions or they can devolve into negative situations that develop destructive and hurtful behaviors. Because such conflicts occur in daily life, it is important to understand the dynamics of conflict, use effective management techniques, and establish and maintain collaborative relationships. This course uses theoretical perspectives, case studies, personal experiences, journals, and class activities to examine the roots and nature of conflict, the styles and tactics used to deal with conflict, and the personal and group stakes in conflict. Methods for analyzing and handling conflict, techniques for creating constructive conflict, uses of third-party interventions, and possibilities for forgiveness, reconciliation, and thinking of "conflict as magic" will be explored.

Introduction to Communication (3 credits)
Introductory survey of the field of communication that includes discussion of the importance of communication in our lives, examination of communication as a uniquely human process of interaction, an overview of the varied contexts in which communication occurs, and investigation of communication as an academic discipline, field of research, and possible career track. This course also provides an introduction to the Communication Studies Department.
Prerequisite: Permission of instructor; contact patricia.foley@gallaudet.edu.
Course Materials: TBA
Instructor: Patricia Foley

Deaf Culture (3 credits)
This is a survey of the various areas of study of deaf culture in the United States (history, folklore, anthropology and sociology). This course will begin with a macro-view at the term "culture" as it is seen through American eyes, and then apply this definition to the Deaf experience. The course will end with an exploration of diversity within the global Deaf community.
Prerequisite: Permission of department; contact arlene.kelly@gallaudet.edu.
RID CMP: Professional, Introductory, 4.5 CEUs
Instructor: William Garrow

Public Presentations (3 credits)
The course emphasizes the principles involved in the selection and organization of ideas and their effective presentation to a group.
Prerequisite: GSR102 or permission of the instructor; contact beth.benedict@gallaudet.edu
Course Materials: TBA
Instructor: Beth Benedict

Deaf Studies

Black Deaf People's Studies (3 credits)
This course primarily examines black deaf people in America, the Caribbean Islands and Africa. The course is organized to focus on the history, education, community and culture, language, and psychosocial forces that influence black deaf people's experience. It will concentrate on the social, political, and cultural development of a unique group of people that is a part of the general deaf community and the black community.
Prerequisite: DST201 or permission of instructor; contact carolyn.mc cassell@gallaudet.edu.
RID CMP: Professional, Introductory, 4.5 CEUs
Instructor: Carolyn McCaskill

Disability Studies (3 credits)
This course will introduce students to the field of Disability Studies. As an emerging interdisciplinary field of study, Disability Studies does not approach disability as a "medical condition, but as a human condition" (Charlton). Instead of studying the causes and rehabilitation of persons with disabilities, we will explore the historical, social, political, religious, philosophical, and cultural influences that "construct" the category of "disability." We will also examine how persons with disabilities construct their own meanings and identities.
Prerequisite: DST101 or GSR103 or permission of department; contact arlene.kelly@gallaudet.edu.

Dynamics of Oppression (3 credits)

This online course examines various forms of oppression and its dynamics by looking across different cultures and communities, and then examines possible parallels occurring within the deaf community. Students are expected to produce documentation that critically examines and discusses oppression from more than one dimension along with case studies.

Prerequisite: Permission of department; contact arlene.kelly@gallaudet.edu.

Education

A Systemic Approach to Assessment, Planning and Instructional Outcomes for Early Education (3 Credits)

This course will provide a systematic approach to assessment, planning, and instruction in early education. Strategies and curriculum resources will be addressed that emphasize interdisciplinary, developmentally, and individually appropriate and culturally responsive programming for young children and their families. Planning and instruction for both parent-child, family and center-based programs will be explored. Program and instructional approaches will address children and families with diverse backgrounds and abilities and hearing levels/status. The principles underlying the development of IFSP’s and IEP’s and how to maximize family involvement will be examined. Transition planning from early intervention to preschool and preschool to kindergarten will include strategies and resources to support learning in fully accessible language and learning environments. A significant component of the course is required participation in an early education program, professional development workshop and/or professional level advisory meeting addressing program policies, assessment and/or programming issues for deaf and hard of hearing children and their families.

Prerequisite: Permission of instructor; contact beth.benedict@gallaudet.edu or marilyn.sass-lehrer@gallaudet.edu.

Course Materials: Readings and resources will be drawn from a variety of texts, journals and online resources.

Creative Writing/Memoir (3 credits)

This section of ENG 392 will focus on writing memoir. Memoir differs from autobiography in that memoir is stories from a life, while autobiography attempts to be the story of a life. This course will provide practical guidance for students who wish to write about parts of their own lives for themselves, for family and friends, or for publication. Topics will include how to select things to write about, how to use various elements of the writer’s craft (such as description and dialogue), and how to deal with writing about real people.

Basic Spanish II (3 credits)
This continues an intensive study of the principles of grammar and usage of the language and includes basic vocabulary building, reading, composition, and translation of elementary texts. A contrastive grammar approach will be incorporated, drawing upon elements of English and ASL. Expressive use of the target language will be supported by real-time conferencing software and/or simple fingerspelling-based activities. While oral/aural skills are not normally taught, they may be incorporated optionally into the curriculum. Students will also be exposed to aspects of the target culture(s), including information on the deaf community abroad.

History of the American Deaf Community (3 credits)
This course will introduce students to the history of the American Deaf Community. While recent studies in social history have challenged our notions of race, class, and gender, historians have not yet fully addressed a fundamental component in our historical identity: physical ability and its underlying concept of normality. A close study of Deaf history offers one approach to this issue, and students will confront some of the specific issues facing this minority group. Particular attention will be paid to the ways in which deafness has been interpreted within the mainstream community, as well as how the Deaf people have expressed and preserved their cultural identity. By studying the changes in this group and its relation to hearing society this course also raises broader issues of cultural identity in the U.S.

