

## **SOUTH CAROLINA (4-7) vs. COASTAL CAROLINA (6-5)**

**SATURDAY, NOVEMBER 22, 2025 | WILLIAMS-BRICE STADIUM | COLUMBIA, S.C.**

### **>>> SOUTH CAROLINA PLAYER QUOTES**

#### **Bryan Thomas Jr. • ER • Senior**

*On...how to bounce back from tough games through the culture at South Carolina*

*“Every week, you know Coach Beamer always emphasizes forget about last week; it is always about moving forward, and you know create a new narrative about the team. We never change. We always go out in practice and we always give full effort.”*

*On...how they will take this win against Coastal and apply it to their upcoming game against Clemson*

*“Coach Beamer makes us practice just personal relentless effort, always flying to the ball, and just ya know keeping that same narrative about our team. We no matter what our record is, we always are going to play the same, which is fast and physical.”*

#### **Shawn Murphy • LB • Redshirt Junior**

*On...how fun it is to go out and play after seeing the offensive scoring*

*“I think it is a great feeling, we work hard every practice day. And, we put a lot of effort into the scene. We have a great culture, and we make sure we do everything the right way, no matter what, no matter the outcome. We just focus on the week we are on. So, seeing them score, like, it’s a great feeling because we know how hard they work and how much they put in.”*

#### **LaNorris Sellers • QB • Redshirt Sophomore**

*On...what he has seen in Jayden’s development / if he feels comfortable going to him in a tough situation*

*“Yeah, just the growth from January until now...he is my brother, so we talk a lot, just like picking his brain, seeing what he is thinking, what he sees....I will trust him...”*

*On...how much this win means to the team*

*“It just means a lot. Just the way we went out there after last week, like some teams could just go out there and be like ‘hey the season’s over’, but I mean we still have stuff to play for. We are still playing for the names on our jersey and stuff like that. So, it is always good to go out there and get a win.”*

*On...how he feels about Mike Furey’s play calling*

*“He is just getting guys into space and just allowing for one-on-one opportunities. All college defenses really, they pretty much get to the ball pretty quick, so it is kind of like you can’t get a lot of guys in the space and expect guys to just make a bunch of people miss. He has got to get one-on-one opportunities in; our guys vs their guys.”*

#### **Jayden Sellers • WR • Freshman**

*On...being in the stands for last years Clemson game when LaNorris scored his touchdown*

*“I was actually front row...watching him score that last touchdown basically winning the game for him, was like, it was a moment like “oh my goodness”, that is really awesome, the oh my goodness moment, but like that just like made me plan for what we could do, ya know, next year together. I always wanted to play the rivalry game...so I am excited to go against them in a loud environment. It will be fun.”*

*On...what he was thinking during his opening drive touchdown catch from LaNorris*

*“I better not fall. There was too much green grass in front of me, I better not fall.”*
