**Drug Rehabilitation Centre and Services under
a Design Build Finance Maintain and Operate
Contract**

K. Himmafushi Island, Republic of Maldives

Request for Expressions of Interest

1. Introduction

The Government of Maldives (GOM) has embarked on an active and coordinated action for drug control in the country. Currently, the Ministry of Health and Family (MoHF) is the only provider of drug rehabilitation treatment services in the Maldives. MoHF operates one intensive Drug Rehabilitation Centre (DRC – the subject of this procurement), as well as two small Detoxification Centers and three Community Service Centers (Male, Addu, Faumulac).

Since 2008, the GOM has initiated a policy shift toward increased involvement of the private sector in service and infrastructure delivery. To this end, GOM has introduced a nation-wide strategy to implement Public Private Partnerships (PPP) in many services and infrastructure, including the health sector.

In this context, the Government wishes to appoint a private partner to operate the existing Drug Rehabilitation Centre K. Himmafushi (the DRC) under a long-term Design, Build, Finance, Maintain and Operate (DBFMO) contract with the government. The primary objective is the provision of high quality drug rehabilitation services and facilities that are delivered in an efficient manner, substantially contributing to the eradication of drug abuse on the Maldives. The contract will be awarded through a transparent competitive bidding process to the party offering best value-for-money.

2. Scope and Objectives

The DRC is located on the island of Himmafushi, 15km from the capital island Malé, and is the only drug rehabilitation centre on the Maldives. All clients are currently Maldivian and receive treatment for successful reintegration into society. Approximately 250 clients are accommodated and treated annually at the DRC following the TC (Therapeutic Community) treatment approach. The average duration of stay of clients at the DRC is six months.

The total existing area of the DRC is 32,835 m² (355,000 ft²), which may be expanded by another 26,045 m² (280,000 ft²). The site is walled on three sides, with the northern perimeter comprising the beach of the island.

Currently approximately 100 staff are employed at the DRC. Existing facilities include several multi-storey buildings, and stand-alone facilities. This includes a small medical centre, detox centre, and a fully-equipped gymnasium. A refurbishment of existing facilities is required to bring them to required standards.

The 15-year DBFMO contract between the GOM and the appointed private operator will include both refurbishment, provision and maintenance of the facilities, and the provision of the drug rehabilitation treatment services themselves. Regarding facilities, private operators are expected to undertake refurbishment, but may also reorganize the use of facilities. Regarding drug rehabilitation treatment services, the GOM is open to either continuation of the current TC treatment approach, or the introduction of other proven drug rehabilitation therapies, provided that these are appropriate in the socio-cultural context of the Maldives. Private operators may also propose new uses and facilities on a commercial or non-commercial basis (see Key Project Features below). Full details on existing facilities and services provided at the DRC will be made available in the Data Room which will be accessible to shortlisted firms during the Request for Proposal stage.

3.Key Project Features

- Availability Payment – the operator will receive a regular (quarterly) availability payment from the GOM for the treatment of a specified number of MoHF clients annually (indicatively 250).
- Land and asset ownership – Ownership of the land and facilities will remain with the MoHF. The operator will have usage and will maintain the property under a lease agreement with the GOM.
- Other uses possible – private operators may propose new facilities, uses and services to be introduced at the DRC on a commercial or not-for-profit basis, as well as possible new treatment markets, provided that these are consistent with the overall objectives of dependency rehabilitation, and contribute to the optimal functioning of the DRC.
- Referral and post-treatment reintegration – the MoHF will remain responsible for the referral of MoHF clients to the DRC. Post-treatment reintegration outside of the DRC will remain the responsibility of the MoHF as well, however operators are expected to play an active role in advising the MoHF, and may also propose to play a more direct role in post-treatment reintegration.
- Cost compensation for possible personnel restructuring – should restructuring of personnel be required, within applicable criteria such costs (e.g.

