Ministry of Finance and Treasury
 Male', Republic of Maldives

Ref.No: (IUL) 13-K/13/2011/38
 Project Number: TEB/2011/39

INVITATION FOR BIDS

Subject: Reconstruction of AA.Ukulhas Harbor Quawall & Harbor Dredging

1. The Ministry of Finance and Treasury, on behalf of Ministry of Housing and Environment (the Employer), invites sealed bids from eligible local and foreign firms for **reconstruction of Aa.Ukulhas Harbor Quawall & Harbor Dredging.**
2. A complete set of the Tender Documents may be obtained from Tender Evaluation Section of Ministry of Finance and Treasury, **from 09th February 2011 to 23rd February 2011 between 0830 hrs and 1530 hrs** on all working days, upon payment of a non-refundable fee of **US\$ 100.00 (One Hundred).**
3. Bidders may obtain further information from the following address,

Tender Evaluation Section
 Ministry of Finance and Treasury,
 Ameenee Magu,
 Malé, Maldives,
 Tel: (960) 3349266, (960) 3329191
 Fax: (960) 3320706, (960) 3324432
 E-Mail: tender@finance.gov.mv

4. The Bidder shall furnish a **bid security of USD 8,000.00 (Eight Thousand US Dollars)** which shall be valid for 28 days beyond the validity of the Bid. An advance payment of 15% of contract price will be provided upon submission of an advance payment guarantee.
5. A pre-bid meeting will be held on **24th February 2011 at 1000 hrs** Maldivian time at the Ministry of Finance and Treasury.
6. Bids shall be valid for a period of **90 days** from the date of bid opening and shall be delivered to the Ministry of Finance and Treasury at the address specified above in Clause 3 of this Invitation for Bids, **on or before 1300 hrs Maldivian time on 10th March 2011**, at which time they will be opened in the presence of the Bidders who wish to attend.
7. This Invitation for Bid is also published in the Ministry of Finance and Treasury website www.finance.gov.mv.

**Maldives Road Development Corporation Limited
Male, Republic of Maldives**

Reference Number: MRDC/ITB/2011/03
Date: Sunday, 20th February, 2011

Request for Proposals

Maldives Road Development Corporation Ltd (MRDC) seeks a party for physical verification and valuation of the corporate assets. The assets need to be coded and a Fixed Assets Register should be prepared as per the corporate requirement.

The applicants should be registered and authorized by the Ministry of Finance and Treasury for the mentioned purpose.

Interested parties are invited to attend a pre-bid meeting for more information, which will be held at **1400hrs of 24th February 2011** at the address below and submit their proposals at the bid submission meeting which will be held at **1400hrs of 27th February 2011** at the address below.

Proposals should be addressed to:

Maldives Road Development Corporation Limited
Maafaiythakurufaanu Magu,
Mahchangoalhi,
Block #: 385
Postal Code: 20386
Male', Maldives.
Tel: 3320657, 3312904
Fax: 3317133
e-mail: info@mrdc.com.mv

**Maldives Road Development Corporation Limited
Male' Maldives**

Reference Number: MRDC/ITB/2011/04
Date: Sunday, 20th February, 2011

Request for Proposals

Maldives Road Development Corporation (MRDC) is seeking to acquire an Enterprise Resource Planning (ERP) system for the specifications mentioned below.

Specifications:

The integrated ERP system needs to operate in real time and comprise of, to a minimum, the following modules and features.

Finance/Accounting

Periodic Financial statements, generation of various customizable reports, multi currency, entry & management of General ledger, payables, cash management, fixed assets, receivables, Inventory valuation(FIFO, AVCO), budgeting etc

Point of Sale (POS)

A real time POS integrated to accounts and inventory.

Production

Bill of materials, work orders, scheduling, capacity, workflow management, quality control, cost management, manufacturing process, manufacturing projects, manufacturing flow, activity based costing etc

Supply chain management

Inventory management at multi locations, order entry, purchasing, material transferring, supply chain planning, supplier scheduling, inspection of goods etc

Project management

Costing, billing, time and expense, performance units, activity management etc

Customer relationship management

Sales and marketing, service, customer contacts, customer care support etc

Access control & data security

Management of user privileges for various processes and customized access control to corporate information; all data should be secure and automatic backup system should be in place.

Additional features (Optional)

Human Resource Management

Payroll, training, benefits, recruitment etc

Any other feature(s) not mentioned above.

Interested parties are invited to attend a pre-bid meeting which will be held at **1500hrs of 24th February 2011** at the address below and submit their proposals at the bid submission meeting which will be held at **1500hrs of 27th February 2011** at the address below.

