**Invitation for Interested Consultants**

**Local Project Co-ordinator**

There are a number of agreed components remaining to the restructured environmental component of the EU grant to the Maldives under the Tsunami Recovery and Reconstruction Project (TRRP). These activities must be completed by 31 January 2010.

The main objective is to lead the local co-ordination of the remaining activities under the restructured environmental component of the EU grant to the Maldives under the TRRP, working closely with the International Project Advisor and relevant representatives of the Ministry of Housing, Transport and the Environment (MHTE).

The Ministry of Housing, Transport and Environment now invites interested eligible Maldivian individual consultants to submit their CVs (in English) for this assignment.

A consultant will be selected in accordance with the method for selection of individual consultants under the procedures set out in the World Bank's Guidelines: Selection and Employment of Consultants by World Bank Borrowers (May 2004, revised October 2006). The consultant that is best qualified and fully capable of carrying out the assignment will be selected, taking into account academic background, experience, and knowledge of the local conditions.

**Hazardous Waste Management Plan**

Waste management is generally inadequate throughout much of the Maldives, although there is planning being undertaken to improve the management of municipal waste. However, there has been minimal planning related to hazardous waste. The objective of the assignment is to develop a hazardous waste management plan for the Maldives.

The Ministry of Housing, Transport and Environment now invites interested eligible **Maldivian individual consultants** to submit their CVs (in English) for this assignment.

A consultant will be selected in accordance with the method for selection of individual consultants under the procedures set out in the World Bank's *Guidelines: Selection and Employment of Consultants by World Bank Borrowers (May 2004, revised October 2006)*. The consultant that is best qualified and fully capable of carrying out the assignment will be selected, taking into account academic background, experience, and knowledge of the local conditions.

**Planning the Improved Management of Waste from  
Tourist Resorts**

Improvement in waste management from tourist islands is a priority for The Maldives. Most of the waste generated from tourist resorts is illegally dumped into the sea, which is likely to be causing significant environmental impact and presents risks to the tourist industry itself. There are increasing reports and complaints of tourism waste washing onto the beaches of community islands. The objectives of this contract are:

- To carry out a survey of waste management practices of selected tourist islands in South and North Ari Atolls.
- To develop waste management plans for 3 selected islands.
- To develop a national plan for monitoring waste movements from tourist islands.

The Ministry of Housing, Transport and Environment now invites interested eligible Maldivian individual consultants to submit their CVs (in English) for this assignment.

A consultant will be selected in accordance with the method for selection of individual consultants under the procedures set out in the World Bank's *Guidelines: Selection and Employment of Consultants by World Bank Borrowers (May 2004, revised October 2006)*.