INVITATION FOR BIDS

**Subject: Reconstruction of Harbours for the
Tsunami Victims Project.**

1. The Government of Maldives has received a loan from the Islamic Development Bank (IDB) and The OPEC Fund for International Development (OFID) towards the cost of Construction of Harbours for Tsunami Victims Project and intends to apply part of the proceeds of this loan to eligible payments under the contract for Restoration and Construction works of Harbours in the Islands of B.Dharavandhoo, K.Kaashidhoo, B.Goidhoo, AA.Mathiveri, Th.Hirilandhoo and GA.Dhevvadhoo.
2. The Ministry of Finance and Treasury, on behalf of Ministry of Housing, Transport and Environment (the Employer), invites bids from local and foreign Contractors for Restoration and Construction works of Harbours in three Contract Packages. As per drawings and specifications with this tender documentation. The Packages are as follow:
 - Package 1: Harbours of B.Dharavandhoo and K.Kaashidhoo
 - Package 2: Harbours of B.Goidhoo and AA.Mathiveri
 - Package 3: Harbours of Th.Hirilandhoo and GA.Dhevvadhoo
4. A complete set of the Tender Documents may be obtained from Tender Evaluation Section of Ministry

of Finance and Treasury from 14th June 2010 to 11th July 2010 between 0830 hrs – 1500 hrs on all working days, upon payment of a non-refundable fee of USD 100 (One Hundred) or equivalent in Maldivian Rufiyaa.

5. Bidders may obtain further information from the following address,
Tender Evaluation Section
Ministry of Finance and Treasury,
Ameenee Magu,
Malé, Maldives,
Tel: (960) 3349295, (960) 3329404
Fax: (960) 3320706, (960) 3324432
E-Mail: tender@finance.gov.mv
6. All bids shall be accompanied by a Bid Security amounting to 1% of the Bid Amount for each Package or an equivalent amount in USD, which shall be valid for 28 days beyond the validity of the Bid. The amount of performance security shall be 10% of contract price. An advance payment of 15% of contract price will be provided upon submission of an advance payment guarantee.
7. Pre-bid meetings will be held on 27th June 2010 at 1400 hrs Maldivian time at the Ministry of Finance and Treasury.
8. Bids shall be valid for a period of 120 days from the date of bid opening and shall be delivered to the Ministry of Finance and Treasury at the address specified above in Clause 4 of this Invitation for Bids, on or before 1400 hrs Maldivian time on 15th July 2010, at which time they will be opened in the presence of the Bidders who wish to attend.
9. This Invitation for Bid is also published in the Ministry of Finance and Treasury website www.finance.gov.mv.

Request for Expressions of Interest

Two Regional Hospitals under Public-Private Contracts

1. Kulhudufushi Regional Hospital

2. Laamu Gan Regional Hospital

Republic of Maldives

1. Introduction

Fast economic growth and an increased health awareness is driving strong demand for high quality health services in the Maldives. Since 2008, the Government of Maldives (GOM) has initiated a policy shift toward increased involvement of the private sector in service and infrastructure delivery. To this end, the GOM has introduced a nation-wide strategy to implement Public Private Partnerships (PPP) in many services and infrastructure, including the health sector.

The Ministry of Health (MoH) is the largest provider of health care services in the Maldives. It has a total of 20 public Hospitals and 174 Health Centers under operation. The GOM wishes to improve the quality and range of healthcare in the main public Hospitals in the country, by increasing partnerships with private parties able to bring innovation and technical expertise in health services.

In this context, the GOM intends to procure the refurbishment, possible expansion, maintenance and operation (operation of the medical and health services and the hospital facilities) of two existing regional hospitals under 15 year concession contracts with a private partner or partners:

- The Laamu Gan Regional Hospital (75 beds in operation) is the only Hospital in the South Central Province and provides a full range of regional health services to the population of the province.
- The Kulhudufushi Regional Hospital (50 beds in operation) is the only Hospital in the Upper Northern Province, also providing a full range of regional health services.

Providers are expected to improve the range and the quality of medical and health services provided. In addition, the MoH is interested in the potential to introduce new national medical specializations at either of the hospitals. The existing facilities in both hospitals also require refurbishment.

The contracts will be awarded separately through a transparent competitive bidding process to the party offering best value-for-money. Interested parties can

express their interest for either one of the Hospitals, or separately for both. In the case of the latter, interest needs to be expressed for each Hospital individually.