Interpreter Education
Conceptualization & Blending: Interpreting Anatomy and Physiology (1 credit)
This course is designed for educational interpreters working in K-12 educational settings. The interactive practice provided in the course will allow students to gain a more advanced understanding of the use of conceptual blending in ASL in order to produce descriptively accurate interpretations. The framework of this course is a middle-school biology class covering anatomy and physiology topics. Topics covered include: understanding how to analyze depicting blends (classifiers), recognizing and producing different types of blends, understanding how blending enhances ASL production, and translating and interpreting anatomy and physiology content from English into ASL, incorporating blends effectively.
Prerequisite: Must have experience interpreting in educational settings or currently being worked in an educational setting.

Fingerspelled Word Recognition for Interpreters (1 credit)
This course is designed for those interpreters who already have experience in interpreting from ASL to English and from English-based signing into English and who can usually understand most of the message but frequently miss the fingerspelled word on the first try. Experiences designed to improve fingerspelled word recognition on the first try will be provided. Fingerspelled words will be studied in context and in isolation. This course also has a theoretical component. The underlying cognitive processes associated with fingerspelled word recognition will be explained and discussed. This theoretical aspect forms the basis for practical applications.

Foundations of Deaf Interpreting: Roles and Responsibilities I (1 Credit)
Each professional organization has a code of ethics, and each professional has a set of principles they use as a guide to making decisions. Geared for deaf and hard of hearing participants who are interested in becoming Certified Deaf Interpreters (CDI), this course focuses on the RID Code of Professional Conduct, and explores its application to various hypothetical situations. Students will also begin to prepare for RID’s written and performance test components, and will be provided an overview of the test, sample test questions, and recommended study materials.

**Foundations of Deaf Interpreting: Roles and Responsibilities II (1 Credit)**
The role of the interpreter isn’t limited to the time actually interpreting, but starts before and continues after the assignment. This course is geared to deaf and hard of hearing participants who are interested in becoming Certified Deaf Interpreters (CDI). It explores the many facets of interpreting, from pre-interpreting tasks, (i.e., scheduling, learning about the consumers and setting involved, and following the RID code of ethics), to post-interpreting tasks (i.e., evaluation of the interpreting service provided and planning for future work). Students will also continue to prepare for RID’s written and performance test components and will be given the opportunity to try their skills in a simulated practice performance exam.

**Introduction to Interpreting (2 credits)**
An introduction to the basic theories, principles and practices of interpreting, this course addresses the history of the profession, interpreters’ roles and responsibilities, and national/local organization for interpreters. It is appropriate for beginning interpreters, advanced sign language students, and professionals who work with deaf people. Information is divided into four units: the field, the process, the ethics and the settings. Areas of focus include: explanation of the purpose, content and application of the Code of Professional Conduct; identification of physical and environmental factors that affect the interpreting process; development of basic business practices related to the field: discussion of the theories and models of the sign language interpreting process; development of current issues within the field of interpreting and the basics of interpreting in specific settings and with various communication methods.

Linguistics and Culture
An Introduction: Basic Linguistics of Nonmanual Signals in ASL (1 credit)
The course introduces students to the theory and practice involved in analyzing nonmanual signals, which are aspects of American Sign Language that are not expressed on the hands. The functions of nonmanual signals are diverse, affecting the structure of ASL at the phonological, morphological/semantic, syntactic, and sociolinguistic level. This course is not available to Linguistics majors for graduate credit. Pass/fail grading basis.

Deaf Women Authors (1 credit)
This online course offers an opportunity to read, discuss, and write about English-language literature written by deaf (and CODA) women. Readings may come from a variety of genres including memoir, personal essay, fiction, poetry, and journalism. Students will log into the discussion to comment on the assigned reading and on the comments of other students about that reading, and will also complete several short assignments. Course readings will come from selected books and online sources.
Prerequisite: None

Depiction in ASL (1 credit)
“Depiction” is a term used to label, among other things, any use of the body and space to demonstrate concepts rather than plainly describing them. Two examples of depiction are role shifting and classifier predicates. The course begins with an introduction to the conceptual integration model developed by Fauconnier and Turner (2001), which is used by Liddell (2003) to investigate depiction in ASL. Taub’s (2001) Analogue-Building Model of iconicity will also be examined, as well as her analysis of metaphor in ASL. Participants will then learn how to identify and analyze different types of depiction in ASL through hands-on activities. This course is not available to linguistics majors for graduate credit. Pass/fail grading basis.

Introduction to the Structure of ASL (1 credit)
The survey of the major features of the linguistic structure and social uses of American Sign Language, this course will cover four major topics. 1) Phonology - the study of the raw materials of signs. An examination of the structure of the physical signals of ASL, the customary patterns for combining them, and the influence of signs on one another in connected discourse. 2) Morphology - building and storing words. The study of the basic meaningful units of ASL, including discussions of word creation, compounding, borrowing, affixing, and numeral incorporation. A discussion of the use of space in ASL, including an examination of verbs with subject and object agreement and of spatial-locative verbs. 3) Syntax - building sentences and longer structures. An examination of the word order of ASL sentences, non-manual syntactic signals, and discourse structures. 4) Sociolinguistic Applications - a discussion of language variation and language contact in the Deaf community. *Pass/fail grading basis.*

Strategies for Ensuring Effective Classroom Discourse in ASL (1 credit)
This course introduces students to the major features of sociolinguistic structure and social uses of American Sign Language in classroom discourse. It will cover an examination of the structure of the physical settings, cultural behaviors and interactive signals in both spoken and signed discourse, identify various interactive styles involved in classroom discourse, and discuss behavior approaches for self-regulation. Class discussions will consider theoretical implications of various anthropological and sociolinguistic approaches in classroom discourse, the use of ASL in classroom teaching/settings, the place of interpretation in interactive behaviors, and the place of props in the range of classroom discourse levels. *Pass/fail grading basis.*

**Oppressive Experiences Among Deaf Women (3 credits)**

This course incorporates an understanding of feminist theories on the study of women’s psychological development in the areas of gender, sexuality, roles of women, race, ethnicity, sense of self, oppression, and emotional issues. It focuses on diverse deaf women’s mental health issues such as education, employment, family, stereotyping, stigmas, discrimination, gender, sexuality, health care, race, sexism, oppression, and cultural conflicts.

