ADVANCED FEATURES 5 YEAR WARRANTY QUIET OPERATION

## EAGLE-2000

**MOTOR**  
Continuous duty 1/2 and 1 horsepower models

**GEAR REDUCER**  
Heavy duty, size 60 gear reducer for efficiency

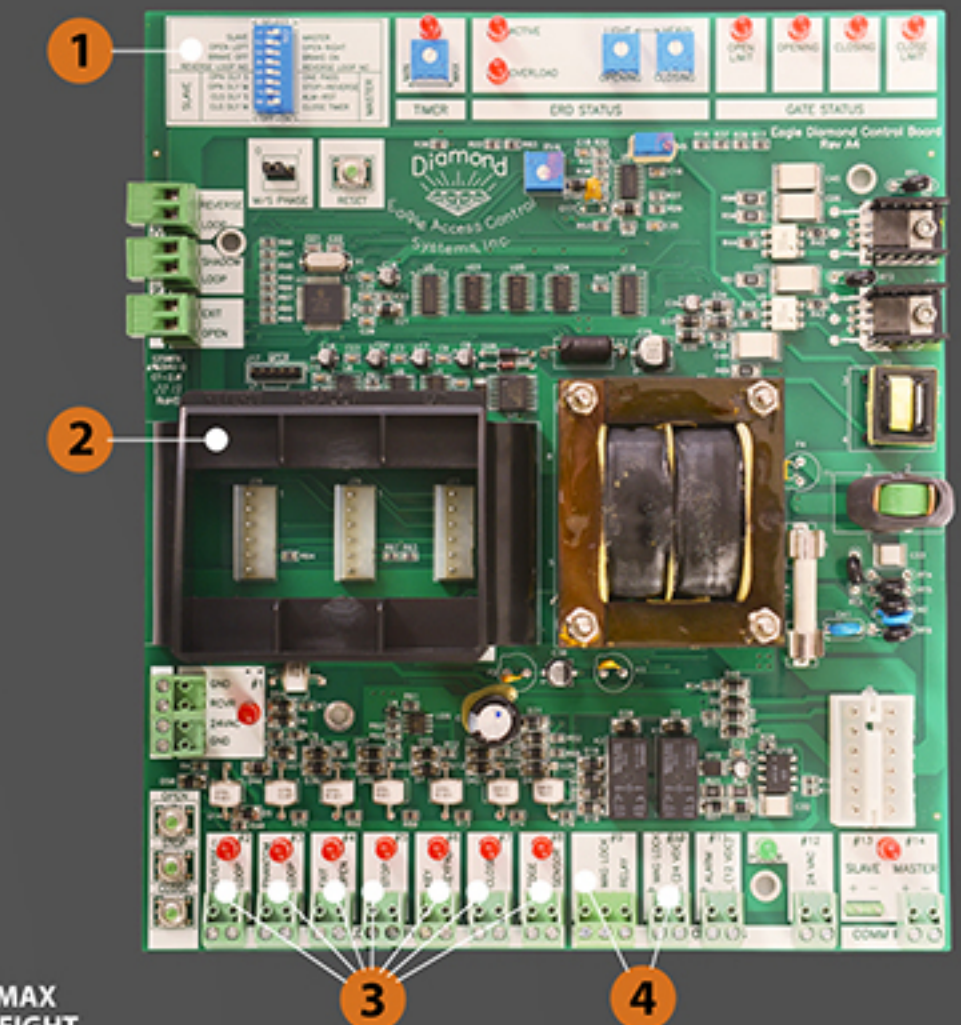

**IDLER WHEELS**  
Quiet and smooth operation

### KEY FEATURES

-  **LIGHTNING AND SURGE SUPPRESSION**  
Built in state of the art lightning and surge protection.
-  **FAIL SAFE OR FAIL SECURE OPTION**  
You can simply push the gate open when power is not available in the Fail Safe Option. With the Fail Secure option you will be able to open the gate with the use of a crank during a power outage.
-  **COMMERCIAL/INDUSTRIAL APPLICATION**  
This operator is ideal for large gates on commercial or industrial type properties.

### DIAMOND CONTROL BOARD

- FEATURE SELECTOR 1**  
For user friendly capabilities our feature selector comes standard with features like open/close delay, motor brake, anti-tailgating, partial open, stop-reverse and auto close timer
- PLUG-IN LOOP DETECTORS 2**  
Slots for shadow, reverse and exit Eagle loop detectors for easy connection
- GLOBAL INPUTS 3**  
Multiple inputs for Keypads, safety loops, etc are standard on the Diamond Control Board
- MAG LOCK INPUT 4**  
Built in 24V AC input for mag lock which means no additional power is necessary

For all your commercial applications choose any of our models from the Eagle-2000 series. The Fail Safe model allows you to simply push the gate open during a power outage while our Fail Secure model allows you to open the gate with use of a crank. 1 horsepower models are available for heavier gates up to 2000 lbs. All models feature the state of the art diamond Control Board, the most feature packed and installer friendly control board in the industry. The Eagle-2000 offers a 5 year commercial and 7 year residential warranty. Gate capacity is 45' 1000 lbs unless specified differently.