2. Scope and Objectives

The Laamu Gan Regional Hospital and the Kulhudufushi Regional Hospital are currently in operation with properly maintained facilities. Currently, the two Hospitals provide the following health services:

- OPD consultations: general; internal medicines; obstetrics and gynecology; pediatric; orthopedic; ophthalmology; dental; ENT; surgery
- In-patient services: medical; major/minor surgeries (general, orthopedic, obstetrics & gynecology); pediatric; normal/caesarean/other deliveries; ICU
- Public health services: immunization; family planning; STD/TB/NCD/Leprosy control; distribution of medicines for psychiatric patients; disease surveillances & epidemic control, etc.
- Blood transfusion: thalassemia, pregnancy, and anemia cases
- Physiotherapy
- Para-clinical services: laboratory investigations; ECG; X-ray; ultrasound scan

The Hospitals do not provide catering/dietary services to the patients. Neither do they provide pharmacy services as the patients are required to buy the prescribed medicines from the market. Full details on existing facilities and services provided at both Hospitals will be made available in the Data Room which will be accessible to shortlisted firms during the Request for Proposal stage.

The indicatively 15-year Design, Build, Finance, Maintain and Operate (DBFMO) contract for each hospital entered into between the GOM and the appointed private operator will include the refurbishment, maintenance, operation (including the provision of the medical and health services) and possibly the expansion of the two regional Hospitals. The Project targets the following key objectives:

3. Key Project Features

- Availability Payment – the GOM may pay an agreed availability payment during part of the contract period.
- Market based revenues – the operator will be allowed to generate revenues from private patients, health insurance or any other aligned activity (e.g. sale of medicines).
- Land and asset ownership – ownership of the land and facilities will remain with the MoH. The operator will have usage and will maintain the property under

Mobile Phone Banking (MPB). As MPB is introducing a new system to facilitate banking, the MMA requires a graphic/visual identity and a logo as well as style and design templates for presentations, system and its website. Graphic/visual branding will be used for all internal and public documents issued by the MPBS.

3. Specification

Interested service providers are required to submit proposals along with samples of the proposed logos with their rationale for including specific elements. The quotation should include the development of the logo and website development and design.

4. Conditions for Submission

The proposal document and its acceptance shall be subject to the following terms and conditions.

a. Bid format

Bidders should be submitted in duplicate (hard copies) in a sealed envelope clearly marked: “**MMA: Request for proposal to develop logo and website for MPBS.**”

All appendices must be completed in full, using a numbering format. All attachments or references to attachments must be clearly marked and specific to information required, any deviation will risk to be ignored for consideration.

All documents submitted in response to this bid shall become the property of the MMA.

b. Contactable references and demonstrated experience

The bidder shall provide the names of their previous clients that could be contacted by MMA to carry out the reference checks, and to substantiate claims contained in their bid. Attached to the must be the CV of the persons who will be working on this account. Past experience should be visibly presented in the proposal.

5. Bid validity period

The bid shall remain valid for a period of 60 days. All bid prices indicated in the bid with regard to the **services required** and other recurrent costs must remain firm for the period of the work.

6. Completeness of the report

- The bidders shall present all documents in full. Failure to comply with these requirements may invalidate the bidder or disqualify the bid.
- Bidders may request clarification or additional information regarding any aspect of the bid.
- The bidder must supply the requested information within 24 hours after the request has been made, otherwise the bidder may be disqualified.
- All expenses incurred by the bidder for the proposal and presentations are the responsibility of the bidder and will not be reimbursed by MMA.

7. Presentations by short listed candidates

MMA will require short listed candidates to make a presentation and short listed candidates must make the necessary arrangements to comply with such a request.

8. Evaluation criteria

Proposals and backup documentation will be evaluated by the MMA bid evaluation committee and MPBS. These will be evaluated on evidence of understanding of the objectives and work involved creativity of design and on the demonstration, capability and understanding of the service provider to deliver the required task.

Please Note: Bidders failing to adhere to these terms and conditions risk disqualification during the evaluation process.