Students will develop assessment and intervention skills that further problem-solving approaches to oppressed deaf women’s experiences. The course teaches strategies and evaluation of social change efforts and approaches to addressing cultural values and ethical dilemmas in practice. Students will learn about the integration of knowledge, skills, values, and critical analysis of feminist theories, assess deaf women’s mental health issues, and develop and prioritize intervention strategies. Students will also identify specific strategies for empowerment within female client systems.

INTERESTED IN TAKING AN ONLINE COURSE?

Gallaudet University offers a selection of online courses and programs for undergraduate, graduate or PST credit. These anytime, anywhere learning opportunities, allow students at a distance to study and participate in courses at the time and place of their choosing. Readings, assignments and activities are posted online and students are required to log in to post assignments electronically and to participate in online discussions. Students are responsible for obtaining their own internet access and are expected to have basic computer and internet literacy. For questions, contact online@gallaudet.edu.

There are also two degree attainment avenues for adult learners at Gallaudet; the Adult Degree Completion Program and the online Adult Liberal Studies Degree.

What is it like to take an online course?
At Gallaudet, we use Blackboard to support our online courses. Typical elements of an online course include:

- asynchronous, frequent student and faculty participation through email and discussion boards
- assigned readings, which may be either through online or assigned books
- individual and group assignments and papers which can be posted online
- use of online library resources (see the Library link for more information)
- online quizzes and examinations
- guest lecturers using various video technologies such as webcasts, Echo360, MyThread, and others

The experience of participating in a Gallaudet online course is highly interactive and learner-centered. Each time you attend class, you find a discussion in progress. The instructor can offer content overview, lectures and web-based resources, ask and answer questions, give assignments, assess your progress and give feedback through your online course and email. Fellow students discuss topics by posting comments, questions, and observations, just as in a traditional classroom. Your responses and contributions become part of the ongoing interaction and are an essential part of the learning community our online courses foster.

Students are strongly encouraged to participate in the Orientation to Online Learning course which provides an overview of Gallaudet’s online classroom, relevant policies, and resource availability. This is a self-paced course. Register for PST094—it’s free!

Please visit gallaudet.edu/summer_programs/online_courses.html for information on computer requirements and technical assistance.

Burstein Leadership Institute

"Change begins with one person, and only people can change organizations."

The Burstein Leadership Institute (BLI) is a comprehensive entity dedicated to improving the quality of the personal and professional lives of deaf and hard of hearing individuals through programming designed to enable them to reach their full potential in their chosen communities. BLI is also committed to developing and enhancing the leadership abilities of individuals who administer programs and services in deaf-centric, non-profit and for-profit agencies and corporations. Using a multi-faceted approach to training and development, BLI provides an array of quality and innovative program offerings that incorporate engaged learning formats with a focus on experiential learning, problem solving, and transformation. For more information, application and registration information, or costs, contact bli@gallaudet.edu.

Agency and Leadership Seminar

This is an intensive one-week seminar designed to cover five major areas in the non-profit sector for deaf and hard-of-hearing services in the USA. The five areas are: non-profit history, management, finances, board governance, and assessment/evaluation. This seminar will provide opportunities for engaged interactions and presentations by nationally recognized professionals from the non-profit sector and advocacy organizations that demonstrate, advocate, and represent multiculturalism and diversity. Hands-on activities will be incorporated throughout all seminar topics and each participant will develop a strategic plan (Capstone Paper) for their unique situation. Each agency participant will provide a progress report on implementation of their strategic plans at 6 months intervals covering a period of one year. All sessions will be conducted in American Sign Language.

June 27-July 1, 2011: 9:00 am - 5:00 pm

Consumer, Family, and Community Advocacy

Consumer, Family, and Community Advocacy (CFCA) is a one-week intensive program for deaf and hard of hearing consumers and parents of deaf and hard of hearing children interested in improving the quality of life for themselves and/or their families through advocacy. Top deaf professional advocates will facilitate hands-on activities and presentations on developing and improving participants' advocacy knowledge and skills. Participants will receive practical inside strategies or how to increase advocacy impact along with a road map to guide their involvement as advocates in individual and community issues. Program materials will include carefully selected readings on a wide range of advocacy issues.

June 20-June 24, 2011, 9:00 am - 5:00 pm

Change Leadership Academy

The Change Leadership Academy is designed to provide teams of educators from schools for the deaf with the knowledge and skills needed to lead transformational change in their schools. The Academy experience begins with two weeks of summer training at Gallaudet. During the first week, teams learn key concepts for mastering the art and science of transforming school systems (a school for the deaf is a school system). In the second week, teams participate in the Language Planning Institute where the teams are introduced to the principles and practices in bilingual education in schools and programs for the deaf. At the conclusion of the summer training, participating teams return to their schools to engage their colleagues in activities to prepare their schools for transformational change as part of a semester-long "Preparing for Transformational Change Seminar." Outcomes from the fall seminar will include a comprehensive action plan to transform participating schools, a design for a 5-day training institute that will deliver change leadership training to educators working in schools for the deaf, and a personal learning plan to help each team member become a master of transformational change.

Teams return for a final week of advanced change leadership training in January. At the completion of the Academy, each team participant receives a PST Certificate of Change Leadership.

