>>> SOUTH CAROLINA PLAYER QUOTES

NYCK HARBOR • WR • JR

On improvements since Game 1...

“Just being a better football player, learning the game, just learning how to run routes, learning how to catch the ball, learn how to adjust in and out on my breaks. Just learning how to be a better teammate, better blocker, just everything around, just learning the game. That’s the one thing I needed, and I feel like I got that.”

On describing the season...

“I’m proud of the team no matter what happened, no matter the record. It’s just, you know, day in and day out, we came, we fought like every game we was in the game and we didn’t give up. I just see the teams resilience, just how the way we just fought.”

On Offensive Coach Furrey and Coach Beamer...

“No matter if you like it or not, you’re having a good day or not, he’s gonna only try to make you madder and like just wants to see how you respond. That made me a way better player than I am, and Coach Beamer will do it too, so I appreciate them very much just believing me, trusting me, even through ups and downs.”

VANDREVIUS JACOBS • WR • R-SO

On describing the season...

“Not the way we wanted it to go, Obviously, we know we better than that. We feel like Coach said all the time. We feel like we one of the best in the nation, in the country, but our record doesn’t show that. And that’s on us. We just got to come back and just get better, put in the work that we need, that we know we need to put in.”

On describing his touchdown

“I’ll say for both of us, love to 16 (LaNorris Sellers) for trusting us and giving us good balls to go and catch it. He has two defenders. He still just gave me a chance, and he just trusted me.”

LANORRIS SELLERS • QB • R-SO

On Coach Furrey’s role this season

“I loved him, he’s a great guy. I’m glad we had this time together. I got to know him a little bit more, I talked to him a little bit when he was my receiver coach. But I mean, he’s obviously more in our means now just picking our brain. So I’d love to have him as an O.C.... It’s not my decision to make, but it’s whatever Coach Beamer decides to do.”

JALON KILGORE • DB • JR

On his end zone interception

“I kind of knew, like, it was third down. I was kind of playing the sticks, but we were in the red zone, so you have to throw, like, a back-of-the end-zone touch down. So I knew, that if he underthrew it, that I was gonna get picked.”
