Maldives Environmental Management Project**

IDA Credit 4427-MV

Reference No.: (IUL)138/1/2010/1000

Date: May 06, 2010

**Invitation for Quotations**

**IFQ No.: 011/4427-MV**

1. The Government of the Republic of Maldives has received credit from the International Development Association towards the cost of Maldives Environmental Management Project (MEMP), and it intends to apply part of the proceeds of this credit to eligible payments under the contract for which this Invitation for Quotation is issued.
2. The Ministry of Housing, Transport and Environment now invites Quotations from suppliers for the equipment listed below:

Item N°	Description of Goods
EME 01	Electronic Level with tripod and staff: (Similar or substantially equivalent to Leica Sprinter 250M). Electronic level is designed to determine delta height, capable to store measurements, download and transfer them for further calculation to Excel® via USB. Should be suitable for use in coastal applications, or from small boats, with windows based PC software supplied or a dedicated display unit for downloading data. Warranty minimum one year.
EME 02	Field Computer with GPS and GPS software license: (Similar or substantially equivalent to handheld GPS Trimble Nomad or GEOXM): Rugged, reliable and waterproof GPS receiver capable of continuously tracking and updating positions. Suitable for use in a marine environment. The package must include download software compatible with Microsoft Windows® and download cable. Warranty minimum one year.

3. Interested eligible suppliers may obtain further information and 'Instructions to Suppliers' on request from the address below.
4. Sealed Quotations must be delivered to the address below on or before **1100 hours on May 17, 2010**. Late Quotations will be rejected. Quotations will be opened in the presence of the suppliers' representatives who choose to attend in person at the address below at 1100 hours on May 17, 2010.

Ad.Ref No.: MTCC-HR/2010/11

*MTCC is actively seeking dynamic, proactive, result oriented, analytical thinker to be part of our HULHUMALE ROAD CONSTRUCTION PROJECT.*

The Maldives Transport and Contracting Company Plc is a successful business organization that offers exciting career opportunities to you within Maldives in a supportive and rewarding environment. Our employees are responsible for our success and we value our employees, aiming to create a working environment where you are Valued, Respected and Empowerment is a daily experience.

## PROJECT ENGINEER

**No. of Position: 01**

**Successful Candidate:**

- Degree in engineering or construction-related field, or equivalent construction-related work experience, as well as at least 2 years of experience in road construction OR 6 or more years of experience in asphalt road construction.
- Project management skills including budget and team responsibilities.
- Capable of using computer assisted engineering and design software and equipment to prepare engineering and design documents.
- Knowledge of applicable engineering theory, methods and practices.
- Ability to handle multiple priorities, stress, detailed work, reasoning, deadlines.
- Must be flexible, analytical, and possess excellent interpersonal skills
- A high level of skills in communication, problem solving, analysis and decision-making.

The successful candidate will be able to clearly demonstrate:

- Plan, organize, and ensure adequate staffing, execution, and monitor all road engineering activities and related support operations.
- Establish, monitor and maintain construction engineering quality control in the field.
- Monitor project activity to achieve an “on-time” result including follow-up with external suppliers to ensure timely response to action items.

- Collaborate with construction management to eliminate any hazards associated with the work that may adversely affect the environment or the safety or health of employees.
- Prepare design, drawings, plans and specifications for the project, engineered systems, technical equipment or components.
- Provide advice on field engineering procedures, construction methods, and financial matters to management.
- Supervise technical testing, survey or field engineering teams.
- Ensure that project charges are correctly represented for accounting’s closing process.

**Salary:** Negotiable

**Other Benefits:** Educational Allowance  
Medical Insurance Scheme

## LAB. TECHNICIAN

**No. of Position: 01**

**Successful Candidate:**

- Certified or Licensed as a Lab Technician
- 2 years work experience which provides the requisite knowledge, skills, and abilities for this position.
- Thorough working knowledge in conducting all kind of testing for asphalt paving road
- Ability to formulate and express ideas on complex technical subjects clearly and concisely, orally and in writing.
- Strong research, analytical and communication skills
- Should have knowledge of achieving and controlling density for all types of asphalt mixes including hot mix asphalt.
- High level of skills in communication, problem solving, analysis and decision-making.
- Ability to work independently in a multi tasking team environment under minimum supervision
- Ability to interact variety of situations and circumstance.
- Well organized and attention to detail

The successful candidate will be able to clearly demonstrate:

- Develop a full understanding of the uses and applications of products in the area of asphalt and concrete.

- Plan and perform laboratory work to develop a database of properties and uses of all functional products for the Project.
- Conduct and provide technical training for the workforce.
- Prepare reports, write technical papers, and give technical presentations as appropriate to develop reputation and market presence.