Deaf and Hard of Hearing Infants, Toddlers and their Families: Collaboration and Leadership Program

This 6-course (18 credit) graduate level certificate program provides professionals with current evidence-based knowledge and skills for working with families and their very young children who are deaf or hard of hearing. The content and teaching of the program is interdisciplinary and focuses on professional and ethical practices, communication and language(s), families, and developmental assessment and programming. Candidates will acquire leadership, advocacy and collaboration skills that promote age and developmentally appropriate outcomes for infants and toddlers. This program can be taken in conjunction with another graduate program or as a post graduate program for professionals who have current or prospective employment in a birth-to-three (i.e., early intervention) program and includes the following courses:

- Socio-Cultural and Political Contexts for Deaf and Hard of Hearing Infants, Toddlers and their Families

Deaf Women’s Leadership Seminar

The Deaf Women’s Leadership Seminar provides deaf women with an invigorating environment for self-awareness, exploration, actualization, and leadership development. The seminar also strives to improve the quality of the participants’ lives through community engagement, service, and development. Training modules are offered by nationally recognized deaf female leaders who engage the participants in learning how to effectively advocate for their causes and to develop the skills necessary to achieve results. Topics include mentorship, leadership styles, communication, conflict resolution, community development, networking, fundraising and more! This seminar is offered as a one-week face-to-face seminar for three credits focusing on a broad range of topics. It may also be offered as a weekend workshop for one credit focusing on selected topics.

June 20 - June 24, 9:00 am - 5:00 pm

Entrepreneur Leadership Seminar

This seminar is designed to serve as a model for the delivery of professional programs for deaf entrepreneurs and business organizations. By increasing awareness of opportunities and knowledge of business practices, the program will lead to increased business opportunities for deaf entrepreneurs. The program is also designed to develop the leadership potential of deaf business owners and other deaf professionals, as well as to provide an environment where participants can learn from other deaf professionals who have experienced the challenges of establishing and expanding a business and succeeded. Topics covered in this seminar include management for the entrepreneurs, entrepreneurship for the beginning business person, marketing for the beginning entrepreneurs, developing a marketing plan, financial accounting for the entrepreneurs, taxation/business law for entrepreneurs, and developing a business plan.

June 27-July 1, 2011: 9:00 am - 5:00 pm

Leadership Training in Theatre Arts for Deaf and Hard of Hearing People of Color

The Gerald “Bummy” Burstein Leadership Institute is offering intensive one-week leadership training in Theatre Arts for Deaf and Hard of Hearing People of Color. Focus is on three distinct areas: (1) History of deaf theatre and theatre arts of color, (2) actors movements, and (3) play production. The program is designed specifically for deaf people of color, who are interested in leisure and/or professional participation in deaf theatres.

June 27 - July 1, 2011, 9:00 am - 5:00 pm

Project Management for Beginners

Project Management is a 3-credit course on the philosophies, principles, and practices adopted by the Project Management Institute (PMI). As one of the fastest growing professional disciplines in North America, Project Management helps participants to get a firm grip on an unwieldy workload by breaking it down into manageable steps. Program content will cover the requirements for certification in Project Management by Project Management Institute (PMI). Course participants will develop knowledge and skills in project management, and will be provided with the tools needed for preparing their organizations to support the projects they manage. Participants will develop a real-life project management plan which can be used to manage projects in their professional and/or personal lives.

Financial assistance is available. For information contact simon.guteng@gallaudet.edu.
Youth Programs for High School and Middle School Students

Gallaudet University’s Summer Youth Programs are designed for deaf and hard of hearing middle and high school students and offer a myriad of stimulating summer experiential and learning opportunities.

Our programs blend excitement, education, and enjoyment in a bilingual environment rich in cultural diversity—and we’re just minutes away from historic Washington, DC! Students are given a chance to try out an academic field or area of interest and are provided great avenues to make new friends with shared interests. Interested students must complete a program application.

### Immerse into ASL!
Have you always wanted to learn how to sign? Immerse into ASL! is intended for deaf, hard of hearing, and hearing high school students who have little or no knowledge of ASL. This two-week immersion program provides you a unique opportunity to not only study ASL, but to immediately put into use what you’ve learned as you navigate your way around the Gallaudet campus talking with other students, staff, and faculty. Each day you’ll participate in a variety of classroom activities designed to help build your receptive and expressive ASL skills and increase your knowledge of Deaf history, culture, and community. Evenings and weekends will focus on team building activities, social events, and sightseeing. As one student summarized, “the classes, the area, and the whole entire campus was the best place to be…the experience will last forever.” A minimum GPA of 3.0 or better is required.

**Who Can Attend:** 10th - 12th graders

**Program Fee:** $1650

**Program Dates:** July 10 - 23, 2011

**Contact:** caroline.finklea@gallaudet.edu

### Life After High School
Don’t get lost on your way to success. If you’re like most high school students, you either have too many interests or are uncertain what your interests are. Either way, you’re stuck – not a good place to be for investing a lot of money in a college education. Having a destination ready for your college and career moves requires an early start in exploration and exposure to the career fields, which translates into a savings of time and money in the long run. Through Gallaudet’s Life After High School program, we’ll make it easier for you to navigate the career maze. During this two week program, you’ll decide which of your interests have potential for morphing into your career and which to leave on the sidelines as hobbies, discover or reawaken your long dormant interests, explore majors and related careers with Gallaudet faculty, and do a videotaped presentation on your top three major interests to take home on DVD as a souvenir. Please provide two letters of reference from the student’s school. A minimum GPA of 3.0 or better is required. Need based scholarship assistance is available.

**Who Can Attend:** Middle School deaf, hard of hearing and hearing students

**Program Fee:** $1250

**Program Dates:** July 16 – July 23, 2011

**Contact:** caroline.finklea@gallaudet.edu

### Knowledge for College
Hundreds of thousands of high school students across the country take ACT preparation courses to take the anxiety out of test-taking and improve their scores. You can, too, with Gallaudet’s Knowledge for College Program. It’s a no brainer that familiarity breeds confidence with practice being the best antidote for dapping down nerves. Throw in some learned tips and tricks in the bag for good measure and you’re well on your way to increasing your ACT scores. During this two week program, you will work on strengthening your English and math skills and improving your ACT scores, explore your values and career interests, find out how your personality type influences your study habits, get a real feel for college life and academic expectations, and develop a portfolio illustrating and summarizing your experiences and discoveries. Please provide two letters of reference from the student’s school. A minimum GPA of 3.0 or better is required. Need based scholarship assistance is available. Contact caroline.finklea@gallaudet.edu.

