

### INFORMED FINANCIAL CONSENT

Dr Alicia Innis provides a mixed billing service:

- Some services are bulk-billed (patients don't pay any out-of-pocket expenses as the fees are covered by Medicare)
- Other services are partly funded by the Medicare Benefit Scheme rebate with an out-of-pocket expense met by the patient. Note: Health insurers do not pay outpatient appointment costs.

### BILLING POLICY

Fees are to be paid on the day of the consultation using cash or EFTPOS (Visa/Mastercard).

Accounts not settled on the day of consultation may be charged an additional \$30 administration fee.

Pensioners and health care holders will receive a 10% discount off their out-of-pocket expense.

### CANCELLATION POLICY

In the event that you are unable to attend your appointment, please provide us with 1 weeks notice to allow another patient to use the appointment. If less than 48 hours notice is provided, or notice not received by 5pm Friday prior to a Monday appointment, a cancellation fee is payable. \$100 is payable for an appointment longer than half an hour. A fee of \$50 applies for appointments less than half an hour. Please note that cancellation fees are not claimable on Medicare.