Interested service provider are required to submit their proposal and quotation and agree to adhere to the below mentioned deliverable dates.

A compulsory pre-proposal briefing session will be held for all the interested parties will be held on July Wednesday, 7 July 2010 at 1400 hrs at MMA Building (2nd Floor) Auditorium.

Proposals and Quotations should be received by 12:00 Wednesday 14th July 2010 to Maldives Monetary Authority, Male’, Maldives

Shortlisted service providers will be contacted during the week of 18th July 2010 to present their proposals
Appointment of a service provider will be made during the week of 1st August 2010

The procurement process entails two consecutive stages, the current Pre-qualification Stage and the Request-for-Proposal Stage. During the current Pre-qualification Stage, interested parties are requested to submit an Expression of Interest (as described below). Based on the Expressions of Interest received, a limited number of firms will be shortlisted and invited to the Request-for-Proposal Stage.

Interested parties are now invited to submit an Expression of Interest with information indicating that they are qualified to carry out the project, in particular in relation to the following criteria:

- A clear and effective vision on educational services and facilities to be provided
- Sufficient experience in the delivery of quality educational services, by demonstrating a proven track record of comparable educational projects and services
- Technical and managerial qualifications to implement and manage the project and contract over its duration
- Sufficient financial standing by demonstrating (through audited financial statements) sound financial performance and an annual turnover of at least US\$2 million in the last three years

Firms may request to be qualified alone, or in consortium with other firms. If the Expression of Interest is from a consortium of firms, information on all firms making up the consortium must be provided, it must be clearly

indicated which firm is the lead firm of the consortium, and the nature of the consortium arrangement should be specified, including a consortium letter or agreement signed by all firms. The involvement of appropriately qualified Maldivian firms as bidders or in consortiums is encouraged.

Expressions of Interest in English should be no longer than 10 pages, excluding supporting financial information or brochures. Submissions marked clearly as “Expression of Interest – Islamiyya Regional Higher Secondary School” should be submitted electronically by email (PDF document) and/or in hard copy before **17:00 Maldives Time, 23rd August 2010** to the address below:

**MALDIVES MONETARY AUTHORITY (MMA)
MALÉ, REPUBLIC OF MALDIVES**

Request for a Logo and Graphic/Visual Design

Date: 1st July 2010
No: IL-MPBU/2010/38

1. Background

MMA is in the process of implementing Maldives Mobile Phone Banking project. The objective of the project is to significantly increase the use of banking system transactions for effecting or receiving payments for labor, goods and services nationwide through the implementation of a national inter-operable payments system that facilitates access to financial services and allows users to create and access their bank account using any mobile phone operator and cashing through

any banking agent.

The main functions of the Mobile Phone Banking Section (MPBS) are:

1. To provide a platform for nation wide banking services through the mobile phone anytime anywhere.
2. To provide a payment method through mobile phone.
3. Formulation of regulations, standards and guidelines to operate the Mobile Phone Banking System.
4. Creation of public awareness on how to use and securities of mobile phone banking
5. To provide training for Agents/Merchants, Banks and other relevant parties.

2. Purpose for this Request for Proposal

A new and innovative service is being introduced that will enhance the nation’s quality of living through

Request for Expressions of Interest

Islamiyya Regional Higher Secondary School under a Public-Private Partnership Contract Southern Province, Republic of Maldives

1. Introduction

Fast economic growth, coupled with a long education history and great value attached to education, has led to strong demand for high quality education in the Maldives. Parents have traditionally contributed greatly to the development of schools, demonstrating the keen interest and desire for high quality secondary and higher education characteristic to the Maldives. Since 2008, the Government of Maldives (GOM) has initiated a policy shift toward principally a policy formulation and regulation role by government, and increased involvement of the private sector in service and infrastructure delivery. To this end, GOM has introduced a nation-wide strategy to implement Public Private Partnerships (PPP) in many services and infrastructure, including the education sector.