**Who Can Attend:** 10th - 12th graders

### The Play’s the Thing
The Play’s the Thing welcomes middle school students (ages 12-14) to work with internationally acclaimed artists to explore the world of theatre. Students will stay on the campus of Gallaudet University and attend classes in acting, dance, and visual theatre. They will take part in “Discovery,” a dynamic outdoor education program. In addition to classes, students will have opportunities to visit some of our national capital’s great cultural venues. Trips may include a performance at a Washington area professional theatre, a tour of the Kennedy Center, a trip to the National Zoo, or a visit to some of the great museums that Washington has to offer. The program concludes with a performance created by the students and the faculty for the Gallaudet community.

**Who Can Attend:** Middle School deaf, hard of hearing and hearing students

**Program Fee:** $975

**Program Dates:** July 10 - 23, 2011

**Contact:** caroline.finklea@gallaudet.edu
Boys' Football Camp

Want to take your game to the next level? Want to meet other deaf athletes from around the country?

Gallaudet sport camps have helped campers improve their athletic skills, develop a healthy competitive spirit, and practice good sportsmanship through individual instruction and supervised competition. We believe that these qualities are an integral part of achieving success on the court, in the classroom and in life.

Designed for deaf and hard of hearing youth in grades 7 - 12.

Boys' Football (Grades 7th to 12th)
The Football Camp designed for students entering 7th through 12th grade next fall. (High school graduates are not eligible to enroll). Gallaudet’s Football Camps are designed to help participants improve basic skills and learn the techniques of football. Lectures, demonstrations, and drill sessions requiring limited physical contact are held daily under the guidance of the Gallaudet football coaching staff. Staff members are available to give lots of individual attention. This no-pad, no-helmet, four-day camp offers instruction for all offensive and defensive positions. Daily sessions are conducted on both grass and artificial surfaces.

Location: Gallaudet University (Washington, DC)
Date: June 27- 30, 2011
Grades: 7th-12th
Program fee: $250; group rate of 5 or more: $225

Our camp features:

- Chalk Talk, which includes nightly sessions to review the day’s activities and discuss coaching strategies, tips and latest trends
- An evaluation from staff members that will include the camper’s strengths and areas needing improvement
- Daily instructional films and videos and follow up discussions
- Professional speakers (professional, college, high school coaches/players) who will discuss various aspects of athletics
- Awards to campers and winners of special contests
- Three daily meals
- Camp t-shirt
- Use of professional-quality exercise equipment

If you are interested in any of our youth camps, please make sure you submit all application forms by May 27, 2011. Enrollment to many of our camps is limited, so be sure to complete your application as soon as possible.

Laurent Clerc National Deaf Education Center
Gallaudet University
clerccenter.gallaudet.edu

The Clerc Center, a federally funded national deaf education center, ensures that the diverse population of deaf and hard of hearing students (birth through age 21) in the nation are educated and empowered and have the linguistic competence to maximize their potential as productive and contributing members of society. This is accomplished through early access to and acquisition of language, excellence in teaching, family involvement, research, identification and implementation of best practices, collaboration, and information sharing among schools and programs across the nation.
Registration Information

How to Register

• Use the Application/Course Registration Form in the back of this catalog to register or register online at summer.gallaudet.edu. Undergraduate and graduate students already enrolled in a degree program at Gallaudet should use this application only if registering for professional studies (PST) courses.
• Complete the Guest Housing/Meal Plan Application if you are planning to stay on-campus.
• Complete the ASL Questionnaire Form if you are taking an ASL class.
• Complete the VISA Information Form if you are an international applicant.
• Complete the Medical History Form and return it to Gallaudet University’s Student Health Services prior to your arrival on campus.
• Complete the Payment Form and make sure to include full payment with your application. Payments may be made by check, credit card (MasterCard, VISA, or American Express), or money order.
• Mail your forms to the address provided on the application or fax it to (202) 651-5987. The registration deadline is three weeks prior to the start of class. We do not accept registrations by phone.
• To register for Summer Youth or Sports Programs, please use the Summer Youth Program application in the back of this catalog.

Enrollment Confirmation

You will receive confirmation of your registration from Summer Programs. If you do not receive confirmation, contact us at summer@gallaudet.edu or call (202) 448-7272.

Course Cancellation

Gallaudet University reserves the right to cancel classes due to insufficient enrollment. Course cancellation decisions are made three weeks before the first day of class. Please provide us with a daytime phone number or valid email address; we will contact you to make alternative course selections if your class is cancelled. We recommend that you NOT make travel arrangements until you receive confirmation regarding your course enrollment.

Transferring Credits

While Professional Studies credits (PST) do not apply to degree programs at Gallaudet University, they may be transferable to other universities. If you wish to transfer Gallaudet credits to your home institution, it is your responsibility to obtain approval from your home school to make sure they will apply to your degree.

Grades/Transcripts

Grades are issued approximately three weeks after the last day of summer school. No grades will be issued to students who owe a balance. Students may obtain a transcript of their academic record from the Registrar’s Office for a nominal fee. Please contact the Registrar’s Office directly at (202) 651-5393 (tty/v), or submit an online request at registrar.gallaudet.edu/request_transcripts.xml.

RID CMP CEUs

Some courses may also provide RID CMP CEUs. Check course descriptions for more information.

International Students

International students interested in coming to the United States and taking courses at Gallaudet University must complete the VISA Information Form. The completed form must accompany your registration materials. A B-1/B-2 Tourist Visa that is annotated for a short course of study allows you to visit the USA and participate in a course, workshop, or other training event while you are here. If, however, you are interested in attending Gallaudet University to obtain a degree or certification, you must have an F-1, J-1 or permanent residency status.

Due to the time constraints in processing I-20s or DS-2019s, applications must be received in our office before April 30, 2010. If you already have an F-1, J-1 or permanent residency status, we must have your application at least 3 weeks prior to the start of your class. Payment must be sent in full (international money order payable to Gallaudet University or by wire transfer) before an I-20 or DS-2019 can be processed. If you already have a Visa or a green card, you must submit a copy with your application.