Proposals should be addressed to:

Maldives Road Development Corporation Limited
Maafaiythakurufaanu Magu,
Mahchangoalhi,
Block #: 385
Postal Code: 20386
Male', Maldives.
Tel: 3320657, 3312904
Fax: 3317133
e-mail: info@mrdc.com.mv

- vi) Access improvement (reef entrance channels, jetties and quay walls)
- vii) Over-water structure development
- viii) Any other significant coastal development or constructions
- ix) A monitoring and evaluation framework for coastal protection standard
- A final comprehensive document on Guidelines for Climate Risk Resilient Coastal Protection in the Maldives for high level political endorsement

VII. FEE PROPOSAL/PRICE SCHEDULE:

The technical proposal must be submitted together with a lump sum fee for carrying out this task along with a financial proposal containing a breakdown of the lump sum fee. The proposal must remain valid for 90 days after the date of submission and include:

- daily consultancy rates
- details of the team leader, key members including their qualifications, experience and roles and responsibilities and duty stations
- international travel only* and accommodation
- cost of any other procurement of goods or services needed to be undertaken during the assignment
- other overhead costs associated to the assignment
- methodology for formulation of the Guidelines for Climate Risk Resilient Coastal Protection in the Maldives document including breakdown of activities and timeframe for the separate activities
- a plan of activities including a half a day seminar program
- details of consultancies or any other work the team leader and key members are or will be involved in during the duration of the contract.

Notes:

**The cost of domestic travel only will be covered by the Integrating Climate Change Risks into Resilient Island Planning Project and are NOT to be included in the financial proposal for this consultancy.*

The UN Daily Subsistence Allowance rate for Maldives can be used as a reference. The single currency for price conversion is United States Dollars. The source of official selling rate is the Maldives Monetary Authority. The date of exchange rate is 10 February 2011.

VIII. DUTY STATION:

Ministry of Housing and Environment, Male', Maldives

IX. EXPECTED DATE OF CONTRACT:

1 May 2011, the estimated duration for this assignments is 2.5 calendar months.

X. QUALIFICATION:

- A degree from a recognized university or tertiary level institute in coastal engineering, environmental science, oceanography or civil engineering. A Post Graduate qualification in relevant field of academic study is preferred. A post graduate qualification with a research focus on coral island coastal processes, coastal climate risk planning or coral island coastal engineering is highly desirable.

- At least 5 years working experience in coastal impact assessment, coastal structure design or similar experience related to the assignment. Previous working experience in a similar geographical setting is desirable. Experience in the Maldives is highly desirable.
- Practical research experience in coral island geomorphology and coastal processes is also highly desired.
- A very good understanding of Climate Change issues, adaptation and coastal infrastructure planning.
- Have the capacity to work on the islands in demanding weather conditions.
- Have excellent interpersonal skills and demonstrated ability to work in a team environment.

XI. EVALUATION AND SELECTION

The method of selection is Quality and Cost based selection.

Technical score

- (i) Specific experience of the Consultants relevant to the assignment: [10]
- (ii) Adequacy of the proposed methodology and work plan in responding to the Terms of Reference:
 - a) Technical approach and methodology [20]
 - b) Work plan [10]
 - c) Organization and staffing [10]
 - Total points for criterion (ii): [40]
- (iii) Key professional staff qualifications and competence for the assignment:
 - a) Consultant 1 Team Leader [20]
 - b) Consultant 2 [Insert position or discipline] [10]
 - c) Consultant 3 [Insert position or discipline] [10]
 - Total points for criterion (iii): [40]

The number of points to be assigned to each of the above positions or disciplines shall be determined considering the following three subcriteria and relevant percentage weights: 1) General qualifications – 20 percent 2) Adequacy for the assignment 50 percent, 3) Experience in similar geographically similar countries 30 percent

- (iv) Participation by nationals among proposed key staff [10]

Total points for the four criteria: 100

The minimum technical score S(t) required to pass is: 75 Points

$S(f) = 100 \times (F_m / F)$, in which S(f) is the financial score, F_m is the lowest price and F the price of the proposal under consideration.

