**Human Rights Commission of the Maldives**  
**Terms of Reference –Local Consultant for**  
**Rapid Assessment of Human Trafficking Situation in the Maldives**

Project Title: Rapid Assessment of Human Trafficking Situation in the Maldives  
Expected Start Date: 24th April 2011  
Implementing Agency: Human Rights Commission of the Maldives (HRCM)  
Duration: 4 Months

**Background:**

Trafficking in persons is a global concern and it has become evident that the Maldives is also experiencing human trafficking in several forms, raising concerns as an emerging menace.

Speculations are that in many cases, migrant workers travelling into the country undergo fraudulent recruitment practices and are exploited by being forced to work against their desires and in situations which do not fully comply with domestic and international labour standards. Evidence to support these claims was established in the Rapid Assessment of the Employment Situation in the Maldives conducted in 2009 by the Human Rights Commission of the Maldives.

The Maldives was also identified as a primary destination country for migrant workers trafficked into forced labour and, to a lesser degree, for women trafficked for the purpose of commercial sexual exploitation (Trafficking in Persons Report, 2009). It is common practice in the Maldives to move children and women from one island to another for educational, employment and medical purposes. In this process women and children often run into the risk of becoming victims of various forms of exploitation in their new homes and environments such as sexual and physical abuse, domestic violence and subject to child labour etc.

No formal domestic research or study has been conducted specifically on this subject and neither domestic legislature has been formulated to address the issue of human trafficking in the Maldives. The issue of human trafficking remains undefined and under acknowledged within the country. Hence, there is a need to determine the nature and extent of human trafficking in the country. Subsequently, the Human Rights Commission of the Maldives intends to conduct a Rapid Assessment of Human Trafficking in the Maldives.

**Objectives and Scope**

The objectives of this rapid assessment are to analyse the magnitude, the multi-dimensional nature and the causes of human trafficking in the Maldives and to conceive the policies, programmes and measures that could be implemented domestically to address human trafficking in compliance with domestic and international human rights standards. This includes analysing:

- The phenomena of human trafficking, its trends and ramifications (information about the dominant modes of trafficking, the key feature of modus operandi, profile of victims, mapping of sources areas from where victims are brought or destinations and places of exploitation where victims are taken to including types of offenders involved);
- Causes of internal and external human trafficking in the Maldives, including human rights violations in situations of human trafficking
- Existing legal and policy framework to address trafficking in Maldives;
- Services available for victims of human trafficking in Maldives;
- Programs to address human trafficking in the Maldives (including challenges for the Department of Gender and Family Protection Services, law enforcement agencies, such as the criminal justice system , non-governmental organizations and other service providers)

**INVITATION FOR EOI FOR THE DEVELOPMENT VALUE CHAIN COMPANIES**

**INVITATION FOR THE EXPRESSION OF INTEREST (EOI) FOR THE DEVELOPMENT  
OF VALUE CHAIN COMPANIES FOR THE PRODUCTION AND MARKETING  
OF HIGH VALUE AGRICULTURAL AND FISHERIES COMMODITIES  
INVOLVING PRIVATE SECTOR PARTNERS AND SMALL PRODUCERS**

**Description of Requirement**

The Government of Maldives has obtained a loan from the International Fund for Agricultural Development to help finance the Fisheries and Agricultural Diversification Programme. The Programme strategy is to ensure access for poor and low income producers, and women, to high value quality niche food markets where premium prices can be earned. To achieve this, the Programme would establish value chain companies jointly with private sector partners. The companies would ensure producers receive proper information, are trained in applying high quality standards in production and processing, have access to the required loan resources for working capital and processing equipment and fulfil orders properly and in a timely manner. Each company would enter into long-term commercial agreements with customers in high-end quality markets, either domestically (e.g. resorts, supermarkets) or for exports. The value chain companies would develop and own specific brands, which would meet quality and food safety standards compatible with high end market positioning.

**Expression of Interest**

In this connection the Government of the Maldives is requesting written 'Expressions of Interest' (EOI) from eligible private sector companies with relevant experience, know-how and access to high value markets and the required operational and financial capacity to collaborate with the Programme on the basis of a Memorandum of Understanding and an equity investment in the value chain company.

**The EOI shall consist of the following:**

- a) A brief profile of the applicant, including (if applicable) current experience in the management of similar production and direct purchase activities by the applicant;
- b) A brief concept paper on the selected high value commodity or commodities, of interest to the partner; the scope of the value chain to be developed, the main outline of a possible business strategy with an indication of the target markets and the proposed marketing modalities; the possible location of the production base and the scope of small producers involvement.

**Important Notice**

The EOI does not constitute a solicitation. The Government of Maldives reserves the right to change or cancel the requirements at any time during the EOI and/or solicitation process. Thus by submitting a reply to an EOI does not automatically guarantee that the firm will be considered for receipt of the solicitation when issued.

Any queries and clarification that the potential firms may have, and GoM considers necessary for the EOI, may be directed to the correspondence address given below.

**Additional information**

Queries can be addressed to the Programme Implementation Unit, Ministry of Fisheries, Agriculture and Marine Resources. A Programme Summary and a draft Memorandum of Understanding are available on request.

**The EOI's must be submitted in writing to:**
