>>> SOUTH CAROLINA PLAYER QUOTES

MarShawn Lloyd • RB • R-So.

On the Crowd...

"It was amazing. Like, our fans do really care about us and they made sure they came even if they couldn't, they gave tickets to somebody else to get here. I thought it was great and I didn't honestly think it was gonna be that much people here, and there was, it was amazing."

On Getting the team together as they enter SEC play...

"We're doing better and it was always good to win. But as far as playing we're doing pretty good. We're putting up points so I feel like any team you play there's still another person like if you're not just like slouched and soft like we've been, you know getting better each week and just next week actually SEC plays it's a little different. But I feel like you know our team is competent enough to be able to do the same thing we've been doing now I know with an SEC team because we're just getting more connected as a team."

On the progress of the team...

"It's amazing, shows you how mature our team is now, close knit our team is and it's just been great and it's been shown because we put up 50 points you know, every game. A lot of people think we can't score, a lot of people think we can't stop. But last two weeks has been you know, amazing on all cylinders."

Spencer Rattler • QB • R-Jr.

On Xavier after the Interceptions...

"I went up to him and I said, I'm gonna go right back to you know, I did the first one and then the second one, I just say keep your head up man, you know, tough night for him. You know, had some like you said bad luck on there, but I know he's a guy that works his butt off in practice, and never does that. So I know he won't be doing that often."

On Nate Adkins with his Dad having a health scare...

"Yeah, I mean Nate, Nate's a utility, he can do it all on he's like another o-lineman out there. He blocks, he's crazy good at blocking like really good. Straight up fullback. And then he can make plays in the open, you know, and they'll fly routes down the field, but he can do it all you know. And then with his pops, yes, it's tough but you know we're always gonna stick with him and then you know, everything will be alright."

Jalen Brooks • WR • Sr

On the circus catch...

"Big props to Coach. He has us work a congested catch drill at least once a week, he does a great job of working with us one on one. I give him full props for that one."

On the connection between you and Spencer...

"Yeah, that comes with repetition in practice, just building that confidence with each other. I feel like we practice that a lot which brings success a lot, it opens up opportunities on Saturdays as well."

Sherrod Greene • LB • 6th Year

On the three interceptions for the second week in a row...

"It definitely boosts our confidence, coming off two games in a row we win helps too. Knowing that our guys can make plays when we are in the right spot and doing what we are supposed to be doing. It's a great look for us."

On carrying the momentum of the defense into next week...

“That’s kind of one of the things we talk about is putting the ball down. Nobody going to face adversity, but its up to us to adapt to it, quickly and on the fly.”
