TOR for Insurance Supervision Consultancy

Technical Assistance: Insurance Supervisory Capacity Building

Project Title: Insurance Supervision

Executing Agency: Maldives Monetary Authority

Implementing Agency: Maldives Monetary Authority
– Non Bank Financial Institutions Supervision Section

Duration: Six months

1. Project Background:

This assignment aims to support the Authority and its technical staff in regulating and supervising the insurance industry within the framework and principles of open economic policies, International Insurance Supervision standards announced by International Association for Insurance Supervisors (IAIS) and in line with the “Insurance Industry Regulation of 2004”.

The overall objective of this project is to provide an appropriate regulatory framework for the insurance industry in Maldives, which is a critical component of the financial services. This project will also provide an opportunity for international insurance experts to contribute to the establishment and development of supervisory mechanisms to monitor the insurance industry in the Maldives. For the time being, it is intended to strengthen the insurance supervisory function of the Maldives Monetary Authority (MMA).

Another aspect of this assignment is to establish a supervisory framework with prudential norms that will enable insurance companies, agents and brokers to comply with their regulatory and supervisory responsibilities. In this regard, MMA is keen to establish off-site and on-site examinations as well as to develop an insurance database that will be useful for policy analysis and to assess the health of the industry.

In this context, capacity building is of utmost priority since the technical staff needs to acquire supervisory skills and analytical capabilities.

2. Objective

The primary objective of this exercise is to strengthen the regulatory capacity of supervising the Insurance Industry within MMA and that would require:

- preparation of a supervisory methodology to support the oversight function; and

- Training of staff in applying the methodology and enforcing regulations.

For this purpose, it is necessary to prepare standard templates and procedures for collecting and reporting financial information by the supervised entities which would help to build up a comprehensive database in MMA.

3. Terms of Reference of Consultant - TOR

The consultant is required to:

- I. Prepare a policy framework consisting of a strategic plan and insurance supervisory mechanism
- a. Discuss with MMA and establish a practical approach to continuously assess the financial health and performance of the insurance industry. This includes the establishment of benchmarks on the financial viability of all constituents in the insurance industry, evaluation of liquidity profile, solvency, asset quality, capital adequacy, earnings and management capacity.

II. On-site examinations: provide hands-on training for the staff in on-site examination procedures:

- a. Develop a comprehensive manual for conducting standardized on-site examination reports, setting out procedures for examining balance sheets and financial statements of insurance companies, agents and brokers, applicable to the Maldivian context.
- b. Provide guidance notes/manual on the various types of enforcement measures that will assure the correction of weaknesses or violations noted in on-site examinations.

III. Off-Site Monitoring and Analysis:

- a. Develop standardized reporting formats for the insurance companies, agents and brokers
- b. Establish on-line (web-based) reporting structure. This would require the development of an off-site monitoring system to ensure that the data provided through reports are regularly reviewed and meaningfully analyzed
- c. Provide hands-on training and assistance in analyzing and interpreting data and information received from insurance companies, agents and brokers and use such information to assess the financial performance of the constituents using ratios and trend analyses.

IV. Establish procedures and guidelines in licensing insurance companies

- a. Provide a framework to be followed in reviewing

MINISTRY OF FISHERIES, AGRICULTURE AND MARINE RESOURCES
MALE'
REPUBLIC OF MALDIVES

Reference: IUL(30-G1/2011/07)

**JOB OPPORTUNITY TO WORK FOR
A PROJECT FUNDED BY AN INTERNATIONAL ORGANIZATION**

We are looking for an ambitious and dedicated person to take on the role of a Marketing and Business Sector Expert for “Fisheries and Agricultural Diversification Programme” (FADIP) funded by the International Fund for Agricultural Development (IFAD). The FADIP focuses on to develop smallholder agriculture value chains and Maldives fish processing value chains, using a market-driven commercialization and diversification strategy in a manner that would improve and sustain the incomes of the two primary target groups.

POST:

Marketing and Business Sector Expert

DURATION OF THE ASSIGNMENT:

15 Month

RESPONSIBILITIES:

The marketing and business sector expert, under the direct supervision of the PIU Programme Coordinator, will work closely with the government, the PIU and with other relevant donors, as per Terms of Reference below:-

- Assist the Programme Manager with the management and direction of two Business Implementation Officers (BIOs), two Agricultural Implementation Officers (AIOs), and a Fisheries Implementation Officer (FIO) to be recruited by the Programme
- Support private sector interest in the fisheries sector in the Programme
- Facilitate market access for agriculture Value Chain Cooperatives (VCCOs) (and potentially also for fisheries sector Value Chain Companies (VCCs), with a particular (but not exclusive) focus on establishing contacts and linkages with the market end of the supply chain (the BIOs/AIOs/FIO will work more closely with the production end of the supply chain)
- Support to VCCOs and VCCs in accessing and maintaining markets, through the signing of forward supply contracts
- Assist the BIOs/AIOs/FIO and the VCCOs/VCCs with the preparation of business plans
- Work with BIOs/AIOs/FIO to develop an institution building approach to VCCOs/VCCs