**Salary:** Negotiable

**Other Benefits:** Educational Allowance  
Medical Insurance Scheme

**SUPERVISOR/  
ASPHALT FOREMAN**

**No. of Position: 01**

**Successful Candidate:**

- Previous supervisory/foreman experience with leadership skills
- Thorough working knowledge in supervising asphalt paving road
- Experience in using pavers with automation and manual
- Commitment to safety and willing to follow all processes and regulations.
- High standard of coordinating expertise coupled with highly developed inter-personnel skills.
- Strong research, analytical and communication skills
- Team oriented and ability to work independently in a multi tasking team environment
- Ability to interact variety of situations and circumstance.
- Ability to work to a higher standard against agreed time scale with limited supervision
- Well organized and attention to detail

**The successful candidate will be able to clearly demonstrate:**

- Supervise crews to ensure efficient, quality work.
- Actively participate in completing projects as a working member of the crew.
- Oversee production of paving and maintain a balance between crew and project conditions.
- Coordinate and track use of trucks and equipment.
- Manage use of materials and ensure all necessary materials are available.
- Complete appropriate paperwork each day

including tracking man hours, equipment hours, and materials.

**Salary:** Negotiable

**Other Benefits:** Medical Insurance Scheme

**Department:**  
Construction and Project Management Department

**Work Location:**  
Project Site, Hulhumale'

**Working hours:**  
08:00 to 16:00 hrs

**Contract duration:**  
24 months

If selected for the position you will be expected to mobilize rapidly following negotiation of a contract.

A copy of the terms of reference and application process may be obtained by writing to:

**HUMAN RESOURCE DEPARTMENT**  
**Maldives Transport & Contracting Company plc**  
**MTCC Building, Boduthakurufaanu Magu, Male' 20181,**

**Ministry of Housing, Transport and Environment**  
Republic of Maldives

Ref: (IUL)138/138/2010/1000      Date: 06 May 2010

**Invitation for Interested Consultants**

**Building Capacity and Mainstreaming Sustainable Land Management in Maldives Project**

The Ministry of Housing, Transport and Environment is currently implementing the Building Capacity and Mainstreaming Sustainable Land Management in Maldives project, funded by GEF/UNDP and the government of Maldives. This is a 3 years project and currently in its 2nd year of implementation. The objectives of the project are to build capacity in Sustainable Land Management (SLM) in appropriate government institutions and communities and mainstream SLM into government policy, planning and strategy development.

The Ministry of Housing, Transport and Environment is now seeking staff for the project (Building Capacity and Mainstreaming Sustainable Land Management in Maldives). The staff would be working on a fulltime basis for a period of two (2) years subject to annual extension based on performance.

**1. National Project Manager**

The National Project Manager (PM) will be responsible for the implementation of the project, including the mobilization of all project inputs, supervision over project staff, consultants and sub-contractors. The PM will be fully accountable to the National Project Director and to the Steering Committee for satisfactory execution of the entire project in accordance with the NEX modality and will be responsible for meeting the government obligations. The Project Manager will be the head of the Project Management Unit. The PM shall perform a liaison role with government, UNDP, and all stakeholders involved with the project.

**Qualifications/ Requirements**

- Post-graduate degree in land management, agriculture, natural resources management or other relevant academic and profession qualifications with at least 10 years professional experience;
- Proven extensive experience and technical ability to manage a large project and a good technical knowledge in the fields related to SLM, participatory approaches and/or environmental economics;

- Effective interpersonal and negotiation skills proven through successful interactions with all levels of project stakeholder groups, including senior government officials, business executives, farmers and communities;
- Ability to effectively coordinate a complex, multi-stakeholder project;
- Ability to lead, manage and motivate teams of international and local consultants to achieve results;
- Good capacities for strategic thinking and planning.
- Excellent communication skills; and
- Familiarity with government procedures, including public finance rules, provision of government services
- Knowledge of UNDP project implementation procedures, including procurement, disbursements, and reporting and monitoring highly preferable.

Successful candidate will be paid an all inclusive monthly fee of between **USD 1000 to USD 1,200** equivalent in MRF, depending on qualifications and experience.

Priority will be given to the candidates with experience on issues related to the project.

Working hours are from 0800 - 1600 hrs.

Interested candidates may obtain an outline **Terms of Reference (TOR)** from [www.mhte.gov.mv](http://www.mhte.gov.mv) and further information at the address below during office hours. Interested candidates may also obtain the Terms of Reference at the address below.

