**Integrating Climate Change Risk into Resilient  
Island Planning Project in the Maldives (ICRRIP)**

The Ministry of Housing, Transport and Environment is seeking consultants to the newly implementing project (Integrating Climate Change Risk into Resilient Island Planning) by the Ministry with collaboration of the United Nations Development Program (UNDP).

Designing of the Official Website of the Project

The ICCR project wishes to design a CMS based website for the project. The website should be of strong technical framework as well as attractive layout. The need is it be easy to update and easy to manage by project staff. Details of content and final layout will be decided with further communication between the Project Management

Unit and the proponent.

Proposals will be selected based on the proponent's experience in the area, quotation and timetable for delivery of the services.

Interested Candidate may obtain more information and TOR from the address below

**Consultancy Project on Planning the Improved Management of Construction and Demolition Waste**

Waste management is generally inadequate throughout the Maldives, although there have been preliminary studies to address different aspects of waste management. Minimal planning has been executed to address the issues on management of construction and demolition waste. Hence, the United Nations Development Programme (UNDP) is funding to execute a study on managing the construction and demolition waste. The objectives of this assignment are:

- To carry out a survey of construction and demolition waste in Male', 3 inhabited islands of different sizes and 3 resorts in different regions
- Prepare a waste management plan with guidelines for the reuse and recycling of construction and demolition waste

Environmental Protection Agency now invites interested *individual consultants* to submit their CVs (in English) for the assignment.

The consultant that is best qualified and fully capable of carrying out the assignment will be selected, taking into account academic background, experience, and knowledge of the local conditions.

Interested consultants may obtain an outline Terms of Reference from: [www.epa.gov.mv](http://www.epa.gov.mv)