The weights given to the Technical and Financial Proposals are:

$T = [0.8]$, and $F = [0.2]$

Clarifications may be sought not later than 2 days before the submission date. The address for requesting clarifications is:

E-mail: hussain.naeem@mhe.gov.mv copied to najfa.razee@mhe.gov.mv

- Prepare guidelines for climate risk resilient coastal protection and adaptation
- Conduct stakeholder seminar to discuss and endorse recommendations from the review and assessments of existing land use planning regulation, EIA regulation and EPPA and other relevant laws and regulations
- Conduct high level stakeholder meeting to present and endorse the Guidelines for Climate Risk Resilient Coastal Protection in the Maldives

IV. INDICATIVE TASKS

The consultant's work will include but not be limited to the following:

- Identify stakeholders and island communities most relevant for understanding, discussing and evaluating the situation with respect to integrating climate change risks into resilient island planning
- Conduct field visits to discuss and analyse situation with respect to coastal protection, harbour development, land reclamation, flood and drainage control from the perspective of integrating climate change risks. Field visits will include 2 islands in each of the following 4 atolls; Haa Dhaalu, Kaafu, Dhaalu and Gaafu Dhaalu. Domestic travel cost only will be borne by the ICCRRIP Project.
- Specify climate change resilience and risk assumptions requiring guidance support and seek agreement.
- Review of coastal protection issues
- Review existing land use planning regulation, EIA regulation, EIA process, Environmental Protection and Preservation Act, Land Act and regulations, and the guidelines on land reclamation, harbor development and coastal protection measures from a climate change risks and adaptation planning perspective
- Review of reports from Detailed Island Risk Assessments in the Maldives (DIRAM), cost benefit analysis of 3 islands, coastal monitoring reef island shoreline dynamics and management implications, survey on adaptation measures and other studies to feed into land use planning regulation amendments
- Identify land use practices that reduce natural resilience of the islands and increase vulnerabilities to climate change risks
- Review, assess and analyze various coastal protection measures and practices in the Maldives and other small islands like Maldives including conventional adaptation, soft adaptation and traditional measures.
- Review and assess the costs and benefits of different options for reducing vulnerability of current and future climate change risks through land use planning measures such as maintaining and restoring natural buffers (e.g. coastal ridges, beach rock, coastal vegetation) and critical infrastructure based on projected patterns of flooding and beach and coastal erosion
- Prepare a summary of findings and recommendations on the issues, identifying weaknesses and malpractices and social and economic costs and benefits associated with old and new coastal development and protection practices.
- Provide necessary amendments to the Land Use Planning Regulation by defining the environmental protection zone in the context of climate risk resilience in the Maldives
- Provide guidance based on function, design and management of

environmental protection zone to increase climate risks resilience of islands

- Provide necessary guidance and propose amendments to land use planning and EIA regulation, EIA process and EPA as necessary to better address climate change adaptation in the Maldives.
- Provide standards for best practices in coastal development activities undertaken by various sectors such as tourism, fisheries and others.
- Produce a document on guidelines for climate risk resilient coastal protection in the Maldives that can be endorsed at highest political level
- Prepare a draft document and organize and conduct a half day seminar to present the findings to the stakeholders and policy makers for discussion and comment.
- Produce final document on Guidelines for Climate Risk Resilient Coastal Protection in the Maldives

V. TARGETED STUDIES, ASSESSMENTS, LAWS AND REGULATIONS

- List of reports for review should include but not be limited to:
 - a. Survey of Climate Change Adaptation Measures in the Maldives by Dr. Ahmed Shaig
 - b. The Detailed Risk Assessment in the Maldives (DIRAM) reports
 - c. Coastal Monitoring, Reef Island Shoreline Dynamics and Management Implications by Dr. Paul Kench in view of adopting 'soft' coastal protection and development measures.
 - d. Cost Benefit Study of Disaster Risk Mitigation Measures in Three Islands in the Maldives
 - e. Environmental Impact Assessment Regulation
 - f. Environmental Protection and Preservation Act of Maldives
 - g. Maldives National Building Code (Bill)
 - h. Land Use Planning and Building Act (Bill)
 - i. Maldives Land Law

VI. RECOMMENDATIONS AND OUTPUTS

- A summary of findings and recommendations on the issues, identifying weaknesses and malpractices.
- An analysis of social and economic costs and benefits associated with old and new coastal development and protection practices.
- amendments to the Land Use Planning Regulation on the environmental protection zone
- Guidance and proposed amendments to land use planning and EIA regulation, EIA process and EPA.
- Standards for best practices in coastal development.
- Develop comprehensive guidelines on climate risk resilient coastal protection for high, medium and low impact coastal developments. This should include but not limited to the following:
 - i) Infrastructure developments
 - ii) Land reclamation
 - iii) Beach replenishment
 - iv) Harbour development (dredging, quay wall and breakwater development)
 - v) Coastal protection (erosion prevention measures)