The Visa Waiver Program (VWP) allows citizenship of some countries to travel to the U.S. for business or pleasure for up to 90 days without obtaining a B-1/B-2 visa stamp. You must ensure that your VWP is annotated for a short course of study if you plan on participating in a short course, workshop or training.

Consortium Student

Students registering for courses through the Consortium of Universities of the Washington Metropolitan Area do so through their home institution and pay that institution’s tuition fees. All classes held on campus will be conducted in American Sign Language unless otherwise specified in the course description. Students registering for an ASL course must also complete the ASL Questionnaire. Your home institution will then send a copy of your consortium card and, if applicable, your ASL form to our Registrar’s Office. This confirmation from Summer Programs will include the location of your class.

Adding or Dropping Courses

To add or drop a course after registration, complete an Add/Drop Form or submit your request in writing to summer@gallaudet.edu. Add/Drop Forms can be picked up in the Hall Memorial Building, room S141 or found online on the Summer Programs website. There is a $5 fee for each add or drop transaction (unless a department has made the decision to change your course). Failure to formally drop a course will result in a final grade of “F.” No changes may be made after the first day of class.

Withdrawing From Courses

To withdraw from a course (either before or after you have arrived at Gallaudet) submit your request in writing to summer@gallaudet.edu or complete a Withdrawal Form. A phone call alone is not sufficient and a student is not considered officially withdrawn until a written request has been received. You may withdraw from a course up until the last day of class. Please note that no refunds will be issued if you withdraw.

Email or fax your written withdrawal to:
summer@gallaudet.edu
(202) 651-5987 (Fax)
Responsibility for following these procedures rests with the student. Failure to formally withdraw from a course will result in a final grade of “F.”
Payment and Fees

Full payment MUST accompany the completed application form. Applications without payment in full will not be processed. Check your calculations prior to submittal. Payment may be made by check, credit card (VISA, MasterCard, or American Express) or money order.

VR or Employer Paid Tuition
If your tuition will be paid by VR or your employer, the appropriate paperwork must accompany your application. Complete instructions as to how our office is to bill the authorizing agent must also be included.

Tuition Waivers
Gallaudet employees should refer to section 3.14 of the Gallaudet University Administration and Operations manual to determine eligibility. Eligible applicants should complete an application and submit it with an approved waiver form. Please note that a tuition waiver does not exclude you from paying the application, unit, and material fees. The waiver covers only tuition and lab fees and is not applicable for non-credit courses of a recreational or leisure nature.

Processing Fee
All students with the exception of consortium students and currently enrolled Gallaudet undergraduate and graduate students registering for PST classes are required to pay a non-refundable processing fee of $30.

Materials/Lab Fee
Costs vary and are noted with the course description.

Financial Aid
Financial Aid is not available for students who are not enrolled in a degree program at Gallaudet University unless specified under program description.

Late Application Fee
A late fee of $50 should be included with all applications postmarked after the application deadline which is three weeks prior to the start of class. You should plan on mailing your application in plenty of time to allow for postal delay. Availability of class and housing is not guaranteed for late applicants.

Refund Policy
Written notification is required for all drops or withdrawals, otherwise no refund will be permitted. Refunds take approximately four weeks to process after summer school officially ends.
• If a course is cancelled by the University, a full refund will be issued automatically.
• If you drop/withdraw prior to the registration deadline (3 weeks prior to the start of a class), 100% refund on all fees (less the $30 processing fee) will be issued.
• There are no refunds issued after the registration deadline.

General Information

University Holidays
The University is officially closed on Monday, May 30 and Monday, July 4, 2011. Classes will not be held on those days. The library and most campus offices will be closed.

Campus Parking
Parking on campus is $3 per week or $20 for the entire summer. You are responsible for obtaining a parking permit from the Department of Public Safety (DPS) upon your arrival. DPS is open 24 hours. All unregistered or illegally parked vehicles will be ticketed. Please fill out the Vehicle Registration Form and bring it with you to campus.

Banking
We recommend that summer students bring travelers checks. There are ATM machines at Benson Hall and the Student Union Building, but there are no other banking services available on campus.

Bison Shop
The Bison Shop is located in the Student Union Building and is open Monday - Friday, from 9 am until 4:30 pm. In addition to selling textbooks and deafness-related books, the Bison Shop sells a variety of merchandise such as school supplies, clothing, snacks, gift items, gift certificates, and memorabilia.

Office for Students with Disabilities
If you have a special need and require accommodations, it is your responsibility to provide documentation from an authorized individual (medical professional, psychologist, etc.) indicating the accommodations (low vision interpreting, tactile interpreting, visual aids, mobility orientation etc.) that you need while here at Gallaudet University. Neither the Office of Students with Disabilities (OSWD) nor the Department of Public Safety (DPS) can provide services without this documentation. In order to facilitate a seamless delivery of accommodations and services, we ask that documentation of special needs be submitted to OSWD prior to your arrival on campus. The application can be found online at oswd.gallaudet.edu/Office_for_Students_with_Disabilities/Forms.html.

Library
The Gallaudet University Library in the Merrill Learning Center maintains one of the most comprehensive collections in the world on the subject of deafness. A schedule of library hours will be provided at check-in. Your Gallaudet University temporary ID will give you library privileges. The Library will be closed on May 30 and July 4, 2011.

Medical History form
All students attending classes on campus must provide a completed Medical History and TB Risk Assessment Form regardless of age. Immunization from tetanus/diphtheria is strongly recommended. Students under the age of 26 must also provide proof of immunization from MMR (measles, mumps, and rubella), Varicella (chickenpox - documentation of disease or date of vaccination), Tetanus/Diphtheria - (within the last 10 years), Meningitis (within the last 10 years), Hepatitis starting class at Gallaudet. Continuing students should contact Gallaudet University’s Student Health Center (SHS) to update their immunizations if needed, but do not have to resubmit this form.

Recreational Facilities
Pool, running track, Cybex weight room, and tennis, basketball, handball, and racquetball courts are available. A schedule of organized events and classes will be provided among your check-in materials.