In this context, the GOM wishes to enter into an indicatively 15-year PPP contract with a private partner for the future operation of the Islamiyya Regional Higher Secondary School in Seena Atoll, Hithadoo, Southern Province. Islamiyya School currently offers education at two grade levels, namely Grades 9 and 10. Under the PPP agreement, Islamiyya school will become the only provider of level A education (Grades 11 and 12) on the island. The GOM wishes to achieve high quality education and pertinent facilities through this PPP. The contract will be awarded through a transparent competitive bidding process to the party offering best value-for-money.

2. Scope and Objectives

The Islamiyya school is located on Hithadoo island in the Southern Province of the Maldives. At this time, Grade 9 and 10 education is provided at the school, with student enrolment of over 300. The current student body is outlined in the table below:

Student Enrolment – Islamiyya School (2010)

	Male	Female	Total
Grade 9	71	68	139
Grade 10	84	84	168
Total	155	152	307

As part of the PPP agreement, the Ministry of Education

(MoE) will designate the Islamiyya school as the only provider of level A courses (Grades 11 and 12) on the island. Currently level A courses are delivered by the Muhibuddin School (total of approximately 300 students for grades 11 and 12 combined) adjacent to the Islamiyya school. These students and the responsibility of providing Grade 11 and 12 education will be transferred to the Islamiyya school.

There is considerable potential for further market development of the school. It is expected that the school under private operation can retain students from the island who currently migrate to Malé or abroad for level A education. Similarly, there is potential to attract migratory students from surrounding islands, as well as from the wider Asian region.

In addition to level A education, the private operator may address other educational market segments, such as:

- Professional qualification training e.g. accountancy or marketing
- Diploma level courses
- Vocational training in sectors such as commerce or tourism

The level A education and possible other education services could be provided on a boarding and lodging basis. Buildings used previously as boarding facilities exist, however substantial rehabilitation will be required to bring them to effective use.

Full details on existing facilities and services provided at the DRC will be made available in the Data Room which will be accessible to shortlisted firms during the Request for Proposal stage.

3. Key Project Features

1. **GOM payment for qualifying students** – during the contract period the GOM will pay the private operator an agreed amount for all qualifying students between 16 – 18 years attending accredited courses at the Islamiyya school.
2. **Land and asset ownership** – ownership of the land and facilities will remain with the GOM. The operator will have usage and will maintain the property under a lease agreement.
3. **Cost compensation for possible personnel restructuring** – should restructuring of personnel be required, within applicable criteria such costs (e.g. redundancies) will be borne by the GOM.
- 4 Procurement Process and Prequalification Criteria

Invitation for Bids

Re-tender of Meter Sealing Ferrule & Meter Sealing Wire Required for I.M.U (Ref no: PMT-2010/85)

State Electric Company (STELCO) invites sealed bids from interested and eligible bidders for the following item(s).

Item	Description	Qty	
1	METER SEALING FERRULE, SIZE: 2.5mm (STAINLESS STEEL FERRULE)	10,000	PCS
2	METER SEALING WIRE, SIZE: THICKNESS 1.5mm, LENGTH 120mm (STAINLESS STEEL WIRE)	10,000	PCS

Remarks: Shall provide sample of the above items at the time of bid submission.

• Bids shall indicate the following:

- Price
- * Door Step Delivery Price
- OR
- * CIF Price

The following charges shall be applied for CIF Male' Prices:

1. For custom duty (25% of CIF price)
2. For clearing, handling & delivery to STELCO site (2% of the highest quoted CIF price)

* Bids shall indicate the unit price, total price for each item and total price of the bid.

- Currency (If not stated, shall be assumed as Maldivian Rufiya).
- Delivery period (In days). For CIF quoted bids, additional 07 days shall be included for the clearing, handling and delivery to STELCO site. Delivery indicated as 'ex-stock' and a particular duration not specified shall be taken same as the bidder offering the longest delivery period.
- Technical specification(s): All the relevant information(s) shall be completed to enable technical evaluation of the item(s) quoted.
- Genuine parts: Only genuine product(s) shall be acceptable.
- Payment terms: 100% upon delivery within 30 working days.
- Bid validity: Bid validity shall be minimum 30 days from the date of bid opening.
- Company details: Shall submit company profile, registration copy and contact details.
- Important Note: It is in STELCO's discretion to reject/cancel any bid which does not fulfil or comply the above terms, at anytime during the bid evaluation process.