Ministry of Housing and Environment

Date: 10 February 2011

No: (IUL)138-KS1/1/2011/17

Invitation for Interested Consultant: Formulation of Guidelines for Climate Risk Resilient Coastal Protection in the Maldives

The Ministry of Housing and Environment is seeking a consulting team with international and local knowledge and experience to formulate guidelines for climate risk resilient coastal protection in the Maldives under the project *Integrating Climate Change Risks into Resilient Island Planning in the Maldives (ICRRIP)*. Technical and financial proposals to provide the consultancy services as per the terms of reference below are to be submitted with a results-oriented curriculum vitae and contact details of three referees and relevant qualifications in sealed envelopes to the following address before 1100 hrs Thursday, 17 March 2011. Documents submitted electronically to the email addresses below prior to the deadline will be accepted.

Integration of Climate Change Risks into Resilient Island Planning in the Maldives Project

Ministry of Housing and Environment,
Ameene Magu, Maafannu, Male' Republic of Maldives

Tel: +(960) 300 4 127 or +(960) 300 4 300

Fax: +(960) 300 4 301

Email: secretariat@mhe.gov.mv

cc: najfa.razee@mhe.gov.mv

Website: <http://www.mhe.gov.mv>

TERMS OF REFERENCE: Consultancy for formulation of Guidelines for Climate Risk Resilient Coastal Protection in the Maldives

I. INTRODUCTION AND BACKGROUND

The Ministry of Housing and Environment in collaboration with UNDP is implementing the first climate adaptation project, Integrating Climate Change Risks into Resilient Island Planning in the Maldives (ICRRIP) under the National Adaptation Programme of Action. The project is funded by the Least Development Country Fund and UNDP, and is co-financed by the Government of Maldives. The overall goal of the project is to increase the resilience of the Maldives in the face of climate change and improve the country's capacity to respond effectively to climate related hazards. In addition, the project aims to ensure that climate change risks are integrated into resilient island planning and that national, provincial, atoll and island authorities, and communities are able to prioritize and implement climate change adaptation measures.

Currently there are no written guidelines on how to build climate change resilience into erosion control, land reclamation or harbour development. Environmental Impact Assessment (EIA) requirements are generic. Various studies such as Detail Island Risk Assessment in the Maldives (DIRAM) make recommendations on good and bad practices.

The consultant will work closely with the Environment Protection Agency (EPA) and other relevant agencies to address gaps in technical knowledge and know-how on how best to plan and develop harbours, conduct land reclamation, other major developments and manage coastal erosion in a changing climate without increasing vulnerability. Current coastal zone management practices will be reviewed to assess their implications for strengthening or reducing climate resilience. Comprehensive technical guidelines on climate change resilient coastal protection, with separate chapters on climate change resilient harbour development, land reclamation and coastal erosion control will be produced and finalized through stakeholder consultations with relevant national, atoll and island authorities and sector specialists. The Project will build on studies undertaken on erosion by EPA, the ICRRIP project and the Maldives Environment Management Project (MEMP).

II. OBJECTIVE

The objective of this consultancy is to formulate a guidelines document for climate risk resilient coastal protection planning in the Maldives. These guidelines should be formulated through participatory approach and recommend amendments to the Land Use Planning and Environmental Impact Assessment (EIA) regulations and Environment Protection and Preservation Act (EPPA) of Maldives, National Building Code and Maldives National Building Act and Maldives Land Act as necessary to better address climate change adaptation and provide pragmatic evidence based advocacy for high level political endorsement for the coastal protection guidelines document.

III. SCOPE OF WORK

- Source, define and obtain agreement for the development targets to be achieved with respect to climate change resilience and risk mitigation and the climate change risk scenarios to be considered in the guidelines document.
- Assess past and current development practices and coastal protection measures that have had negative impacts such as the reduced natural resilience of the islands and increased vulnerability of the islands to climate change risks
- Review the existing coastal development planning process, engineering designs and, construction implementation and monitoring processes and practices for high, medium and low impact coastal developments from a climate risk planning perspective. These include land reclamation, harbour development, erosion prevention and other coastal protection measures.
- Review the existing EIA process and other policy and legal frameworks for coastal development planning and implementation.
- Formulate objectively verifiable, quantitative standards for coastal land use with respect to coastal development including safe setbacks, land reclamation, infrastructure etc. For example setting a minimum elevation with respect to the high wave energy zone.
- Provide an objective quantitative performance monitoring and evaluation framework for monitoring delivery of the proposed standards.
- Carry out stakeholder consultations to gather information and views.

