INVITATION FOR THE EXPRESSION OF INTEREST (EOI) FOR THE DEVELOPMENT OF VALUE CHAIN COMPANIES AND VALUE CHAIN COOPERATIVES FOR THE PRODUCTION AND MARKETING OF AGRICULTURAL PRODUCE INVOLVING LOCAL PRODUCERS AND PRIVATE SECTOR PARTNERS.

Description of Requirement

The Government of Maldives has obtained a loan from the International Fund for Agricultural Development to help finance the Fisheries and Agricultural Diversification Programme (FADIP). The Programme strategy is to ensure access for low-income local producers, and women, to high value quality niche food markets where premium prices can be earned. To achieve this, the Programme would establish value chain companies and value chain cooperatives in which the local producers would be members. It is planned that these cooperatives and companies could link with private sector partners to achieve improved access to markets. The companies / cooperatives would ensure small producers receive proper information, are trained in applying high quality standards in production and processing, have access to the required loan resources for working capital and processing equipment, and fulfil orders properly and in a timely manner. Each company / cooperative would enter into long-term commercial agreements with customers in high-end quality markets, either domestically (e.g. resorts, supermarkets) or for exports. The value chain companies and cooperatives would develop and own specific brands, which would meet quality and food safety standards compatible with high end market positioning.

Expression of Interest

In this connection the Government of the Maldives is requesting written 'Expressions of Interest' (EOI) from local producers and private sector partners for developing the production and marketing of agricultural produce through value chain companies and cooperatives. The agricultural produce would be of a uniformly high quality in line with recommended standards as prescribed by the Ministry of Fisheries and Agriculture, and should be aimed at domestic, regional and international markets.

Local producers who have an interest in collectivising their production and marketing efforts through either a value chain cooperative or company should register their interest by applying under this Expression of Interest. Similarly, private sector partners with relevant experience, technical knowledge, access to high value markets and with the required operational and financial capacity to collaborate with the FADIP Programme should also apply.

The EOI shall consist of the following:

- a) A brief profile of the applicant, including (if applicable) current experience in the production and marketing of agricultural products.
- b) A brief concept paper on how the applicant intends to develop the supply of agricultural products. This should include an outline of the business strategy with an indication of the target markets and the proposed marketing modalities; the possible location of the production base and the scope of the applicants involvement (technical and financial).

Important Notice

The EOI does not constitute a solicitation. The Government of Maldives reserves the right to change or cancel the requirements at any time during the EOI and/or solicitation process. Thus by submitting a reply to an EOI does not automatically guarantee that the firm will be considered for receipt of the solicitation when issued.