## Ministry of Fisheries and Agriculture

Male', Maldives

No: FA-E4/29/2010/56

### Invitation for Interested Consultants

**Post Title:** TCDC Expert in Marketing  
**Duty Station:** Maldives  
**Duration:** 2 months WAE over 4 months

#### Background

The project TCP/MDV\3101., titled "Production of Virgin Coconut Oil and Value Added Products for the Enhancement of Livelihoods and Food Security through Income Generating Opportunities in the Maldives" seeks to generate income and employment for communities in the Northern and Southern Maldives, by building capacities to add value to the local coconut production base, and to market value added products as souvenir items in the local tourism industry.

To date, the following activities have been accomplished:

- Completion and commissioning of a processing facility for producing VCO, aromatherapy oils, massage oils, lotions and soaps at Hanimadhoo;
- A women's group on Hanimadhoo has been trained in the production of VCO, herbal soaps, the production of aromatherapy and massage oils and bakery products;
- A Manual on the production of VCO and value added products from VCO, tailored to the Maldivian context has been prepared, translated into the local language and is currently in press. This fully illustrated manual draws on direct experience during training activities at the Hanimadhoo processing facility;
- An outreach programme for the Northern Maldives is currently being developed under the project through a Letter of Agreement with Live and Learn.

This consultancy assignment is designed to identify opportunities for the further development of virgin coconut oil and its downstream products - massage and aromatherapy oils, souvenir packaged hand made soaps, lotions - as souvenir products and spa items in the Maldivian market. To meet this end, a market survey of consumers (tourists), retailers and spas will be carried out.

#### Activities

Under the general supervision of FAO Sri Lanka, the

technical supervision of the Senior Agro-Industry and Post-harvest Officer at the FAO Regional Office for Asia and the Pacific (FAO-RAP) and in close collaboration with Senior Officials of the Ministry of Agriculture and Fisheries of the Maldives, the TCDC Expert in Marketing, will undertake the following duties.

- Liaise with officials of Live and Learn, in order to obtain product samples and to learn about the processing capacity and outputs of the VCO processing plant.
- Submit an outline of the methodology for the conduct of a survey along with survey questionnaires to be administered to the different target groups, and a plan of action, to FAO-RAP for clearance within two weeks of signing the contract.
- Following clearance of the methodology by FAO-RAP, conduct a market survey of consumers (tourists and locals), retailers, spas and other buyers of VCO products, across the Maldives in order to identify opportunities for further development of virgin coconut oil and its downstream products as souvenir items and as spa products. This can be done through telephone calls, by e-mail exchange and through direct surveys in Male and in selected hotel resorts
- Analyse the survey results and prepare a comprehensive report that analyses the findings of the survey and provides specific guidelines for the marketing of VCO and downstream products in the Maldives.
- Submit the mission report within two weeks of completing the assignment

#### Qualifications and skills

- Tertiary Education in Agriculture and Marketing or in related disciplines;
- At least five years experience in Marketing Research
- Good interpersonal communication, report writing and computing skills and must be fluent in English.

**The expressions of interest must be submitted to Ministry of Fisheries and Agriculture along with CV, copy of ID card, copies of educational certificates and other supporting documents by 1600hrs 17th May 2010.**

**Announcement**

**BACKGROUND**

SAARC Documentation Centre (SDC) established in the year 1994, is one of the Regional Centres of SAARC. It acts as an effective information system for the SAARC member states that enables exchange of information in the areas of biological, physical, chemical, engineering and life sciences as well as in developmental matters.

The three major activities of the SAARC Documentation Centre are:

1. Organizing and conducting training courses and workshops
2. Collection development
3. Rendering information services

SDC has been organizing short term and attachment training programs for the participants from the SAARC Countries for several years now. The training courses are conducted at National Institute of Science Communication and Information Resources (NISCAIR), New Delhi that has the requisite expertise and infrastructure to conduct contemporary courses in library and information science.

**TRAINING**

SDC has organized the following courses (dates and number

of participants for Maldives indicated) for 2010:

1. Information Technology for Information Management - 24 May to 25 June 2010 (2 participants)
2. Attachment Training program – 24 May to 20 August, 2010
3. Information Technology for Information Management - 04 Oct to 04 Nov 2010(2 participants)
4. Attachment Training program – 04 Oct 2010 to 31 Dec, 2010(1 participant)
5. Herbarium Techniques - 08-13 November 2010(1 participant)
6. Advanced WINISIS - 06-10 December 2010

SDC does not charge any course fee, accommodation charges and local transport from the selected participants. SDC also provides daily sustenance/monetary allowances to the selected participants for the course. However, the selected participants will have to bear the cost of traveling expenses.

The National Library acting as the National Focal point invites applications for the above courses. Application forms will be available from the National Library counter from 08:00 am – 09:00 pm from Saturday to Thursday. Please submit the filled application form together with your CV before 18 May 2010.