• Bid Evaluation Criteria:

All Bids shall be evaluated on the following basis. Points (pts) shall be given according to the formula below.

- Price = 75 pts [(Minimum Quoted Price) / (Quoted Price) x 75].

Addendum to RFP for International Port Facilities

Addendum No. 1/2010
June 28, 2010

To all Bidders: With reference to the RFP floated for International Port Facilities, the following changes have been effected to the RFP.

(a) New changes to the Bidders' Corporate and Financial Profile:

The changes to the Bidders' Corporate and Financial Profile are given below:

[The Respondent holds more than 50% of the share capital and voting rights in the Proposed Tenant and the Respondent has net worth of US\$ 12.5million and annual sales of US\$ 37.5million and the members of the Proposed Tenant have combined net worth of US\$ 25million and combined annual sales of US\$ 75million.]

(b) New changes to RFP Timelines

RFP Timelines should be as follows:

Proposed Date	Action
17 May 2010 – 15 July 2010	RFP will be issued
17 May 2010 – 20 July 2010	Site Visits
30 June 2010 – 30 July 2010	Deadline for queries
10 August 2010, 1530 Malé Time	Submission of Proposal
Immediately upon submission	Acknowledgement of proposals
17 August 2010	Inform respondents achieving 75 points on the Commercial Technical and Financial Part of the Proposal
24 August 2010, 1030 Male Time	Opening of the Price Part of the Proposal
24 August 2010 – 30 August 2010	Negotiation of Terms
01 September 2010	Notification of Preferred party/s
01 September 2010 – 09 September 2010	Approvals Processing
15 September 2010	Sigining Concession Agreement with Preferred Party

All other terms and conditions not revised/mentioned herein above will remain as specified in the tender.

* Only shortlisted candidates will be called for an interview between 6th to 8th July 2010.

Ministry of Fisheries and Agriculture

Male, Maldives

No: (IUL)30-F/1/2010/1006

Request for Technical and Field Support

Title: Poultry Field Support Assistant

Project Title: Support to Integrated Farming Project

Duty Station: Target Project Islands

1. Background

The Government of the Republic of Maldives, through its Ministry of Fisheries and Agriculture (MOFA), supports the commercialization of agriculture in the Maldives with a view to achieving a greater degree of national food security. Through this initiative, it is anticipated that the reliance upon imported products would be lessened and such trickle down effects, as employment generation and the transfer of skills and learning would take place. This in turn would lead to improved linkages between local producers and the market, and thus contribute to the raising of island incomes and the promotion of sustainable food production.

In line with the commercialization policy initiative, the islands of Veymandhoo in Thaa atoll, Baarah in Haa Alifu atoll and Nilandhoo in Faafu atoll have been selected for assistance under the 'Support to Integrated Farming Project' This will involve the establishment of three small-scale egg laying units on the islands of Baarah Haa Alif, Veymandhoo Thaa, and Nilandhoo Faafu, with 300 birds planned for each unit. This programme is designed to raise island incomes for the poorer sectors of the community and provide training for sustainable small-scale egg producers.

2. Project content

Three egg laying houses are being constructed, one on each island each with a capacity of approximately 300 laying birds. Commercial egg production typically occupies a 75 – 80 week production cycle depending on the production capabilities of individual flocks. There is a rearing period from day old to 16 – 17 weeks where the birds reach sexual maturity and start producing eggs. The laying cycle becomes fully operational at about 18 weeks and will continue for approximately 60 weeks after that. The laying bird flock is depopulated at 76-78 weeks and a two-week clean out period then follows in preparation for the next flock intake. Depopulated birds are sold for meat and the manure is sold as an additive for fertilizer or composted.