Security
The Department of Public Safety is located on the ground floor of Carlin Hall. The Security staff is on duty 24 hours a day and is available for assistance and emergencies.

Shuttle Service
Gallaudet transportation offers shuttle bus service to Florida Avenue Union Station and Gallaudet University. You must have a valid Gallaudet ID to use the bus. A schedule for the shuttle and the area Metro system will be provided at check-in.

Visitors Center
The Visitors Center, located in the Edward Minor Gallaudet building, is open Monday - Friday, 9 am - 4 pm. Campus tours are arranged by appointment only. Contact the Visitors Center at (202) 651-5050 (tty/v).

Hotel
Located on the Gallaudet campus, the Kellogg Conference Hotel at Gallaudet University offers hotel-style housing. Call (202) 651-6000 for summer availability and costs.

Off-Campus Students
Students who live off-campus may elect to purchase a meal plan by completing the Guest Housing/Meal Plan Application. The daily rate is $33.00 for breakfast, lunch and dinner.

Vending Services
Vending machines are available throughout the campus for your convenience.

Pets
Only certified guide dogs are allowed in the residence halls, dining facilities, and classrooms. You must provide proof of certification to the College of Professional Studies and Outreach and Campus Life.

University Liability
The University is not responsible for loss or damage to student property or harm to students. If you suffer a loss, please notify the Department of Public Safety. The University reserves the right to enter any dorm room for purposes of inspection, cleaning, repair, improvement, painting, maintenance, or assessment of damages.

University Closure
Information regarding the University closing due to inclement weather or an emergency can be found on the University website. An Emergency Preparedness Guide is posted at emergency.gallaudet.edu.
Housing Information

How To Apply For Housing
Students who live in the dorms must fill out the Guest Housing/Meal Plan application. Applications must be received by the College of Professional Studies and Outreach by the course registration deadline. Availability of housing is not guaranteed for late applicants. All resident students must abide by residence hall rules and regulations; violations of these rules will result in immediate expulsion. A copy of the rules and regulations will be provided at check-in.

Check-in
The Summer Programs office is located in the Hall Memorial Building, S141. The office is open Monday-Friday, from 8:30am - 5:00pm. Students who will be staying in the dorms may pick up their registration materials (ID/Meal/Dorm Access card, class schedule, etc.) from the Summer Programs office during these times. If you will be living on campus and arriving outside of these hours, please go to the Department of Safety and Security (DPS). DPS staff will give you your check-in packet and direct you to your dorm where residence staff will assist in getting you settled in.

Check-Out
You must check-out of the residence hall by noon on the day after the end of your program. Prior to your departure, you are responsible for clearing your room and emptying all trash. Turn in your room key and Access Card to the Residence Assistant on duty in the residence hall where you are staying. If you do not return your room key or Access Card, you will be charged $75 for each item.

Laundry Facilities
Each dorm is equipped with debit card-operated washers and dryers and vending supplies. These cards may be purchased at the Department of Public Safety, located on the ground floor of Carlin Hall.

Phones
Pay phones and videophones are located in each dorm and at various locations on campus.

Dormitory Assignment
The Residence Assistant will give you your room key and inform you of your room assignment. There is a $75 fee charge for a replacement of the lost key or lock change. Lost or stolen keys should be reported to your Residence Assistant immediately.

Residence Halls
All dorms are air conditioned and equipped with visual alerting systems. Each room or suite is furnished with twin beds, study desks, and chairs. There is also drawer and closet storage. Residence Life provides a pillow, blanket and sheets for each bed. Students will need to bring their own hangers, mattress pad, alarm clock, desk lamp, computer, etc., if desired.

Room Fee
Room assignments are made on a first-come, first-served basis. Students may choose between single or double occupancy. Due to the limited number of single rooms available, there is no guarantee that a request for a single room will be honored. If you do not make a selection on the housing form, you will be placed in a double occupancy room. Occasionally, people request and pay for a double room and are never assigned a roommate. These “luck of the draw,” people are not required to pay the single room rate.

Only individuals registered for summer programs, 18 years or older may request dormitory housing (no exceptions). No family housing is available.

Double Room: $36 daily
Single Room: $72 daily
Linen Fee: $10

An alternative to residence hall accommodations is the Kellogg Conference Hotel at Gallaudet University. They can be reached at (202) 651-6000 or you may make online reservations at kelloggconferencehotel.com.

Meal Plan
Students who reside on campus are required to participate in the meal plan. The menu includes a wide variety of meats, vegetables, vegetarian dishes, salads, deli sandwiches, desserts, and beverages.

Gallaudet University is very conscious of our students with special dietary needs. The University Dining Services manager is available to anyone who has concerns about dining on campus. If you need special meals, you should speak with the manager to arrange them.

Meal Cards
You will receive your ID/Meal/Dorm Access card during check-in. Cards are not transferable and are valid until the expiration date stated on your card. Cards must be shown each time you enter the eatery place and cannot be used for food at the Bison Shop or Bistro Restaurant at the Kellogg Hotel. Any unused meals do not carry over to the next week.

Replacement ID/Meal/Dorm Access Card
Your Access Card is used as an ID card, meal card and dorm access card. A $75 fee will be charged for each lost or non-returned card.

International students interested in coming to the United States and taking courses at Gallaudet University must complete this VISA Information Form. The completed form must accompany your registration materials. A B-1/B-2 Tourist Visa that is annotated for a short course of study allows you to visit the USA and participate in a course, workshop, or other training event while you are here. If, however, you are interested in attending Gallaudet University to obtain a degree or certification, you must have an F-1, J-1 or permanent residency status.

Due to the time constraints in processing I-20s or DS-2019s, applications must be received in our office before April 30 for Summer Programs. If you already have an F-1, J-1 or permanent residency status, we must have your application at least 3 weeks prior to the start of your class. It is important to note that payment must be sent in full (international money order payable to Gallaudet University or by wire transfer) before an I-20 or DS-2019 can be processed. If you already have a Visa or a green card, you must submit a copy with your application.