Upper North Utilities Limited

Ref No: UNUL-PRA-PB-2011-006

Date: 21st February 2011

Invitation for Bids

Upper North Utilities Limited (UNUL) invites interested and eligible parties to send in their sealed bids for the following. Please note that due to low response, the previous tender (UNUL-PRA-PB-2011-005) has been cancelled.

- 1) Brand New Diesel Generating set with**
- 2) Commissioning items**
- 3) Accessories**
- 4) Workshop items**

Engine Model	Alternator Model	Output	Qty	Type
KTA-50 G3	Stamford or Equivalent P1734A	400V/231V, 3phase, 50Hz, 0.8pf, 1500rpm	1	Open

Quotation should indicate:

Price – Door Step Delivery (to Hd.Kulhudufushi)

Unit Price and total price of the quotation

Currency – Maldivian Rufiyaa

Delivery Period – in days

Technical specification(s): *All the relevant information should be completed to enable technical evaluation of the items(s) quoted.*

Quotation Validity: *Shall be minimum 60 days from the date of quotation opening.*

Company Details: *shall submit company profile, registration copy and contact details.*

IMPORTANT NOTE: - *It is in UNUL's discretions to reject/cancel any quotation which does not fulfill or comply with the above terms, at anytime during the quotation evaluation process.*

Proposals will only be accepted from the parties who have attended to the pre-bid meeting.

Evaluation Criteria:

All quotations shall be evaluated on the following basis and point(s) shall be given as follows

- Price = 50pts
- Delivery Period = 30pts
- Experience = 10pts
- Credit Facility = 10pts

Event.	Date	Time
Pre-bid meeting	24th February 2011	14:00 pm
Submission and Opening	02nd March 2011	14:00 pm

The Quotations shall be submitted in a sealed envelope and addressed to:

**MINISTRY OF FISHERIES, AGRICULTURE AND
MARINE RESOURCES
MALE', REPUBLIC OF MALDIVES**

Reference: IUL(30-G1/2011/05)

**JOB OPPORTUNITY TO WORK FOR
A PROJECT FUNDED BY AN INTERNATIONAL
ORGANIZATION**

We are looking for an ambitious and dedicated person to take on the role of the Business Implementation Officer for "Fisheries and Agricultural Diversification Programme (FADIP) funded by the International Fund for Agricultural Development (IFAD). The FADIP focuses on is to develop smallholder agriculture value chains and Maldivian fish processing value chains, using a market-driven commercialization and diversification strategy in a manner that would improve and sustain the incomes of the two primary target groups.

POST:

Business Implementation Officer (2 positions)

DURATION OF THE ASSIGNMENT:

One Year (Renewable for another year depending on performance)

RESPONSIBILITIES:

The BIOs, under the direct supervision of the PIU Programme Manager will work closely with the government, the PIU and with other relevant donors as per Terms of Reference below:-

- Assist with the creation of Value Chain Cooperative Societies (VCCOs)
- Preparation of VCCOs business plans
- Provision of advice, information and support to VCCOs in business planning and financial management e.g. book-keeping, savings mechanisms, cash flow planning, etc
- Coordination of activities with an Asian Development Bank project which is supporting the creation of Business Development Service Centres, and with other donor projects as they may emerge
- Support to VCCOs in accessing and maintaining markets, through the signing of forward supply contracts
- Support to VCCOs in accessing finance and equipment (through the Programme and through Bank of Maldives and the Maldives Finance Leasing Company)
- Support the activities of island facilitators

- Assist the VCCOs with reporting to the PIU on their business activities
- Work closely with a marketing and business sector expert to be recruited by the Programme (who will work more closely with the market end of the supply chain, while the BIOs will focus more strongly on the production end of the supply chain)
- Other tasks requested by the Government and the PIU Programme Manager to implement FADiP
- Assist with data collection necessary for monitoring and evaluation
- Work as part of the PIU team
- A university level degree or diploma in business, accounting or related discipline
- Strong computer literacy in word and excel
- Fluency (written and spoken) in English and Dhivehi
- Previous experience of working with small-scale businesses, preferably in primary sectors
- Previous work experience in the Maldives preferably a donor establishment
- At least 5 years of work experience

REMUNERATION:

Depending on experience and qualification

DUTY STATION:

Based in Male' (but are expected to spend considerable periods of time in the field)

Interested applicants should send application with a detailed CV, Police report & Copies of certificates to the following address.

Subject: Application for Business Implementation Officer, IFAD project

IFAD-Project Implementation Unit,