3. Specification of Work

Under the overall supervision of the Project Consultant, Mr. Paul Van Driessche and the project manager, the Poultry Field Support Assistant will assist in the following areas;

- Bio-security / disease control / vaccination programme
- Poultry house preparation.
- Chick placement and management
- Floor brooding
- Litter management
- Ventilation / temperature control
- Beak trimming
- Lighting programme
- Equipment cleaning (feeders / drinkers / nest boxes etc)
- Feed composition and consumption

- Water consumption
- Stocking densities
- Record keeping (monitoring weights for birds / eggs / feed consumed, recording operational and financial performance)
- Ordering of imported inputs (chicks / feed / vaccine / packaging).

4. Project outcomes and work plan

The objective of the project is to consider a sustainable approach to egg production based upon commercial rationale. Through the establishment of egg production, benefits to the community such as income generation and improved diet will be realized. In turn, vital linkages between island producers and the tourist sector are envisaged, whereby a product of comparable price and quality to that which is currently imported, is produced and supplied locally. With the establishment of successful egg laying production, vertical integration of the industry such as the introduction of a feed mill / hatchery could be further contemplated.

A flexible work plan would be adopted whereby the points presented in section 3 would be covered between the three egg units over a 6 month period, with approximately 30 days allocated to each of the three selected islands.

5. Deliverables and Reporting

- Assist in implementing short term training on basic poultry management for the beneficiary groups as per the points presented in section 3.
- Assist in establishing a management structure capable of promoting sustainable egg production on each of the three targeted islands.
- Provide daily updates of activities attended.

6. Consultancy Fees

The technical assistant will be paid a professional fee of USD 500.00 (USD Five Hundred) per month that will cover the 50% of his time allocated to this project. In addition to the professional fee, the project will cover all accommodation and return travel expenses for each island for the duration of the assignment.

7. Qualifications:

- Minimum University degree in Agriculture/Poultry keeping or a relevant field.(Post graduate in Agri-Business Management preferable)
- Minimum 5 years of work experience in Poultry keeping.
- Preference would be given to the candidates with work experience in Agriculture extension and /or working with rural communities and participatory approaches.
- Fluency in both written and spoken English.

Maldives Pension Administration Office

Republic of Maldives

Ref No.: 216-MPAO/I/2010/32

Request for Expression of Interest

Pension and Social Protection Administration Project

IDA Credit No.: 4611-MV

Date: July 1, 2010

IT Programmer

The Government of the Republic of Maldives has received credit from the International Development Association (IDA) towards the cost of the Maldives Pension and Social Protection Administration Project (PSPAP), and intends to apply part of the proceeds under the contract for Public Relations Services.

1. Objectives

The IT programmer will (i) work with IT Team of MPAO and IT Consultants working in MPAO, to develop necessary applications for automating and managing the processes associated with the two pension schemes, Basic Pension and Maldives Retirement Pension scheme. (ii) maintain local area network, computers and other IT related services where required.

2. Qualification

The IT Programmer should have:

- Diploma in information technology or equivalent professional qualification/ Experience.
- Advanced knowledge of object oriented PHP programming and MySQL.
- Must have knowledge of Internet technologies and object oriented programming.

- Advanced knowledge of CSS and AJAX.
- Demonstrable ability to deliver to deadlines in the face of challenging and logistical obstacles.
- Proven ability to write and speak in English and Dhivehi in a clear and concise manner.
- Strong communication skills team working skills.

4 pt3. Services and Fee

The Services are required immediately.

A maximum monthly fee of MRf 8,000 will be paid depending on the qualification and experience.

The Maldives Pension Administration Office, (MPOA) now invites interested eligible individual candidates to submit their proposals. Interested candidates must provide CV including information that demonstrates that they are qualified to perform the services (description of similar assignments, experience in similar conditions, availability of appropriate skills, etc.) based on the TOR. The IT programmer will be selected in accordance with the procedures set out in the World Bank's Guidelines: Selection and Employment of Consultants by World Bank Borrowers, May 2004, revised October 2006.

Interested candidates may obtain an outline TOR from www.pension.gov.mv and further information and the TOR at the address below during office hours (8:00 am and 4:00 pm).

Interested candidates must deliver their proposal to the following address before July 8, 2010 at 16.00 hours, by regular mail, emails or fax.