The Visa Waiver Program (WVP) allows citizenship of some countries to travel to the U.S. for business or pleasure for up to 90 days without obtaining a B-1/B-2 visa stamp. You must ensure that your WVP is annotated for a short course of study if you plan on participating in a short course, workshop or training.

A confirmation letter will be sent to you upon approval of your application. The letter is your proof of enrollment. If you do not receive a letter in response to your application, contact the College of Professional Studies and Outreach at 202.448.7272 or email summer@gallaudet.edu. Once you arrive on campus, you must stop by the Center for International Programs and Services, located in the Hall Memorial Building (HMB) E254, prior to attending class. Only individuals arriving at Gallaudet University with the proper student visa will be allowed to attend classes and/or stay on campus.

This form should be completed by all non-U.S. citizens and non-U.S. permanent residents and included with your course application/registration materials.

In order to issue the I-20 Certificate of Eligibility or DS-2019, students must:
- be accepted to Gallaudet University as a matriculated (degree-seeking) or non-degree student.
- submit proof of financial ability.

☑ Other status (please specify) ___________________________ Expiration date:________________________

Enclose copies of your passport and Visa Stamp in Passport, I-94 Card (both sides), I-20 Form or DS-2019 Form or U.S. Permanent Resident card (both sides) or other immigration documents(s).

Section III: Section III: Student's Acknowledgement of Understanding

A non immigrant B-1 or B-2 visitor or F-2 dependent is prohibited by U.S. law from pursuing “a course of study.” A course of study is considered to be a focused program of classes, leading to a degree or certification. A single, short-term class that is not the primary purpose of the visitor’s presence in the United States, would not constitute “a course of study.”

If you have a B-1, B-2, or F-2 visa, you acknowledge that you are not seeking to obtain a degree or certification and that it would be a violation of your non immigrant status to begin a course of study, and that you are fully responsible for complying with the terms of your non immigrant status.

Please sign below to acknowledge that you have read the above statement and that the information you have provided in this document is correct and complete. You also understand that if you are without a visitor or student visa or Form I-20/DS-2019, you cannot register as a student at Gallaudet University.

I hereby apply for motor vehicle operating and parking privileges at Gallaudet University. I agree to abide by the regulations and procedures governing the operation of a motor vehicle on campus. I acknowledge that the Department of Public Safety has the authority to ticket, immobilize, or tow my vehicle at my expense if I, or someone else in my vehicle, violate the established rules and regulations. I confirm that there is a valid and current registration for the automobile and that the automobile is properly insured. I understand that there is a fee to park on campus and that I must park in the appropriate zone.

I hereby release Gallaudet University, its agents, and employees from any and all liability for loss of or damage to my vehicle and items of personal property left therein. I also release Gallaudet University, its agents, and employees from any and all liability for personal injuries that might result from my use of a vehicle at Gallaudet. It is understood, however, that this release does not excuse the University in the event of negligence.

All information on this form is true and accurate to the best of my knowledge.

**NOTE:** If you do not have health insurance, you will not be allowed to participate in the Sports and Youth Camps.

Evidence of health insurance for activities occurring in the Metropolitan District of Columbia community is required to participate in all camps. Medicaid does not cross state lines, so evidence of this type of insurance coverage outside of D.C. will not be accepted.

### Section V: Medical Release

- My child is not currently under any doctor’s care that requires prescribed medications and my child will, therefore, have no prescription medications in his/her possession. If checked, please skip to “Travel Release” below.

For the safety and protection of your child and other children in the program, Gallaudet University will hold all prescription medications in locked storage while your child is attending this program. Our staff will not, however, administer the medication. Your child will be responsible for actually taking the proper dose at the time it is to be taken; we will simply monitor that administration. Your child will sign for all medications received. This procedure will help protect your child and the prescription medications he/she may bring by ensuring locked storage and monitoring that medications are actually taken.

PARENT or GUARDIAN: Please check the registration information for accuracy. Read the following statement and sign at the point indicated below. Admission as a participant to Gallaudet University Youth Programs carries many privileges and responsibilities. Participants are expected to participate in the total life of camp: to work, play and live together. Program Administration does not allow the use of tobacco, alcohol, illegal drugs or weapons. This application signifies my understanding and acceptance of these responsibilities – violators will be dismissed without a refund. In addition, should a behavior or discipline problem affect work with other campers or their enjoyment of Gallaudet University Youth Programs. Administration reserves the right to dismiss those participants responsible without refund. In the event of withdrawal or dismissal from camp for any reason other than illness requiring the attention of a physician, I will pay the camp fee in full. In the event I cannot be reached in an emergency, I hereby give permission to the physician selected by the administrator to hospitalize, secure proper treatment of, and to order injection, anesthesia or surgery for my child as named above. I will notify the Youth Program Coordinator if my child has any serious restrictions related to his/her participation in the program. I also understand that the Youth Program assumes no responsibility for accidental injury to my child during his/her stay at the camp.

Gallaudet University is hosting the first National Outreach Conference on the university’s beautiful 99-acre campus. Targeting outreach providers actively involved in education of deaf and hard of hearing children birth through 21, participants will experience three days of workshops, information-sharing and networking! The potential for developing coalitions and gathering information to enrich the quality of your work make this conference ‘a must attend’ for outreach providers.

Register today to reserve your space!

One day of the conference will be held at the Maryland School for the Deaf, Frederick Campus in conjunction with the 22nd Biennial American Society for Deaf Children Conference.

**Early Bird Registration:** $235 (received/postmarked by 4/8/11)  
**Registration after 4/8/11:** $285  
The conference is limited to the first 100 participants.  
To register, visit www.gallaudet.edu/noc.xml  
Information regarding lodging, transportation and directions is posted on the conference website.

**For information,** contact co-chairs Lisa Jacobs at lisa.jacobs@gallaudet.edu or Diana Poeppelmyer at diana.poeppelmyer@tsd.state.tx.us.
